

DOCK BOARD TO BUILD WHARF ON THIS SIDE

The Dock Board took the first step in its announced plans to develop commerce handling facilities on the west bank of the river Tuesday night when it agreed to construct a wharf for the Crescent Industrial Alcohol Company at Algiers.

At the same time it solved a real problem for the alcohol company, which itself had started to construct the wharf but which was halted by court proceedings.

The Crescent Company, a new firm organized only last March, has taken over the property of the old Algiers brewery and in addition to its statement to the Dock Board has purchased six lots facing the river. It prepared to erect a wharf in front of this property which would serve as a landing place for ships, loading to be through a pipe line from the plant.

W. G. Coyle and Company applied for an injunction to stop the building of the wharf on the claim of ownership of some of the land, Sam Wolf, of the Alcohol Company, told the Dock Board. The Dock Board agreed to build the wharf providing the alcohol company would advance the money under the arrangements made in similar cases by the Dock Board and at the same time granted the company the right to put a pipe line over the wharf thus solving the whole tangle.

The Wonders of America By T. T. MAXEY

YOSEMITE VALLEY, CALIFORNIA.

This beautiful valley—now a part of Yosemite National park, by the way—is one of nature's most wonderful works of art. The valley is only eight miles long and less than two miles wide. The park embraces a domain about 36 by 48 miles. Here the supreme artist has chiseled and etched and painted an outdoor gallery of masterpieces unlike any other in the world. The Indians termed the place the Heart of the Sky Mountains and called it "The Vale of the Ahwanee," and themselves Ahwaneeches, or "Children of Light."

The exciting features of the Yosemite are its waterfalls and sheer, bold cliffs. Snow-waters from high mountains have found a wonderful variety and beauty of courses down the mountain walls to the Merced river in the valley below. These peculiar peaks strikingly resemble huge domes and range in height all the way from 1,200 to 6,000 feet. The falls which descend their rugged sides range in height from 350 feet—Vernal falls, which is only 35 feet wide at the top—to beautiful Yosemite falls, which, in three leaps, plunges half a mile and is said to be the highest waterfall in the world with anything like the same volume of water.

Standing on the summit of Sentinel Dome, the magnificence of the vista of the valley that bursts upon the eye compels silence. Perhaps no valley in the world combines so much that is so sublimely beautiful. It is "a bite of Paradise," sure enough.

SURPRISE PARTY.

A very pleasant surprise party was given at the home of Mrs. Hornosky last Tuesday evening in honor of her daughter, Katie's, birthday. She was presented with a beautiful cameo ring as a token for the occasion. Those present were Norita Fernandez, Irene Nolan, Elenora Mitchell, Katie Chestnut, Ruth Munstermann, Annette Keller and Katie Hornosky, Messrs. Warren Boyer, Charles Boyer, Paul Mallette, Teddy Mastracia, John Pope, Ignatius Trauth, Alvin Chico and Mr. and Mrs. Hornosky. Mr. Mussachia rendered several vocal selections. Dancing was indulged in until a late hour.

ALGIERS DEFEATED BY MORRISTES IN THRILLING EXTRA-INNING BATTLE

Last Sunday, at Clese Park, McDonoughville, the largest crowd that ever turned out witnessed the most exciting pitchers' duel ever staged in Algiers.

Umbach, of Algiers, and Markel, of the Morrisites, put up a beautiful exhibition through the seven innings scheduled, with the score 1 to 1 all the way. In the extra inning, Umbach's sore arm began to tell on him. After Dell had dropped a Texas Leaguer in left with one down, Umbach walked the next batter and then both runners advanced on a wild pitch. Rupperts grounded feebly to first base and Knowles shot the ball home. Dell was caught at the plate but Cazaubon dropped the ball in the critical moment, and the old ball game.

The breaks were decidedly against the locals. In the first inning, Gus Knowles beat out a bad bouncer down the third base line. Cazaubon hit into a fast double play, Defraites to Dell to Rausch. Kirk Abbott next up, hit to right center for two bases but was called out for failing to touch first base.

Ike (Babe Ruth) Whitmore brought the crowd to its feet in the last half of the seventh. Ike was first up and Algiers needed one run to end the game. After fouling a couple, Ike connected and out toward the left field fence sped the ball. It looked like a sure homer and a beautiful ending to such an exciting battle but, alas, the goddess of luck was against us and Ike's hit fell about two feet short. Reynolds was laying for the smash and made an easy putout against the fence.

The Morrisites will play Algiers a return game on Sunday morning, August 1st. On Saturday afternoon, July 24 at 3 o'clock, at Clese Park, Algiers meets the strong Swift's aggregation. On Sunday morning, July 25, the Peppermints of New Orleans will journey to Clese Park to battle the local team. Play begins at 10:15 o'clock.

Score by Innings: Morrisites . . . . .000 100 03—4-4-1 Algiers . . . . .000 010 00—1-5-2 Batteries—Markel and Rupperts; Umbach and Cazaubon. Umpires—Clement and Morris.

Notes. The superb fielding of the Knowles brothers and Whitmore of Algiers and Dell of the Morrisites featured the game.

Ace Markel had great control and saved himself on several occasions by using his old bean. Umbach was extremely wild. He walked six men and uncorked three wild heaves.

BATTER UP.

On Saturday night, July 24th, at the Avenue Dancing Academy, the Algiers Baseball Association will give its second dance. The proceeds are to be used to purchase uniforms for the Algiers team. Manetta's jazz-ez, which proved such a big hit at the last dance of the A. B. A., will furnish the jazz on this occasion.

