POLICE TO ENFORCE HEADLIGHT RULES

Newman Says Dimmers Do Not Comply With Law.

Commissioner Newman, of the Public Safety Department, instructed the superintendent of police to institute enforcement of the automobile headlight ordinance. The police are instructed to proceed against motorists who seek to get round the ordinance by using dimmer lights and special devices that produce an effect opposite to that which the law intends.

"No motor vehicle shall be considered as complying with the headlight ordinance unless it carries a light 150 feet ahead of the car, and the main beam shall not rise higher than 42 inches on a level road 75 feet ahead of the car," the commissioner stated in his instructions.

Mr. Newman's many appeals to automobile owners to comply with the ordinance have not produced satisfactory results, he stated.

"I have found that many cities follow the policy of administering a jail sentence of 48 hours or so for persistent violations," he said. "I am averse to any measure so harsh, unless more reasonable means fail. The rapid increase in the number of motor cars in the streets of New Orleans makes it imperative that motor headlights be powerful enough to meet safety requirements, yet not so strong as to be blinding."

ASKS \$100,000 FOR NAVY WHARF HERE

Senator Broussard will offer an amendment to the naval appropriations bill providing for the expenditure of \$100,000 for an extension of the wharf at the New Orleans navy yard 1,600 feet. This extension has been recommended by the commandant at the yard and by the navy department.

Chairman Tillman of the naval affairs committee has been acquainted with the recommendations and will probably ask that the Broussard amendment be accepted by the Senate.

The present navy wharf at New Orleans is 1,550 feet long and it is desired to construct 1,600 feet of additional wharfage.

PROMINENT CITIZEN RECEIVES SIGNAL HONOR FOR SUBSTANTIAL SERVICE.

Hon. Frank E. Henning has been retired with distinct honors by the Southern Pacific after thirty-seven years of meritorious service for that great company. Mr. Henning is a man of marvelous energy and always active in any good work or duty at hand. He has long been and is to-day a potent factor in public spirited movements and is indissolubly identified with the best forces that further the cultivation and vitalize the intellectual and industrial life of Algiers, his home for a long period of years.

He was born in the crescent city in 1844 and received a liberal education, later in his youth beginning his working career as a clerk in the Phoenix Iron Works at Gretna.

When the Civil War began Mr. Henning enlisted and served faithfully through the four years, following the Stars and Bars of his own Southland under Generals Bragg and Taylor. He is a useful member of the Masonic order, the Knights of Pythias, the Woodmen of the World, and the A. O. U. W. While a resident of Gretna, Mr. Henning was honored in matters of municipal and educational trust because of his true worth as a thinker, his business acumen and probity of character, and best of all due largely to his lovable nature, noble personality and liberal heart.

In April, 1879, he entered the service of the S. P., and has for some years past been head pattern maker and chief draughtsman in the local pattern plant. Mr. Henning resides with his family on Pelican avenue.

NEW FOOT VIADUCT.

The material for the Southern Pacific New Foot Viaduct over their tracks and property at Eliza street is arriving. The viaduct will be a big convenience for the many workmen of both the company and those employed at the Naval Station. Foundations are being laid for the structure and it will be completed in about sixty to ninety days.

UNCLAIMED LETTERS

Remaining at Station A, New Orleans Postoffice, week ending Thursday, July 6, 1916:

Gentlemen—Henry Andrews, Jim Lee, Henry Moore, O. Murphy, John Shanen, Henry Williams.

Ladies—Mrs. Emma Lee, Effie Madison, Miss Julia Thoman, Mrs. Otella Thomson, Mrs. E. E. Vesson. CHARLES JANVIER, Postmaster. JOS. W. DANIELS, Supt. Sta. A.

NEW INCINERATION PLANT.

Mr. Verneuil Will Have Charge of New Plant—This New Industry Will Also Employ Firemen and Other Employees.

The construction of the incineration plant for the city is progressing steadily under the immediate supervision of Mr. L. C. LeCorgne.

Mr. O. V. Verneuil is to be in active charge of the plant, which is to be completed about October 1 at a cost of approximately \$32,000. This garbage disposal plant will be thoroughly fireproof, and modern to the minutest detail, being absolutely odorless, and with dimensions 29 1-2 by 51 feet, with a height of 37 feet. It will have a radial smokestack, 125 feet high. The capacity will be 12 tons in 8 hours.

Mr. J. J. Swiler is sub-contractor for all the reinforced concrete work. Mr. W. A. Ditzell is contractor for all the electrical work, and Mr. J. O. Chisolm is general contractor. Mr. J. C. Woodman, of Minneapolis, will supervise the installation of the incinerating machinery and will remain in the city until Oct. 1.

Mr. O. V. Verneuil, who is now at the plant watching its construction as an inspector, will no doubt have charge of the new place. There will also be other positions to fill such as firemen, helpers, etc. No doubt all of the places will be by appointment from our local men.

H. D. EMERSON PUT IN CHARGE OF AFFAIRS OF NEW ORLEANS & WESTERN.

As a sequence of a similar suit filed by himself last week in the same court, and against the Algiers Railway and Lighting Company, Charles A. Barnard, who says he holds an unpaid \$50,000 mortgage note against the New Orleans and Western Railway Company, a line that is being operated in conjunction with the Algiers Railway and Lighting Company's road in Gretna, filed in the Federal District Court Saturday a bill of complaint setting forth his claim, and asking the appointment of a receiver.

