VOL XXVII OCTOBER 30, 1919 No. 25

DELAYING THE COAL STRIKE

It was good news throughout the country, when the people learned that President Wilson had taken a hand in the threatened coal strike to avert at the present time a walkout of the coal miners at this time of the year. But in dealing with the situation the President has not improved conditions in the least, he has merely deferred a final settlement of these labor troubles, when a solution of these differences should be brought about as soon as possible.

In declaring that a coal strike at the present time would injure all the industries through the country, is a fact that we all acknowledge, but the President should not say that this is a war time measure and put the action into effect on this account; suppose there had been no war, what action could be taken? The sooner we arrive at a decision in the matter as to which is the proper procedure, the better and the sooner we will be able to terminate these threatened industrial strikes which are leaving the country in an unsettled condition. To our minds, a board of arbitration or better still a court of arbitration should settle these big differences. We have in the country the Records Court, we have the Civil District Court, the Criminal Court, the Court of Appeals, the Supreme Court, we have every court in the world, we might say except a court of Arbitration, one that can settle the differences between the two greatest factions in the world today, namely, Capital and Labor. Something must be done whereby a final decision can be made in these misunderstandings. Saying that the present strike should be averted at this time on account of being a war measure merely puts off the final decision, but if we have a Court of Arbitration where these matters could be brought up for final settlement, labor unrest would be a thing of the past.

We firmly believe that the President has made a mistake in not advocating at once the establishment of a Court of Arbitration instead of deferring the matter and leaving it as a war measure, but what are we to do when peace is declared?

WHY? AND WHY NOT?

Net earnings of the Federal Reserve Bank for the first six months of 1919 were at the rate of 92 per cent. on the capital. Profiteering!

Since the armistice our army has decreased 86 per cent. The strength today is 500,699, of which 100,000 are in Europe and 8,477 in Siberia.

Frank Morrison, secretary of the American Federation of Labor, describing an "ideal democracy," said that he did not see any reason why wealth should pass from father to son.

The lumberjacks of Louisiana, who are receiving unprecedented wages, are buying \$3,000 autos, \$10 and \$12 silk shirts and \$5 neckties, while their wives wear \$25 hats and \$2.50 silk hose.

There are more strikes now than ever known before, and twenty-seven heads of international unions lately threatened that 1,500,000 men would tie up the building trades, which had shown signs of reviving.

In a straw ballot for Presidential candidates taken among troops returning to this country on a transport, Republican candidates polled 1,248 votes, and Democrats 590. Senator Johnson led all others.

A British soldier is suing his former commanding officer for alleged slander, malicious prosecution and false imprisonment while he was in service.

Cardinal Gibbons, recently, on his eighty-fifth birthday, said: "The chronic hostility between labor and capital is to be deplored. The laborer and the capitalist should be warm allies instead of enemies, as their interests are closely intertwined and inseparable. Mechanics and workmen are receiving as much wages in an hour as they received some years ago in a day. Capital has its rights as well as labor."

There are fifty-four different designs of paper money of various denominations in this country. Of ones, twos, and one thousands, there are five kinds; of fives, fifties, and one hundreds, six kinds; of tens and twenties, seven kinds; of five hundreds, four kinds; of ten thousands, two, and of five thousands, one. To make counterfeiting less easy, it is suggested that all notes of the same denomination be printed in the same color with a different color for each denomination.

PERSONALS.

Very Rev. Henri de la Chapelle, S. M., returned last Saturday morning from Mexico, where he had been with Very Father R. Smith, S. M., president of Jefferson College, to look after the interests of the works of the Marist Fathers in and about Mexico City. He had a delightful trip, with no excitement whatsoever. Much of the Mexican trouble is in our papers, most of the time. Schools are reopening fast and there seems to be no more opposition to clerical schools of any kind. The Archbishop of Guadeloupe, who has been exiled in this country for four years, returned to his diocese in triumph a few days ago. It was a real triumphal entrance. Everywhere he was greeted with acclamation of joy, and cries of love. It was a father coming back to his family.

From now on the Marist Fathers will have an opportunity of seeing this wonderful country, for many have been asked to teach English in the College.

Father Cassagne S. M., was around again for a day this week. He motored from Paulina with one of his devoted parishioners. He reports that the roads are in good condition, so if any Algiers auto fans want a refreshing ride, go to Paulina. No charges for the information about the road.

Fathers McGrath and Hayes, S. M., have been busy these days taking the census below the viaduct towards Stanton Plantation, with the view of finding the most logical place for a church, to be erected soon for the people of that section.

They report many new families, much mud, and strenuous mosquitoes near the woods. However, that section of our town is building

up rapidly and will soon be the select part of Algiers.

St. Margaret's Daughters

Last Sunday, these good ladies, through the generosity of the people of Algiers, collected for the Rest Home at Bay St. Louis, the beautiful sum of \$200.

Monday a luncheon was given at Hotel DeSoto for the election of officers. Very Rev. Father Larkin, S. M., was the principal speaker. Mrs. Reuben Whitmore carried away the honors for Algiers, being made vice-president of the organization. If Mrs. Whitmore does as much for St. Margaret's Daughters as she has done in other works in Algiers, the association will never regret their selection. She is one of the most successful workers in our midst.

