RESOLVED, That should our committee be unable to convince said city authorities that they should not further continue the operation of these ferries by individual or corporations, which system has given so much dissatisfaction during the past 14 years, that said city au-

DOCTORS IN AN AUTO ACCIDENT

DR. ALDEA MAHER HAS NARROW ESCAPE FROM DEATH.

Dr. Aldea Maher had a narrow escape from death Saturday when an auto in which she was riding overturned in a ditch where it was driven by Dr. Bowden in order to avert probably a serious accident.

Dr. Bowden was swinging to the side of Gentilly road, opposite Gentilly Inn, headed for town, to pass another machine coming from New Orleans. She turned and saw the lights of an automobile coming from the rear, traveling at a high rate of speed. She saw three machines could not pass on the narrow road, so she steered into the ditch. The car toppled over imprisoning her and her three companions, Dr. Aldea Maher, Hotel Dieu; Mrs. Edward L. Edmondson, 705 State street, and Parks Pedrick, 5673 West End boulevard.

Mr. Mike Huck, proprietor of the Inn, by an exhibition of unusual strength, moved the machine so its doors could be opened. He lifted from the wreckage the four people, none of whom were seriously injured. The other two machines involved in the accident did not stop.

ENJOYABLE EVENING.

On Wednesday, the 22nd, in the Sunday School room of the Methodist Church, the senior chapter of the Epworth League gave a banquet in honor of the delegates to the Assembly held in Mansfield, June 7-14. The officers of the Junior Epworth League were especially invited. The table was prettily decorated with an abundance of daisies carrying out the color scheme of white and gold, the league colors.

Several songs composed especially for a league banquet, were sung during the evening and were led by Miss Orrie Summers. While the guests were busy with the good things the committee had prepared, Mr. Lester Dunn, toastmaster, called upon Miss Roberta Harkesbring, president of the chapter for a speech. She presented the league with a certificate awarded by the state for efficiency.

The other delegates with the exception of Miss Pearl Collette and Bertha Albrizzi who are still out of town, gave interesting reports of the work accomplished during the year. Mrs. L. T. Dunn spoke of the Junior league work. Miss Thelma Cayard told of the Louisiana State Epworth Legion while the subject of Mr. Edgar E. Cayard's talk was "Why should I select an Epworth Leaguer for a wife." It proved to be very beneficial as it brought out the work of the various departments.

WILL HAVE BIG TIME ON FOURTH

AMERICAN LEGION PLANS COMPLETE FOR CELEBRATION.

Consuls of the Italian, French, British and Belgian governments, veterans of the late war in Europe, the Civil War and the Spanish American War and statesmen and civic leaders of the present day are co-operating with the officers of the American Legion to make July 4th at the Fair Grounds the greatest celebration of the Declaration of Independence New Orleans has ever seen. With a programme ranging from an address by Senator Pat Harrison of Mississippi, one of the foremost national figures of the day, through a long list of races, dances, boxing matches, field athletics and horse shows to that form of pugilistic riot known as the "bottle royal", with 20 negro veterans each trying to knock down all the others and remain standing himself, every possible taste in entertainment will be fully satisfied.

The elaborate programme begins at 2 o'clock and ends at midnight, the last hours being given to dancing. All the special events that may be staged in a small space, such as the bottle royal, the fancy dances, the boxing matches, etc., will be on a platform in the space between the grand stand and the track. The track itself will be in almost continuous use during the daylight hours, as a number of races among members of the Southern Amateur Athletic Union, the public school league, members of the American Legion will be presented with harness races, horse races and two mule races early in the afternoon. When the bottle royal is over, the contestants will fight each other again in a trial to see who can eat the most watermelon in ten minutes. The only athletic event popular in New Orleans that will not be presented is the wrestling match, which is not practicable in warm weather.

Senator Harrison, who is now forging to the front as a leader in the upper house, will be the principal speaker. His subject has not yet been announced but is expected to be one of particular interest to the Italians and the French.

As every man and woman in New Orleans who wore a uniform during the war has been requested to wear that uniform on July 4th, there will be a military color to the whole event. The United States Marines from the Naval Station and a company of Coast Artillery from Jackson Barracks will lead in "The Escort to the Colors." The national salute will be fired by Battery "A", of the Field Artillery (Washington Artillery). When the national anthem is played during this ceremony, every man, woman and child in the Fair Grounds will stand attention and in silence.

