VOL. XXVII AUGUST 21, 1919 No. 15

## THEY WANT CRITICISM.

It is with a great deal of pleasure that we read in one of our daily papers that Mr. John S. Bleecker the new general manager of the New Orleans Railways Company is inviting criticism of the service. We hasten to accept the invitation by devoting a few paragraphs to the "long to be remembered" service of the Louisiana Avenue line. Pardon us dear readers for using the word service as the term is not really applicable to this line.

The cars on this line make so much noise, due to the badly worn gears, that an ordinary conversation is impossible. We have often tried to imagine what "shell shock" feels like and now we almost know. A ride on this line, three or four times a day may serve as a fair experience of this new malady without the dangers of bearing your breast to the bullets of the enemy.

This line which is supposed to serve the Algiers patrons is apparently operated on the principal of RUN ON SCHEDULE AND DAMN THE PUBLIC. We doubt very much as to their running on schedule but we do know that many of the conductors on this line show an absolute disregard of the purpose of this car line operating to the ferry landing. They do not wait as long as ten seconds for the passengers from the ferry when their time is up to leave. We desire to say to you Mr. Bleecker that this is an hourly occurrence. Your cars leave the ferry by the watch and not by the number of passengers that are just coming off the boat or out of the ferry house. The Algiers people would be glad to furnish you with a bushel basket full of evidence. Of course it is very provoking to be left at the station just by a nose but it is much worse when the conductor looks back and gives you the horse-laugh. But some of our Algerines will not be out done, they often catch the car when it stops at the Belt or L. & N. Crossing, in spite of the conductor's effort to run away from him.

We often wonder why the Louisiana Avenue Cars are operated to the ferry. If they come there after the nickles and coppers they are not getting them because the cars do not wait long enough for the passengers to get out of the ferry house. Let us offer a suggestion Mr. Bleecker, place a trustworthy inspector (in citizens clothes) at the ferry landing. You will find that your company is loosing a considerable amount of money by this lack of service.

It is not an uncommon occurrence to witness a parade of Louisiana Avenue Cars on Canal Street, the main feature of this parade being, the racing of the Louisiana Avenue Cars past the Algiers patrons and the conductor hollowing out the back door of the car "Take the next car this one is late." The passenger has already waited twenty to thirty minutes for one of these star cars and when one does finally rattle along, the waiting passenger must wait still longer until a car comes that is on schedule. Eighty to ninety per cent of the seats are set aside for negroes and when a white passenger removes one of the race partition sings, he incurs the displeasure of your conductor with results that are far from pleasing to the passenger and expensive to the company. This Mr. Bleecker is the service the Railways Company is giving to the Algiers people.

## WHY? AND WHY NOT?

Since 1889 more than 3,000 persons have been lynched by mobs in the United States.

The naturalization court at Elizabeth, N. J., refuses final citizenship papers to aliens who evaded military service.

A Western store had the conspicuous sign in its window during the recent heat wave, "Summer Furs for Summer Pools."

A London preacher declares that a theater exclusively for the Christian Church is essential to the public welfare.

The Grand Lodge of Free Masons of the State of New York has inaugurated a movement to unify the Masons of the world.

Most of the land in Great Britain is owned by three per cent. of the population; about 1200 persons have more than half of it.

Secretary of War Baker sold \$25,000,000 worth of surplus food to Russia, and admitted that probably some of it reached the Bolsheviks.

The marine and seamen's division of the War Risk Bureau has been suspended, with a profit of more than \$17,000,000 to the Government.

Rev. William Burgess of Chicago says the modern play would shame the devil, and declares that the stage will bring the downfall of the nation unless checked.

Robert Miesel, director of the American Alliance for Labor and Democracy, says that Reds from Chicago and the West are responsible for Canada's labor troubles.

## Church of the Holy Name of Mary

Very Rev. Henri de la Chappelle provincial superior of the Marist Order in America is in town for the purpose of preaching a retreat to the sisters of the Blessed Sacrament. He will also remain for the retreat of the Marist Fathers of Louisiana, which will take place at Jefferson College about September 1st.

