# The M. B. Lumber Yard

Every householder will appreciate the convenience of this new departure in department store service. We have organized a Lumber Department in which are stocked short lengths of lumber for household purposes. The next time you want to put up a shelf, or make a flower box, a table or a book case, or any of the thousand and one household articles that can conveniently be made at home, just phone us, and we will deliver lumber of the right length for your purpose. No more trips to the sawmill are necessary, you can find the lumber right on our third floor for all home purposes and all the tools you need are right beside it. The prices are too small to talk about.

## ARRESTS NEAR IN THEFT OF \$13,600

Following several important clues Monday morning, the police expect soon to make arrests in connection with the theft of \$13,600 from a safe in the residence of Frank Daly, aged 54, of 231 Atlantic avenue, some time during Saturday night or early Sunday morning.

Daly, retired from active business life, inherited the money on the death of his mother some time ago, and according to his own admission, had the money in an old iron safe in a room adjoining his bedroom where he lived alone, and that the safe door was never locked because he did not know the combination. The thief therefore found no difficulty in getting the money once he had forced an entrance.

What the police are puzzled over, however, is the fact that in gaining an entrance, the burglar was compelled to force open two doors. That Daly was not aroused from his slumbers is considered remarkable, since in forcing the two doors, the robber had to throw his weight against each with sufficient force to bend the bolts.

Daly insists, however, that the money was in the safe when he retired Saturday night at 10 o'clock, and that it was gone when he looked for it Sunday morning.

Daly said the money was in denominations of \$10 and \$20 bills.

### RINGS DOZEN FARES TO 'SAVE CAR MAN TROUBLE'

According to Sidney Boyer, street car conductor, he was bumping merrily along on the rear platform of his car Sunday night when trouble in the shape of Jack Smith, negro, bounded on to the car platform beside him.

The negro, Conductor Boyer says, did not offer to pay a nickel. Instead, the black man grabbed the register cord and rang up half a dozen fares.

"I'm doin' this to save you trouble," the negro is quoted as explaining to the conductor.

Then, he gave the motorman one bell and when the car stopped he bowed himself away into the darkness.

The police are looking for the black man, who is said to live some place in Jefferson parish.

### SAVES WOMAN FROM RIVER.

Apparently tired of life, Sophia Amann, 27 years old, Bogalusa, La., attempted to jump into the river Sunday afternoon at the head of Third street, but was prevented by James Keenan, a policeman of the Dock Board. Keenan says the woman acted strange and as he approached her she ran toward the river's edge, he seizing her as she was about to plunge into the water. Corporal Yeager, of the Eleventh precinct, was notified. He took the woman to the police station, where she said she had just arrived from Bogalusa and that she came to this city to visit her brother, who resides in Algiers.

She refused to tell why she wanted to end her life. The brother, Nicholas Amann, was located at his residence, 1013 Pelican avenue. He took charge of his sister and took her to his home.

### GEORGE LECOURT IMPROVING.

On last Thursday morning Mr. George Lecourt was taken to the Touro Infirmary where he was operated on for appendicitis. The operation was quite successful and Mr. Lecourt is doing nicely at the institution where he will be pleased to see his friends.

### HAND BILLS MUST GO.

Mayor Martin Behrman is going to make a stand against the throwing of advertising hand bills about the city. On account of numerous complaints reaching the Mayor's office regarding this nuisance the ordinance covering this matter will be strictly enforced. Not only will it be enforced in the city but Algiers will also have restrictions placed on the throwing of these bills. Special instructions have been issued to Chief Clerk M. J. Rooney to issue no more permits for the distribution of these bills.

### NEW BUNGALOWS.

A new bungalow is being erected in the Park Boulevard by the Algiers Development Company for Mr. Ferdinand Albrecht. The bungalow will cost about eighteen hundred dollars and will be very neat and attractive. Five other bungalows are also now almost completed on Nunez street just one square from the Park Boulevard. These buildings will also be rented to white tenants and will greatly improve that section of the town.

## HERALD ATHLETIC MEET

In our next issue The Herald will announce many important details in connection with The Herald Athletic meet, which will take place on Thanksgiving afternoon. Some of our citizens have already expressed a desire to donate medals to encourage the athletic sport among our young people and in order that they may know what medals are to be awarded we publish herewith a list of the different events for which medals are desired.

All those desiring to contribute a medal in one of these races, The Herald will be glad to acknowledge and give credit for such donations.

There will be eight events and the following medals will be awarded. In the Herald marathon three-mile race there will be three medals. A gold, which will be awarded by the Herald and a silver and bronze medal. Three medals also gold, silver and bronze for the running high jump and there will also be awarded in the following races three medals for each of the races. Namely, a gold medal for first place, a silver medal for second place and a bronze medal for third place. In the eight hundred eighty yard dash, two hundred twenty yard dash, one hundred yard dash and two medals each in the Boys and Girls races. A silver and bronze for the boys' fifty yard dash, the boys' sixty yard dash and the girls' fifty yard dash.

