VOL XXVI JANUARY 9, 1919 No. 35

Helping The Jews To Help Suffering Humanity.

In making their announcement to raise funds to help the starving millions in Europe, the Jewish people specifically state that this is the first time that they have asked the Gentiles to help them in a work of this kind. Indeed, this is a fact, and since the Jews have called attention to this, it brings out very forcefully the fact that every other organization gotten up for the raising of funds for charity or what not was always well patronized by the Jewish citizens throughout the country.

Jewish citizens of the United States are a patriotic, law-abiding, public-spirited race of people, thrifty, well-educated and as ready to help a case of charity as they are in making a dollar. They are not any more money-mad than the average American citizen, but Jews and dollars have been so closely associated as to suggest that they are all wealthy. This is a big mistake. There are Jewish orphan asylums and Jewish homes as well as there are for Gentiles, but the only reason that Jews and dollars have been associated is for the fact that they are a thrifty lot, and they will do any kind of manual labor rather than become a charge upon a community.

It goes without saying that after the drive is over it will be found that the Jews contributed the greater part of the fund. So we say to our Jewish citizens, good luck to you in this meritorious work.

THE GREATER TASK.

A few weeks ago we thought we had a supreme task on our hands—the winning of the war. To-day we have a greater one. A just peace settlement will be harder to effect than a victorious ending of the war. Never was a peace conference held in which the rank and file had so vital an interest. Generally the overlords of the nations have arranged the terms of treaties, while the ordinary citizen, who has fought the battle and will pay the bills, has been ignored.

That day has passed. The patient every-day citizen, the toiler on the farm, in mill and factory, and shop and store, who, in person, or through his sons, has paid the stupendous price of victory, has awakened to his right to say that in the interests of the great mass of men and not in the interests of the few shall peace terms be made. He has believed he was sacrificing and fighting in a war that was to end war. He has made up his mind that this sort of thing shall not happen again. The peace conference of 1919 is not to be a peace conference of Kings and Presidents. Should it prove such, should it forget the unnumbered millions who have won the great victory, and revert to the old underhanded, selfish methods whereby the elect by birth and financial power of each nation seek their largest gain at the expense of the common good of all, then woe betide remaining Kings, Presidents, plenipotentiaries. The curtain has fallen on that stage where the destinies of nations are determined by men who have not "looked at the calendar for two hundred years."

WHY! AND WHY NOT?

Deaths from starvation in Europe since the war began were 4,750,000, as compared with 4,250,000 killed in battle.

Successful experiments have been made in Italy to utilize for heating purposes jets of steam in the volcanic region.

Fuel Administrator Garfield estimate that 3,500,000 tons of coal were saved in six months by industrial plants adopting his conservation recommendations.

The Allies have been employing 50,000 Chinese behind the fighting lines in France at wages ranging from \$13.50 to \$27 per month, and a bonus of \$250 each for embarking for France.

To his pupils, when he was a professor in the School of War, Marshal Foch used to say: "Later you will be asked to be the mind of the army. Therefore, I tell you to-day, learn to think."

When a draft of President Wilson's address with its fourteen points was shown to Premier Clemenceau of France he said: "Fourteen commandments! Why, that's a little strong. The good Lord had only ten."

In Germany, when the price of news paper rose to 6 cents a pound, the government made an allotment of print paper to the publishers and also gave assistance to the newspapers by bearing part of the advanced price.

The wife of Bishop W. O. Shepard of the Methodist Episcopal Church was granted the privilege of visiting her son dying in a hospital at the Great Lakes Training Station, Chicago, but refused it because other women were not allowed to see their sick relatives.