Very Rev. Father Cassagne, S. M., of Paulina formerly of Algiers, La., is in town also, full of business and importance. Paulina is simply bewildered at his pace. New things are happening every day. It's splendid work he is doing and everybody wishes him success.

LAWN FETE.  
The Lawn Fete which by the way was not a Lawn Fete on account of the weather was a great success. A sum was realized that was beyond the expectations of all, and which will go a long way in relieving the situation for which it was given.

Again Father Petit, S. M., uses this means to thank all who contributed to make this event the success that it was. It was a touching tribute of devotedness, deeply appreciated and never to be forgotten.

The Rev. Harry T. Hayes, S. M., arrived in Algiers last Saturday. During the past year Father Hayes was on the faculty of Marist College, Atlanta, Ga., as professor of English and Dramatics. Father Hayes comes to Algiers to replace Father Dougherty. He is a zealous and devoted young priest, and an ardent worker possessing all the qualities of mind and heart that make a distinguished career. He possesses a pleasing personality and is a pulpit orator of recognized merit and ability. Father Hayes is a Southerner by birth. His home is in Atlanta, and he comes to Algiers with the best wishes of all

for success in this new field of labor.  
Very Rev. Father Boredon of St. Bernard and Violet, La., was a visitor at the rectory Tuesday for the purpose of making final preparations for his great celebration next Sunday at Violet.

Algiers people who would like to take a ride in their automobile will find a convenient Mass at 10:30 at Violet. The Church is a little beyond the Canal. Two of the Fathers of Algiers will be present to help out in this beautiful celebration.

## St. Raphael's Evangelical Lutheran Church

Phone Algiers 240.

Last Sunday Student Gabriel of St. Paul's Church occupied our pulpit. Mr. Gabriel has completed one year at our Concordia Seminary, the largest theological Seminary in the United States. Two more years of Seminary studies will complete his training for the ministry.

We were pleased to note that our Sunday School attendance has improved a little with last Sunday. It is earnestly hoped that all the pupils of our Sunday School will attend the sessions every Sunday. Come and bring your friends who have no Sunday School to go to. Everybody is welcome!

Our congregation has supported the Lutheran Laymen's League drive for a permanent fund for incapacitated pastors etc., with the liberal sum of \$516.00. These are the returns to date. It was said that several members still had a donation for this noble purpose. Any one who has a gift for this fund and has not yet turned it in may do so at any time. And those who donated \$6.00 and over will receive the Lutheran Witness for a year.

To-day, Thursday, August 21st, the Ladies Auxiliary of the Bethlehem Orphan Asylum is giving an outing for the Orphans at City Park. Our members are invited, but it is hoped that the service here will not suffer on that account.

The Ladies Auxiliary of the Bethlehem Orphan Asylum will meet at Salem Lutheran Church, Gretna, next Sunday afternoon at 4 o'clock. All our Ladies and friends of the Bethlehem Asylum are invited to attend.

Parents and children, remember our Sunday School has its sessions every Sunday morning at 9:30. Come girls and boys!

## Methodist Church Notes

Rev. C. C. Wier, Pastor, Residence 236 Oline, Phone Algiers 138

Last Sunday was of marked interest. At the morning hour the Pastors' text was John 15:4, "Abide in me and I in you, As the branch can not bear fruit of itself, except abide in the vine; No more can ye, except ye abide in me." The Girls choir had fine music. At night the text was Gen. 10:13, "Thou God seeest me." Miz poli Choir had good music, though several members were missed.

At both services attention was called to the Intercession Drive, August 24 to 31. This has three great objects, namely: 1 Every Pastor enrolled in the movement, 2 Every official member of the Church a member of the Fellowship of Intercession, 3 A minimum of 40 per cent of the church membership enrolled in the Fellowship of Intercession. It is apparent that the Centenary Celebration has but begun in real earnest. The plan is for a great revival and a call for workers. The world needs men and women, who will go and help rebuild it, and surely there will be many ready to answer the call.

## SUNDAY SCHOOL.

We are gradually getting together again, several more of our members are expected home this week, we are glad to see them, and hear they had a good time.

