 pino children in sechool
0 gain of 54 per cent.
The menace of the world is not German imperialism but tendency
towards no government, is the opinion of Vice-President Marshall, who says: "There is a danger that in turning from the imperial system to the domal of democracy we are liable to
will have no government at all
A Wabash Railroad water tank, operated by electricity, is tended by wn business, and turns the switch off at night. For this he was for merly paid $\$ 20$ a month. Under the Government Railroad Administration