THE STEAMBOAT HALLIDAY RESUMES OPERATION

The Southern Improvement and Ferry Co. have put back in service the A. M. Halliday which has been laid up for several weeks while the little ferry boat Joste has been operating during this time contrary to the franchise of the company. It is understood that the Halliday was laid up for inspection and repairs, but there were many days while she was laid up that the passengers on other ferries could not see any workmen busy on the laid up craft. We understand that while the Halliday was laid up the Ferry Co. could have chartered or leased the Ferry boat Martin Behrman, but it seems that they did not consider the patronage of the Algiers people of sufficient importance to go to this extra expense, it was cheaper for them to violate their franchise.

It is hoped that the Ferry Co. will now keep two boats going for at least a reasonable length of time.

BIG SIXTH.

On Friday night, at Webb's Hall, 617 Opelousas avenue, the old reliable Sixth Precinct Regular Democratic Club held its fifth rousing meeting with a packed house. Much enthusiasm was displayed. In the absence of Mr. N. Matulich, president of the club, who was unable to attend on account of illness, Tim Allingham was requested to act as chairman, who opened the meeting and gave a general review of the work accomplished in the precinct; also reporting the completion of the precinct canvass on application for membership; on all removals within and without the precinct; also changes of addresses within the precinct and all maiden voters or said precinct. Speeches were made by Mr. John Clements, candidate for clerk of the Third City Court; George W. Platt, candidate for Judge of the Third City Court; Hon. John Mornagh, Sam Boylan, P. Brechtel W. Manning, L. Willis, N. Hotard and R. Gould. Refreshments were served in abundance. From all appearances, the Big Sixth is ready for battle and will carry the banner of victory for true democracy and white supremacy and an overwhelming majority on September 14th for our peerless leader, the Hon. Martin Behrman. After the meeting the flying squadron of local speakers attended a meeting of the Third Precinct at Santos' Hall.

O. D. A. RECOGNIZE ALGIERS

John R. Norman, Farmer, for Council Commissioner.

First Brought in Line Light by Lower Coast Road Controversy.

The announcement on Tuesday night that the O. D. A. had endorsed Mr. John R. Norman, of Aurora plantation as one of the candidates for the commission council met with great approval, and it goes without saying that he will be one of the strongest candidates on the entire ticket. Mr. Norman's past political affiliations had been with the regular Democratic party, although he had never had any public office. It is known that during the recent state campaign he was an ardent supporter of John M. Parker. Mr. Norman, a few months ago came into the line light of city affairs when he publicly protested against the acceptance of the Lower Coast road which had been constructed by Contractor Hampton Reynolds from the Naval Station to Stanton Plantation, a distance of about eight miles. Mr. Norman charged that the contractor did not build the road according to specifications, that he had on several occasions notified the authorities during the construction of the road that the contract was being violated, and before the road was finally accepted he had a committee of newspaper men and citizens to come to several points on the road where he demonstrated the fact that the necessary material was not placed on the roadway. Mr. Norman in his protest represented other citizens whose property abutted the roadway. The road, however, was finally accepted by the council over the protest of the property holders.

O. D. A. MEETING

The Fifteenth Ward received with cheers Tuesday night the news that one of their fellow citizens, John R. Norman, of Algiers, had been nominated for city commissioner on the McShane ticket. The message of Mr. Norman's selection was read to a meeting of the Fifteenth Ward's O. D. A. club which had just endorsed the candidacy of Andrew McShane, Louis Munsterman, ward president, presided at the gathering.

N. E. Humphries, Henry Acker, John E. Collins, W. J. Lewis and others addressed the meeting. President Munsterman gave notice of a campaign committee meeting Thursday evening.

Bernard McCluskey was chosen president of the Sixth Precinct organization of the ward, in place of W. P. Crilly resigned, with E. Borne serving as secretary.

The First and Second Precinct clubs of the same ward meet Wednesday night at Clark's Hall, Alix and Verrett streets.

BOXING CONTESTS.

On Wednesday night, July 14th, there was staged at the Alhambra Gymnastic Club, a boxing contest between Red Wilson and Young O'Donnell, two of our local boys who went the limit of three rounds. O'Donnell proved too clever for Wilson, who was forced to quit.

On Thursday K. O. Gordon and Battling Borne met in a four round bout. Both boys got some terrific blows on the face and the body. The K. O. kid with his one punch slugged himself right into the Battler's shower of upper cuts but in the rush Battling George was set on the canvas through K. O. headwork. Mr. L. Dinapole, manager of the Bante threw in the towel in the first round, but Jos. Herder, the referee, announced himself for a four round go with Kid Kirby, but as Herder could do nothing with Kirby he was out-classed and quit in the second round. The spectators were R. Thomas, timer; V. Wingerter, bell man; E. Lecourt, trainer of the Battler; A. Abbott, trainer of the K. O. Kid; W. Verdovt and L. Rodich, corner men.

Mr. J. Lusignan, manager of the K. O., hopes to soon be able to class his man with some local boy at the weight of 10.

First Evangelists Trinity Lutheran Church

Trinity Ev. Lutheran Church

On Thursday night, July 29th, the Rev. G. Kramer will favor us with a lecture on the convention at Detroit, Mich. The editors of the Lutheran Witness say: "Every congregation of Synod ought to hear, if possible, its representative report upon the sessions. The congregation that allows this opportunity to pass by without receiving the light and the warmth, the direction of the impetus, which a vivid report of these sessions can bestow is certainly losing a great opportunity for itself and for the church at large." We are very fortunate to secure Rev. Kramer for a lecture on the convention. This lecture should prove very interesting and at the same time very instructive. Every one who is really interested in the welfare of our Synod will not fail to make use of the opportunity here presented.