Those desiring to give medals will send in their names to The Herald no later than next Tuesday morning.

## NAVAL STATION NOTES

Civil Engineer Carroll Paul has left the Station to report for duty at the Boston Yard. Civil Engineer David G. Copeland has reported for duty as Public Works Officer.

Yard work on the Galveston, Light Vessel No. 81 and Light Vessel No. 43 is practically finished and the vessels will leave in a few days for their respective stations.

The Lighthouse Tender Magnolia has arrived at the Station for minor repairs. The amount of work on this vessel is small and she will be completed by the end of the coming week.

The Army Dredge Benyaurd will reach the Station during the first part of November to lay up for a complete overhaul. It is estimated that the work on this vessel will amount to \$10,000.

The resignation of L. C. Ripley, Draftsman in Charge, has been accepted. Mr. Ripley has left the Station to enter the employ of the Cramp Shipbuilding Company.

D. T. O'Neill has reported for duty as stenographer in the Industrial Department, vice W. H. C. Carey, resigned.

### COLUMBUS DAY OBSERVED.

Columbus Day will be fittingly observed by the members of Santa Maria Council, Knights of Columbus, tonight, at their attractive home in Olivier street, corner of Alix, where a reception will be held for the members and their immediate families only. Dancing will be an enjoyable feature, music to be furnished by a fine orchestra. Nothing will be left undone to make the occasion a most delightful one by the committee in charge, composed of the following: J. Herbert, chairman; Frank C. Duffy, ex-officio; V. W. Olivier, Aubrey Gannie, James P. Selph, James Gallagher.

## LAWTON TO WRITE BRIEF

Mr. Peter S. Lawton has been engaged by the Naval Base Committee of the Board of Trade to write the brief regarding our U. S. Naval Station and its facilities to be presented to the commission which is shortly to visit Algiers for the purpose of investigating our naval yard and to ascertain its fitness for doing larger work and also to equip the yard in accordance with the recent act of Congress which appropriated six million dollars divided among the three naval stations, namely, New York, Charleston and New Orleans.

Efforts will be made by the Naval Base Committee to have at least two million dollars set aside for the further improvement of our local station.

The building programme at the Naval Station has already begun. The station has been authorized to begin at once the construction of a vessel for the Immigration Station, to cost about twenty-five thousand dollars. Actual work on this boat is already under way and in a short time there will be added activity in the yard.

The selection of Mr. Lawton to write this brief no doubt meets with the approval of all those who are interested in the yard. Mr. Lawton knows about the Naval Station and its condition better than any other single person in New Orleans and he is well fitted to do this work. He has paid particular attention to its development and can tell our Congressmen a little about the affairs of the station.

### KNIGHTS OF COLUMBUS INITIATION.

The initiation of more than fifty candidates for membership in that order formed the basis of a gala day for the Knights of Columbus here Sunday.

At 9 o'clock the ceremonies began with a mass in St. Patrick's Church. The procession which went from the Knights of Columbus Hall, in Carondelet street, to the church, in Camp street, was composed of the candidates, headed by the high officials of the order here and followed by about two hundred members of the order.

Following the services at the church, the knights and the candidates marched back to the hall, where the opening ceremonies of the initiation were conducted. A luncheon at noon preceded the actual work of initiation, which lasted until after 4 o'clock in the afternoon. At 8 o'clock Sunday night a smoker was enjoyed in honor of the new knights.

Those from our district to be initiated were Dr. W. M. Dugan, Chas. O. Roome, Jr., Walter T. Ryan, Jas. W. Gerretts, John A. Barrett, Jr., and N. E. Parmentel.

### SURPRISE PARTY.

Miss May Feeney was tendered a most enjoyable surprise party last Friday night, the occasion being the anniversary of her birth.

Dancing was indulged in and a jolly time was had by all present. Miss Feeney was presented with a fine gold barette by the crowd and with many other appropriate gifts. Refreshments were served during the evening.

Those present were: Misses Katie Gallingshouse, May Leatham, Victoria, Hazel and Zita Giepert, Kate Green, Halloween Thorning, Carrie Wagner, Miriam Russo, Irene Schwalb, Monica Escousse, Irene Sinclair, Sadie McEord, May, Stella, and Leona Feeney; Messrs. ## Merchandise Service

Merchandise Service embraces much more than merely bringing merchandise into our store, and then telling you in our advertisements that it is here.

Before the raw materials are wrought into the finished product, real service to you begins.

### In Our Furniture for Example

We require that the timber from which it is made shall be of the right grade, and properly seasoned; that the finished product shall be designed by real artists and put together by real craftsmen.

To this service we add—the salesmanship that tells you how the furniture is constructed, and assists in the selection of pieces or suites that harmonize best with the surroundings in which they are to be located.

Ultimate satisfaction that closes every possible avenue of regret is the assurance you have in making the purchase here.
