AROUND THE WORLD Two out of every thousand soldiers in the American army must have their shoes made to order. American soldiers are wearing as trophies the German emperor's iron crosses taken from German prisoners. The United States will buy jewelry and precious metals of any kind in lots of \$100 or more, and will pay at the rate of \$200 an ounce for gold and \$1 an ounce for silver. A considerable influx of Mexican labor for use on farms in the Southwest has been approved by President Wilson, who has waived certain provisions of the immigration laws.

WOMEN WORKERS All the food consumed in France is raised by women workers. Waitresses in Oregon receive a minimum wage of \$11.61 per week. Women trade uniforms in Great Britain now number over 300,000. Over 400,000 women are now employed in making munitions for the British army. Female garment workers in Ottawa, Pa., have been granted a 10 per cent increase in wages. The number of women in government positions in England exceeds by far the number of females employed by any other country in the world. Women workers on the buses, trams and underground railways in London have been granted an increase of \$12 per week. Miss Elizabeth Christmas of Chicago has taken up her duties in Washington as chief of a staff of war examiners for the national war labor board. The proportion which women form of the total number of workers in English munition factories rose from 14 per cent in January, 1914, to 23 per cent in January, 1918.

SAYS THE CYNIC It is sometimes easier to pick a than it is to let go. Better be a tramp in the web than a hobo in the woodshed. Some men don't even try to read the top; they prefer company. Selfishness is the root of many undesirable specimens of prosperity. What poor, defenseless cream women would be if they could not. If a man could get credit for good intentions money would be no object. Fortunate is the man who doesn't find fault because he doesn't know where to look for it. When a woman marries a man for his pocketbook she need not hope to find his heart in it.
