Beginning in our next issue, May 12, the Herald will give to its readers an extra four page supplement each week, printed by the Rotogravure Press in beautiful brown tones that will be a delight to our many readers.

This four page section will present to the readers each week current events, told in pictures in the most beautiful engravings that is possible for human hands to bring out with the printing press. In presenting to our readers this supplement we take pride in saying that it is the most expensive supplement handled by any of the papers in the South today.

Many of the pictures presented in this new supplement will be available for framing, and also for embellishing walls, and as an adjunct to friezes or borders for wall-papered rooms. Each section of this supplement will contain different varieties of pictures. Some weeks there will be a series of mountain scenes. Other sections will show some snow scenes, forests, etc. There will also be reproductions of ancient buildings.

tombs and edifices of this and the old world. In fact, the variety will be so great as to give our subscribers an opportunity to gather the finest collections of pictures that may be used in a variety of ways.

Watch for our next issue!

HERALD ADDS NEW FEATURE.

Through arrangements with the International Cartoon Co., of New York City, the Herald will publish each week for the enjoyment of its readers the weekly cartoon by Gene Byrnes, entitled, "Things That Never Happen." This cartoon has had a national reputation during the past four or five years as furnishing more actual amusement than any other feature that has ever been published.

"Things That Never Happen" will appear in our paper beginning today. The Herald will shortly add to its regular issue one of the most expensive features published in this city. Watch for it. Announcement this week on first page.

FAMOUS GIRL BEAUTY GIVES HINTS ON GRADUATION FROCKS

Sweet girl graduates who have already started to plan their graduation frocks may well take a hint from the girlish styles worn by the beautiful Natalie Manning. On the left the befrilled and beribboned frock of white has a baby blue bodice and is trimmed with blue curled ribbon. The dropped shoulder effect is from grandmother's day and promises to be very popular this season. On the right is a dainty frock of embroidered handkerchief linen and with hemstitching adding to the bodice. It has a beautiful lace yoke. In the center - a pleasing arrangement of hair. Miss Manning is the theatrical find of the season and is appearing with Madge Kennedy in the Henry W. Savage production of "Cornered."

Commissioner Ray Would Abolish Court

MAYOR McSHANE ASKS FOR HALT UNTIL FURTHER INVESTIGATION.

At the Commission Council meeting Tuesday, Commissioner Stanley Ray presented an ordinance to close the Third Recorders' Court in Algiers and assign Judge John Duffy to the traffic court entirely. When the ordinance was presented, Mayor McShane asked that the ordinance be held over so that the sentiment of the people might be heard regarding the matter.

The Algiers people will be surprised to know of Commissioner Ray's action in the matter of closing this court. We trust that Commissioner Ray is not looking at the Third Recorders' Court in Algiers from the point of revenue productions, as never established or organized to produce revenues. The purpose of the Third Recorders Court in Algiers is for a matter of convenience for about twenty thousand citizens of New Orleans who would of necessity be compelled to go to the city as witnesses in many little significant cases.

Algiers people will lose no time in getting up a petition to present at the next Council meeting to keep the Third Recorders' Court in this district. Mayor McShane will be appealed to by our citizens to come to their support in this matter.

IN SYMPATHY WITH US.

Dr. C. V. Kraft, Editor of Herald: Dear Doctor—The following letter is of interest in that it shows that some of our old ex-residents are in sympathy with our efforts to get better ferry service.

I am watching your uphill fight for better ferry service and assure you that you have my moral support, and if you are raising a fund to make this fight let me know and I will be glad to subscribe to the same. Give my kind regard to the committee. Although 2500 miles away I have a warm spot for old Algiers. Wishing your success in your drive.

I remain your friend, STORER G. DYER.

OFFERS REWARD.

On account of it having been reported that he did not stop his automobile after striking Thomas Mongano, age 11 years, of 830 Belleville street, Mr. Willie Hoffstetter, the grocer of Newton street, near the Naval Station, offers a reward for any information that will lead to the arrest and conviction of the party spreading this report.

On last Wednesday, while Mr. Hoffstetter was driving his truck, young Morgano stepped from the sidewalk to pick up a nickel which he had thrown into the air, and in so doing he stepped in front of the truck and was knocked down. Mr. Hoffstetter stopped his machine at once, picked up the boy and took him to the office of a physician, where his wounds were cared for. Mr. Hoffstetter then took the lad to his residence. He also reported the matter to the police and did everything he could in the premises. In order to stop the erroneous rumors that he did not stop his machine when the boy was struck, Mr. Hoffstetter offers a substantial reward for proper information as to the person or persons who gave the rumor publicity.

NEW ALGIERS LOCAL BANK ORGANIZING

PROMINENT BUSINESS MEN WILL START LOCAL INSTITUTION. CAPITAL \$200,000, SURPLUS \$50,000

The long-talked of local bank, to be known as the Algiers Trust and Savings Bank, is now under way, and already \$165,000 of its capital stock has been subscribed. Indications point that long before the subscription list is closed that the new institution will have its capital over-subscribed many times. Mr. Geo. Herbert, who for many years has been connected with the Algiers branch of the Canal-Commercial Trust and Savings Bank, has already resigned his position with that institution and will in all probability be the president of the new bank. Mr. Adolph Spitzfaden, Jr., one of the assistant-cashiers of the Canal-Commercial Trust and Savings Bank, in the city has also resigned his position and he will become the cashier of the local bank.

The shares of stock are being sold at \$125 per share, \$100 being the par value, and the \$25 on each share of stock will be set aside for the surplus fund. This will give an amount of \$50,000 for the surplus.

Secures Good Site.

Arrangements have already been made for the purchase of a site for the new bank—namely, the triangle lot located at the intersection of Verret, Laverne and Pelican. The purchase was made a few days ago from

the Abascals. This is a good location and will meet with the approval of the stockholders.

The two men who will be at the head of the new bank, Mr. Herbert and Mr. Spitzfaden, are both well and favorably known in our district. They have been in the banking business for many years and their success with the people with whom they have been employed gives the confidence that is shown by the many subscribers to the stock of the local bank.

Among some of the prominent subscribers are the following well-known Algiers people: Ralph P. Nolan, Jules Bodenger, C. H. Botnick, Morris Dreyfous, Frank C. Duvic, Dr. A. C. King, Dr. M. O. Carey, W. J. Hennessey, Aug. Schabel, A. Ruiz, Robert O'Connor, M. S. Mahoney, T. J. Lala, Frank Braai, Eug. LeBouef, Dr. Harry Nolan, Geo. Peterson, A. Spitzfaden, Geo. Herbert, E. Bergeon, Alvin Foster, R. A. Tansey, Dr. C. V. Kratt, C. A. Roope, Jos. H. Dupuis, Capitain Caruso, Sellig Davis, and others.

The above are only a few of the subscribers of the stock and were taken from one list only.

There are several other lists out and it is stated that almost every prominent business man in Algiers is taking stock in the new bank.

A carload of harmony arrived in Algiers a few days ago consigned to Foto's Folly Theatre. This is the long-looked for organ that has been on its way many months. The organ was first ordered about the time the United States entered in the World War, but after these many months it has finally reached its destination, and it will have the reputation of being one of the largest pipe organs in the entire south. It cost over \$10,000, and it has every known attachment with which pipe organs are equipped. The mechanics now installing the organ will complete their work in about three weeks, when it will be ready to furnish music to the movie fans of the Folly theatre.
