WAR CONDITIONS REFLECTED IN TELEPHONE SERVICE
Every telephone operator understands that she is working under conditions unprecedented in our national life, and in rendering efficient service she is doing a patriotic duty similar to that of the soldiers in the trenches.
She knows that the enormous increase in telephone traffic is due directly to the government's war activities, and that it is regarded as a matter of course that she will meet the new demands cheerfully and well.
So when the increasing business is reflected in your telephone service by a slowing down and by more frequent busy reports, remember that the operator is not entirely to blame.
We appreciate co-operation.