Last Sunday we had good services. At the morning hour one of the main features was the solo by Miss Irene Kirkpatrick, which was supported by the Junior choir. The pastor explained that the centennial movement of the Methodist Episcopal Church, South, was emphasizing the prayer life during the month of January, and that in February, the services would be devoted to stewardship. The big drive will not be until May. This movement is to commemorate the founding of Methodist missions in 1819. The Methodist Episcopal Church, South, will raise a thank-offering of \$35,000,000, while the Methodist Episcopal Church will raise \$85,000,000. At the evening hour, Mrs. Summers sang a beautiful solo. The vespers services at the Naval Station were well attended and were of marked interest. Miss Etta Pettigrove was at the piano. Mrs. Summers sang a much appreciated solo. Mr. Gould, one of the Y. M. C. A. secretaries, led the general singing. Dr. J. C. Barr, of the Lafayette Presbyterian Church, was the speaker.

FATHER McGRATH.

The clergy and people of the Holy Name parish were overjoyed when they learned that the Very Rev. Provincial of the Society of Mary in America appointed Father McGrath to Algiers. Father McGrath has once again donned civilian clothes and is ready for parochial work.

The new assistant is not a stranger. During his six years residence at Jefferson College, Convent, La., where he taught Philosophy and Higher Mathematics, he always found means of spending a few days in Algiers during the Christmas and summer vacations.

Shortly after America entered the war, Father McGrath's patriotism and enthusiasm for the cause of the Allies almost reached the snapping point. Almost a year ago he sought and obtained a commission as chaplain in the United States Army. For six months he was at the "seige" of Fort Crockett, Texas. He was just about to go overseas with a battalion of Coast Artillery when he was halted by the signing of the armistice. Father McGrath's appointment had been expected for some time. However like the semi-annual pew rent it was a little late in coming but nevertheless was just as welcome.

RED CROSS.

Work in the Surgical Dressings class began once more on Tuesday with the gratifying number of eleven members present. The work will continue as usual on Mondays, Tuesdays and Wednesdays, from one to five.

We have still more than five hundred 81-A pads to complete the allotment of 2000, added to this is our allotment of 400 2-A pads, all of which are to be finished by the fifteenth inst., or as soon after as possible, therefore Miss Herbert urges all members to make one last effort to make the final work of our class as fine and worthy as that from the time of our organization.

The knitting work is nearing its termination, and it seems as though the admirable work is going to suffer by a slacking at the end. It is very discouraging to see such a fine record ruined by the work of the last few weeks, and Miss Albert, captain, begs that some loyal ladies of Branch No 4, take up knitting for just a few days longer, so that the work will close with the same record.

that has prevailed since 1917 The wool can be had from Miss Albert at any time

There is no work at present in the Hospital Garments Department, but an allotment is expected soon and workers are asked to be ready. These allotments will continue for some time and will decrease gradually. Workers who finish their departments are asked (by Mrs. Buck, in a letter to our chairman), to interest themselves in this department until it closes.

Canteen members, who have not called for their veils and emblems, will please do so as soon as possible.

COLORED RED CROSS.

In spite of the cold and rain on New Year's evening, Miss Sarah Brown and her co-workers from Branch No. 11, collected \$8.16 for the Belgian babies and \$11.00 more for 1919 membership. The committee was Mrs. Brown, Mrs. C. Ross, Mrs. P. Dyer, Mrs. L. Seymour

Don't forget our regular Red Cross meeting Monday night, January 11th at Hope's Hall in Verret Street.

American Kindergartens Abroad.

From New York city a body of kindergarten workers has started for France. They will strive to bring happiness into the lives of French orphans and to start anew the streams of young folks who must fill the schoolhouses of France. The unit will be under the direction of the Red Cross, with the National Kindergarten association behind it.

New American Industry.

Turkish towels now come from Lewiston, Me., where the mills are daily turning out thousands of high-grade Turkish towels that are said to be far superior to the goods formerly brought across the Atlantic. One mill as a side line turns out 30,000 bedspreads each week and daily produces thousands of yards of mercerized silk.

Canary Given Fine Funeral.

Scores of persons attended the funeral of a canary bird at the home of Harry Chambers, Moorestown, N. J. The bird was twenty-five years old, and many grownups had known it since they were children. It was buried in a little silver box.
