It's All in the Cleaning

Almost every well-dressed man will tell you that the only way to have fall suits FIT right is to have them CLEANED right.

Your Suits Will Fit---When Chicago Cleaned

They'll not bulge over shoulders and wrinkle about the collar—the lapel will lie smooth and flat—and the original shapely lines of the suit retained.

It's not a trick of ours to clean them this way. It is the result of years of study, experience and having the most approved and scientific machines and devices to clean and press them right.