Rev. C. C. Weir, Pastor, 236 Olivier Street, Phone Alg. 138

Last Sunday closed the revival services, that have been led by Chaplain Rousseaux for eight days. The services were very much enjoyed and the Church was greatly blessed by the soul-stirring messages of Brother Rousseaux. Everyone who heard these messages seemed to have the religious life quickened and the soul lifted nearer to God.

Mrs. Rousseaux joined Brother Rousseaux on Saturday and her visit was also greatly appreciated. These guests of ours spoke to the pastor time and again of how much they appreciated the faithful members at the church, but especially the choir.

The Rev. Jno. G. Snelling has sent out a Pastoral letter to all of the churches in his district, urging full reports for the coming session of the Annual Conference that is so soon to convene in Ruston. Surely our congregation will send the pastor to this important meeting with what is called, "A Full Report."

Mizpah Choir and the Girls' Choir held a joint gathering at the Parsonage Tuesday night. Wednesday night the pastor preached to the McDonoghville congregation.

PERSONALS.

The pastor has received a very interesting letter from Miss Inez Daniels, who is still in Covington. She writes that she has gained twelve pounds in weight and that she is improving daily.

Several of our boys have decided to follow the lure of the sea for a while. They are Messrs Tisdale Daniels, Edred Drumm, Perry O. Back and Alvin Berdoodt.

Little Miss Gloria Grimes, who has not been well for two weeks, has greatly improved.

CHRISTIAN SCIENCE SOCIETY, 622 Audubon Building.

The invitation for the members is as follows:

"Griming Ghosts and Goblins will greet great and small at a ghost and goblin Halloween party, in the church room, 8 p. m., Friday evening, October 31st. Join the Ghostly Guild, but 'the goblins will get you if you don't watch out.' Ghost stories. Trials of fate. Games and contests. Refreshments—ghostly and otherwise.

On Tuesday night the members of the Girls and Mispha choirs met at the home of Rev. C. C. Weir, where after a meeting of the Mispha choir a very delightful evening was spent. Special music was rendered by the Girls' choir. Mrs. Bell played a beautiful violin solo, accompanied by Miss Roberta Harkes-bring. Mr. Hebert played a trombone solo, accompanied by Miss Etta Pettigrove, also a duet with both the violin and trombone. The cause of the merriment was due to the fact that the following day was Rev. Weir's birthday. Refreshments were served and a beautiful birthday cake was disposed of. Everybody had a good time.

H. N. G. C.

The H. N. G. C. Theatre promises its patrons an unusual treat next Sunday, November 2, when it will present for the first time the remarkable William Fox 1919 extravaganza, "All Baba and the Forty Thieves."

The story of Ali Baba is one of the most interesting in that famous old Persian classic, the Arabian Nights. The very fact that this tale has held its popularity for over a thousand years and has been translated into every known language is a guarantee that it has entertainment value enough to interest any audience.

The compelling story, however, was not sufficient for the producer of this extraordinary photoplay. He has surrounded it with all the Oriental splendor of the original court and city of the great Caliph, Haroun-al-Rashid, whose magnificence was remarkable even in those days of extravagance. Five and ten cents.

Friday, October 31st.—Roy Stewart in "By Proxy," a thrilling drama of the far West; also fourth episode of the "Perils of Thunder Mountain" (Teeth of Steel).

Tuesday, November 4th.—Jane and Katherine Lee, the Kiddies again, in "Tell It to the Marines," and "Fatty's Antique Wife."

TULANE.

Singing is the sheet anchor of minstrelsy. Without the sweet ballads and the attuned voices minstrelsy would not have such hold on the affections of its supporters. The sweetest songs of our land, the songs of Emmet, Hays, Stephen Foster and others have been made popular by the singers of the minstrel show.

The two men who have popularized the songs of minstrelsy in the past decade have both been members of the A. G. Field Minstrels. Jack Richards probably made more songs popular than any other minstrel balladist. Mr. Richards has been a member of the A. G. Field Minstrels for many years and always presents a repertoire of songs that are more than enjoyable.

In the singing contingent appear the names of many other noted singers: Billy Church, Elton Crepeau, Lloyd Gilbert, Grover Schepp, Harry Frillman, Don Palmer, Al. Palmer, John Cartmell, Leslie Berry, Boni Mack, Pat Rogers and a large chorus of well-trained voices are heard to good advantage in the take-off on the old operas.

The A. G. Field Minstrels will appear at the Tulane Theatre all next week, with regular matinees Wednesday and Saturday. The seat sale opens Thursday.

The Costliest Piano in the World.

For many years America has led the world in the quality of its pianos. One dominating name has succeeded another in something more beautiful and more enduring has been evolved, the leadership always passing to the piano which is finer and more costly than those which have preceded it. Today, the Mason & Hamlin is universally acknowledged to be the most exquisite beautiful piano the world has ever known. It is the final choice of those who know.