The funds raised through the sale of tickets will be used to equip the old mortgage office building at Royal and Conti streets as an office and club for disabled veterans. There are now approximately 1,600 veterans taking vocational training in New Orleans and about half of them are from other towns and cities. The lack of a convenient and comfortable place for these men to meet has long been felt and the American Legion will provide it by means of the great celebration at the Fair Grounds.

There has been no attempt in this brief article to set out the entire programme that has been arranged in every detail.

"The public response to our appeal for the disabled veterans," says Col. L. A. Toombs, who has general direction of the event, "is ample proof that the public fully realizes that those who attend will enjoy themselves and the purpose of the entertainment is not only worthy but of great value to the community."

As an evidence of the size of this one day's enterprise, a policy of insurance for \$10,000 has been taken out against loss through rain. If there be a shower heavy enough and long enough to amount to one-tenth of an inch on the government's rain measuring apparatus, the fund for the veterans will be increased by \$10,000 and decreased only by the small amount lost through failure of the same good citizens to get to the Fair Grounds.

FIRE MARSHAL ISSUES APPEAL

WARNS AGAINST CRACKERS ON JULY FOURTH.

Conrad J. Lecoq, state fire marshal, has issued an appeal for a safe and sane Fourth of July, free of costly accidents to children, and as a protection to the community from fire.

One of the things Mr. Lecoq would have the mothers and fathers of children watch out for is the so-called harmless firecracker.

"It's only safety is in the label, not in the product," he writes. He declares that the very fact that these explosives which give children such a thrill, are branded safe makes them most dangerous, because few realize the danger which lurks therein.

BOY SCOUTS OF AMERICA.

Troop No. 87, a recently organized troop, will hold their first meeting Thursday, June 30th at 7 P. M. All applicants for membership are urged to be in attendance. Meeting will be held at 606 Opelousas Ave.

Mr. L. J. Schroder, formerly assistant Scout Master of Troop No. 36 is directing the work of organizing this Troop. Numerous applications have been received during the last week from the 100 per cent American boys of our town. Any boy twelve years of age is eligible for membership in this great world-wide organization.

Good citizenship means to the boy scout not merely the doing of things which he ought to do when he becomes a man such as voting, keeping the law, and paying his taxes, but the looking for opportunities to do good turns by safeguarding the interest of the community and by the giving of himself, and in unselfish service to the town or city, and even the nation, of which he is a part. It means that he will seek public office when the public office needs him. It means that he will stand to the equal opportunity and justice which the Declaration of Independence and the Constitution guarantee. It means that in every duty of life he may be on the right side and loyal to the best interests of the State and Nation. By the "good turn" that he does daily as a Boy Scout, he is training himself for the unselfish service that our cities and land needs so much.

Ex-President.

What the Ex-President Woodrow Wilson has said about the training of our youth: "The future of every nation depends upon the proper training and development of its youth. The American boy must have the best training and discipline our great democracy can provide if America is to maintain her ideals, her standards and her influence in the world."

TOWN PESTS

Johns Nonchalance Let Him When He Saw The Amphibian!

The Movie Pest reads the titles Out and so that everyone can hear, assuming that the audience are either dumb or have left their glasses at home. Sometimes the Movie Pest mispronounces a word and then rude remarks are heard all over the theatre.

NEW COMMANDERS OF AMERICAN LEGION

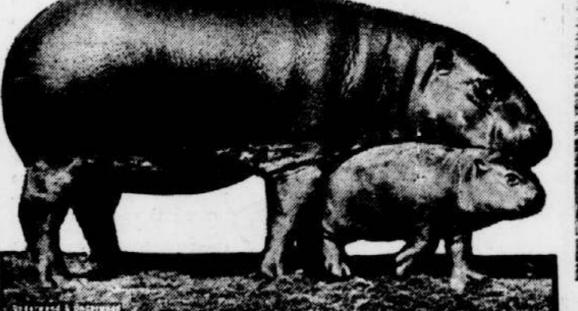

It was only to carry out the aggressive policies launched by Col. Bannigan, said the new national commander, John T. Emery, of Grand Island, who was elected to command of American Legion affairs. He entered the war as a private, was promoted to major, and while leading the 1st Battalion of the 18th Infantry, was severely wounded by shell fire. Mr. Bannigan of Hartford, Conn., is the new National vice commander elected to place through the death of Col. Galbraith.