At the same time, the libelled road filed its answer, admitting all the allegations of the bill, and joining the libellant in his request that a receiver be appointed. Harrison D. Emerson, who already had been selected as receiver for the Algiers Railway and Lighting Company, was appointed by Judge Foster to serve in the same capacity concerning the last libeled road.

The bill sets forth that January 1, 1915, the directors of the New Orleans and Western railway executed a mortgage note in the sum of \$50,000, bearing eight per cent interest, and that January 13, following, the board executed an act of mortgage, securing the note with all the road's property, real, personal and mixed, its rights, franchises, privileges, rights of way, contracts, emoluments, revenues, stocks and bonds and other securities then owned or thereafter acquired by said company. This mortgage note, asserts libellant, matured January 1, 1916, and has not been paid. Consequently, he filed his petition for a receiver, which was supported by the libelled company.

The Algiers Railway and Lighting Company operates its line to a point in Coperudis avenue, Gretna, where the line of the New Orleans and Western Railway Company connects with it, operating in conjunction. Each honors the transfers of the other, and the business is transacted as though the New Orleans and Western Company was a subsidiary road to the Algiers Railway and Lighting Company.

AT THE NAVAL STATION.

The dredge Galveston, which has been at the station for a few days, left Saturday for Galveston, where she will resume her duties. When the naval dry dock becomes available she will return to dock and undergo repairs.

The lighthouse tender Sunflower is in the dry dock undergoing extensive repairs. This work is being done by the station force, the contract being awarded on competitive bids.

The Gouldsboro Texas and Pacific transfer boat is in dock for repair work by the Alex Dussel Company. The Gouldsboro is familiar to old navy men as she was built upon the hull of the old monitor Chickasaw.

Repairs to the U. S. S. Nashville are nearing completion and she will probably leave next week for Southern waters. The Machias will be the next navy vessel to overhaul at the Naval Station.

Captain and Mrs. Lunden have engaged rooms at 315 Bermuda street. The captain is in command of the U. S. L. V. Sunflower, now in dock at the Naval Station.

Carpenter Frank Welch, U. S. N., is on leave for a trip to California. On his return Mr. Welch will bring his bride to reside over the beautiful house at the Naval Station.

Our July Linen Sale!

Linen of Quality from the best looms of the world have been gathered for this annual July Sale, which offers an excellent opportunity for purchasing every kind of useful and decorative household Linens.

Holmes' prestige as a Store for Linens has been maintained for three generations; and the extreme efforts of our established buying power have been exerted to secure Linens of Quality to be sold at unusually low prices. Our purchases were contracted for months ago, before the increase in prices that have since resulted from the scarcity of raw materials.

Probably no store in America owns its Linens to better advantage than we do.

SOLDIERS GO THROUGH ALGIERS.

Thursday evening the Southern Pacific Co. moved three train loads of soldiers, being militiamen from the State of Illinois, to the Mexican front, and it is expected during the week that there will be more than a hundred trains leaving this side of the river for the border. It will be remembered that during the Spanish American war, quite a number of troops went through New Orleans and it was an interesting sight to see our citizens go down to the wharf and watch the boys off for the front. In an interview with Mr. John Nolan, master mechanic of the Southern Pacific Co., he stated that he would not give out any information regarding the future movement of the troops as there is a strict censorship regarding transportation of soldiers.

CHILD DROWNED IN TUB.

Little two-year old Raymond Loria was accidentally drowned on Saturday afternoon last. The little one was playing near his mother, Mrs. Raymond Loria. It seems that the child was playing with some small toy and in leaning over the tub lost balance. The tragedy was not discovered for a few minutes, but when his mother lifted a piece of the tub from the tub discovered the child in the water. Dr. J. E. Pollock called and worked for a considerable length of time trying to resuscitate the child. But as a pulper was not stationed in Algiers the little life had to be given up. The funeral was held Sunday from the family home, 605 Elmira avenue, and the interment was in St. Barnabew Cemetery.

HUSBAND AND WIFE SUFFER MISFORTUNE.

Mr. Noah W. Arthur, of 216 Vallette street, while engaged in his duties as boilermaker, with the New Orleans Terminal Railroad, sustained a serious injury a few days ago, resulting in the complete loss of his left eye. The eyeball was penetrated entirely by a piece of pointed steel or a chip from the sheet of metal flying off while Mr. Arthur was cutting holes in the boiler sheet.

The injured man was rushed to the Touro hospital, and is now rapidly recovering from the results of the operation. Mrs. Arthur, his wife, underwent a serious operation on the same day.

They are with each other convalescing at the residence of relatives, at 814 Eliza street. Mr. Arthur was in the employ of the Texas and Pacific company for a number of years preceding his work for three years past in the service of the N. O. Terminal R. R. shops. He is a member of the International Brotherhood of Boilermakers and also a Woodmen of the World.

CHARGED WITH VIOLATING LOTTERY LAW.

Jules Gray, a negro, was arrested by Sergeant Dunn and Patrolman Hyde, Thursday at 12:30 o'clock, at his home, 1018 Vallette street, and charged with violating the state and city laws relative to operating a lottery shop. Tickets, lists and money, alleged to have been used by Gray in the operation of the establishment are held as evidence.

MEN ARRESTED.

Corporal Meyers and Patrolman Van Haelen arrested four white men, John Cooper, Frank Daly, Claude Olsen and Robert Campbell and a Japanese, S. Nuzopami, Friday night, in a room adjoining the saloon of Felix LeBlanc, corner of Patterson street and Webster avenue, and charged them with gambling with dice. LeBlanc was charged with violating the Gay-Shattuck law relative to allowing gambling in a saloon and with operating a slot machine, a gum slot machine having been found in the place.