## EPWORTH LEAGUE.

The monthly meeting was held Tuesday night at the parsonage with a large number of the leaguers present, several matters of importance were discussed. There was one new member, Mr. Abbie Lewis, who we are glad to welcome into our membership. After the meeting refreshments were served, and a few games played.  
Let's reach our 60 per cent attendance next Sunday evening, everyone try to attend.

Why do they say that an airplane started on the first leg of its journey? Why not the first wing?

Their friends are delighted to discover that the returning soldiers bring back their appetites intact.

The truth is that a lot of gardeners don't know whether they are thinning their plants or pulling weeds.

The Smiths have it on the Joneses again. There were 51,000 Smiths in the army and only 22,500 Joneses.

A seaplane carrying freight would get there promptly on time with a cargo of something like, say late potatoes.

The compiler of summer "don'ts" will soon be relieved of the necessity of advising against alcoholic beverages.

A prize has been offered for a silent airplane and probably something substantial would be given for a safe one also.

Returned soldiers who are now gravitating to jobs down on the farm ought to do great fighting against the army worm.

The airplane is now about ready to take up the minor details of sleeping accommodations and buffet service for passengers.

Thanks to modern inventions, man has almost realized the old-fashioned desire to "have the earth with a string around it."

Cannot something be done to keep these estimates of a bumper wheat crop from the fellow who fixes the price of bread.

A bolshevist attempt has been made to shoot Paderewski. The wonder is the pianist is able to withstand so much discord.

The next step, of course, will be to devise some plan of getting sustenance from the milky way for transatlantic aviators.

The fellow who really got stung in this peace deal was the one who thought that the end of the war would bring lower prices.

Omission of the war tax on soap shows the detailed method in which the government is combating bolshevism in this country.

The garden maker and the horse-shoe pitcher are vying for honors on the rear platform in keeping up the run of conversation.

What chance has clothing got to come down when every returning doughboy has to have two or three suits and an overcoat?

Any man will admit that it is easier to change the steps of a street car than to convince a woman she should change the style of her dress.

Good roads are not paved with good intentions. We have the necessary funds, the people who need the roads and the men who need the jobs.

The man who as a boy had to curry the horse to get to take his girl riding has a son who calls the chauffeur and says "charge it" at the filling station.

The clothes of some families fall so far short of being in the same class with the automobile in which they ride that one wonders why there aren't more pay-roll robberies.

## H. N. G. C.

FRIDAY.  
Bert Lytell, comes to the H. N. G. C., Friday in the role of a young clergyman, who is trying to save the boys of his congregation from the evils of the street and pool room. In order to build a club which will give these boys healthy recreation and interest he enters the "Lion's Den" of commerce. The "Lion's Den" has the same team, Star, Author and Director which made the "Spender" said to be, Mr. Lytell's greatest success.

SUNDAY.  
It is not often a bride marries the wrong man, yet "The Best Man", starring J. Warren Kerrigan, forms a perfectly logical story of one bride who did. She hadn't seen her intended for fifteen years and only agreed to marry him to save her mother's life. How it all happened and how it all ended, forms a delightful story.

who has no music in the soul is the object of some biting satire by Shakespeare. Nine out of every ten people love music. Some can make it for themselves; others can afford to go to the opera. **DETROIT VAPOR STOVES**  
"Work Like Gas"

Burn, Oil, Gasoline or Distillate

There are many times when the happiness of the entire family hinges upon the cooking and baking qualities of the kitchen stove. A Detroit Vapor Stove insures the rapid thorough baking necessary for a perfect result of the housewife's most particular cookery on a birthday or other special occasion.

Detroit Vapor Stoves give an intense even heat. They cook and bake as fast as gas and at a cost much lower than with gas, coal or wood. Burn 19 hours to a gallon.

There are no wicks or wick substitutes. Durable 8½ pound iron burners vaporize the oil so that they really burn a gas instead of a liquid. The burners give a hot blue flame that can be regulated to any requirement. The kettles go on as soon as the match is struck. Double walled ovens distribute the heat and use it twice.

Each stove is complete in itself. No pipes or pressure tank. It can be placed anywhere for comfort and convenience.
