ORANGE BLOSSOM PICNIC.

On next Sunday, June 5th, Orange Blossom Social Club will give their grand picnic at Hero Park. Some big events are to be staged and a Jazz Band will be in attendance. There will be two games of baseball as follows: the Braithwaite's vs. Hornets of Algiers, and Nairn vs. Red Sox of New Orleans.

ENJOYABLE EVENING.

Sunday evening a jolly crowd met at the home of Mrs. J. E. Huckins, in Alix street and motored to Bohon. A pleasant evening was spent by all. Those present were the Misses Billie Burke, Thelma Sturtevant, Anna Jones, Zella Huckins and Mr. Arthur Vand-Ruden. Mr. and Mrs. J. E. Huckins chaperoned the crowd.

H. N. G. C. THEATRE.

Friday, May 27—"The Honorable Aley." Charles Ray; "Veiled Mystery." Antonio Moreno.
Saturday, May 28—"Dead Men Tell No Tales." All-star cast, with Catherine Calvert and Percy Marmont. A Vitagraph super feature. Fox News.
Wednesday, June 1—"It Isn't Being Done This Season." Corinne Griffith; "Veiled Mystery," 10th episode, Antonio Moreno.

ALGERIANS DANCE.

The well known club will give another of its popular dances at the Academy on Saturday, May 28th, 1921, when Brownlee's jazz orchestra will furnish the music. The dances previously given by this club have proven most enjoyable affairs, and there is no doubt a large crowd will be on hand on this occasion. Chairman A. C. Ryan has been advised by the management of the Academy that additional fans have been installed, and the hall ranks with any in the city as a summer dancing place. Dancing from 8 to 12 p. m.

BOY SCOUTS.

Troop 36, Boy Scouts of America, will hold a regular meeting Thursday, May 26, at McDonogh No. 5 school, 7:15 p. m.

Friday last the troop did police duty at McDonogh No. 5 school, where a festival and dance was given by the Mothers' Club of that school. They did splendid work, finding four lost children, finding a purse and a gold pin, which were restored to the owners.

All members of the troop are ordered to report at 606 Opelousas avenue Sunday, May 29, to take part in American Legion parade.

SMITH THE SIGN MAN

WHAT'S IN A NAME?

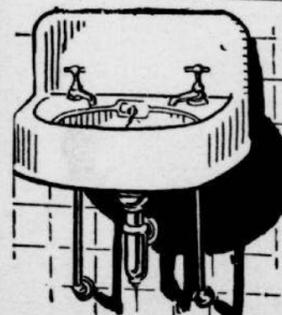

Smith The Sign Man—Most of you know him. Many of you have heard about him. All of you are going to read about him, and at some future date you will be prepared to make a quick decision when that painting of yours has to be done.

The business was first established in 1906, by Claude H. and Harold B. Smith, with its location in Commercial Alley. It prospered from the start, and in 1909 Homer W. Smith became an active member of the organization. Owing to the steady increase of its clientele, it became necessary to make proportionate increases in the working area of the shop. In 1912 the firm moved to its present location, Camp and Gravier, with the added advantage of three floors throughout which to distribute their work. In 1915 Homer W. Smith became half owner of the business, and in 1919, sole owner.

The house painting department of the firm has been in existence for the past four years, and is under the personal supervision of J. Donald, thoroughly experienced in his line, and with much of the high-class work in this city to his credit. Mr. Donald is quoted as an expert in the mixing of paint and the ingredients therein, and personally inspects all materials preparatory to their use in fulfilling the firms contracts. The workers of this department are skilled in this field, and prominent examples of their workmanship can be found throughout the city. For the benefit of those who are contemplating interior or exterior decorating of their homes, Mr. Smith is prepared to quote prices and assure prompt and efficient services at any time.

The sign painting department of the firm carries a staff of men who are skilled and up to the minute in both their work and designing.

RED STAR
Detroit Vapor Oil Stove

SURE MEANS OF ESCAPE FROM THE EXORBITANT COST OF GAS AND
WILL DO ANYTHING A GAS RANGE WILL DO

Baking a perfect loaf of bread in the correct time, searing a thick steak so the inside is left rare and juice-laden, baking a fairy-like ungel food cake to perfection—is done with ease on this oil stove. They prove that the all-year-round Red Star is the equal of the finest city gas range.

These remarkable results are due simply to the wonderful Red Star burner—a scientific device made of gray iron—weighing 8½ pounds—impervious to harm from continued heating and cooling.

Has No Wicks or asbestos rings. Automatically converts kerosene, gasoline or distillate into a gas which produces an intense heat. Given two rings of flame instead of one—directly underneath the utensil. Burner gets red hot, too, adding this wonderful metal heat. Controlled by operating a valve—just like a gas range. Gives 19 hours of perfect cooking heat from each gallon of fuel. No odors. No smoke. Economical, clean, practical and efficient. Rust-proof, durable and built to withstand for many years this salt air climate.

Don't neglect to investigate this advanced-type oil stove thoroughly. Come in for a surprising demonstration.
