BELLEVILLE NOTES.

Dr. Garland visited the school last week and gave an interesting talk on "Chickens" to the pupils of the Seventh A Grade. These pupils accompanied by Miss Loretta Shook, visited Kolb's Farm on Gentilly Road last week. They saw nests with many eggs, and pens with a thousand chicks in each. The children were delighted to see the wonderful work that is being done in the raising of chickens. On the road to and from the farm, the dew berries were enjoyed by the children.

One-half day Thursday and all day Friday were holidays for the children last week, but not for the teachers, as they attended the State Convention which met here. Messrs. Pittman and Judd were among the prominent speakers.

Monday was enjoyed by the pupils of the Seventh A Grade as "Baby Day." All the little girls wore spring-like aprons and bloomers, socks and dainty ribbons. In the afternoon they were delightfully entertained by Mrs. M. W. Geldert of Behrman avenue.

The teachers are co-operating in a milk for health campaign that is being conducted in the city April 17-22. Its purpose is to teach the importance of milk in the diet with a view to improving the health of the people. During the week of April 17 the children will hear short talks and stories, see appropriate moving pictures and have the milk story put before them in other ways.

The Still Small Voice

ONE DOLLAR THEN THE GRAFONOLA

Rusakof Offers Opportunity To All Algerines An Unusual Business Offer

Mr. H. N. Rusakof, the proprietor of the big Rusakof Furniture Store, located at 512 Frenchmen street, is making an unprecedented offer to the Algiers people during his "Saving Tag Sale," which will continue for a few weeks more.

During this sale Mr. Rusakof says to our people: "Send me or bring me ONE DOLLAR only and I will put any of the 34 models of Grafonolas in your home. The prices will range from \$30.00 to \$175.00, being a reduction of 20 to 100 per cent. You pay me the balance in convenient payments."

"Decide now to buy an instrument of quality, an instrument that will please and entertain every member of the family, an instrument you will be proud to possess, an instrument that will give years of complete satisfaction."

"You owe it to yourself as well as to the young folks to secure a Grafonola now while prices are reduced and while our terms are so liberal. "If you want to save as high as \$100.00 on a Columbia Grafonola, bring me the dollar and you shall have any of the 34 instruments that you may select at the reduced prices."

Planning the furnishings of a new home without a phonograph included in the prospectus would mean that a vital factor in one's pleasure and success would be overlooked, according to Mr. H. N. Rusakof.

"It is only in the past ten years that manufacturers have emphasized strongly the home furnisher's ability to choose a phonograph of a style in harmony with its surroundings," said Mr. Rusakof.

Prior to 1910 nearly all effort was devoted to perfecting the mechanical side of the graphophone, as it was then called. The early cylinder phonographs of the late '70s and '80s

were too unsightly and imperfect to be considered more than novelties or fads. About 1890 the first machine to use the disc record was perfected.

With the present century the Grafonola emerged triumphant from the little graphophones. The acorn of the '80s budded into a great oak. The unsightly, visible horn ceased to shout "I'm a talking machine" to one's guests. The quiet dignity, coupled with improved reproduction, earned for the Grafonola a place in many homes where the earlier phonograph and graphophone were not desired.

Grafonolas were then made in the cabinet models of Oak, Mahogany and Walnut finishes, in a wide variety of sizes. During the past five years phonograph makers have employed the most skilled artists obtainable to design Console and Period instruments to satisfy the most discriminating home decorator.

Beautiful models in the Queen Anne, Italian Gothic, Louis XV, Heppelwhite, Adam, William & Mary, Donatello, Italian Renaissance and Chippendale designs are the latest achievements of the Grafonola artists.

But one must not assume that the phonograph functions in the home chiefly as an ornament. It is made today to harmonize with beautiful furniture, but it is infinitely more. It is a joy, education, pleasure, music and inspiration.

In justice to other members of the family, the home builder of today cannot afford to omit the Grafonola, which brings singers and players from the ends of the earth, from plans for the new bungalow, apartment or mansion. The modern phonograph is pleasing to the eye and satisfies through the ear. It is the modern Alladin's lamp. Just rub it and the vast array of world entertainers appear before you.

Trinity Evangelical Lutheran Church

Corner Olivier and Eliza Streets, W. H. Hafner, Pastor, 438 Olivier St. Phone Algiers, 240.

Holy Communion will be celebrated tonight, tomorrow night and Easter morning. Confessional services begin a quarter of an hour before the regular time of services. All members who wish to commune must first announce themselves to the pastor.

A special door collection will be taken Thursday, tonight, for our own Building Fund. We have \$491.00 in that treasury at present. Let us all do our share to help this treasury. We all realize that we need a hall very badly therefore let us all join efforts in supporting the Building Fund.

The special collections on Good Friday night and Easter morning will be given for Synodical Treasuries. Now, dear members, do not think in your heart that we are having too many collections. If you will but stop to think what Christ did for you during this Holy Week, you will necessarily feel ashamed ever to have given room for such a thought.

Miss Irma Reagan will sing a solo in the service on Good Friday and our choir will render a selection on Easter morning. Regular Sunday school session on Easter morning at the usual time. In the afternoon at 2 o'clock the Sunday School will have its annual Easter egg hunt on the church lawn. The children should bring their Easter envelopes in by Sunday afternoon to be in the contest. The prize is not a book as was announced Sunday, but a picture under glass of "Christ Blessing Little Children."

Do not forget your special Easter envelope. If you have not received yours ask for it.

Let us all join in celebrating the resurrection of our Lord on Easter morning. Remember, "If Christ be not risen, ye are yet in your sins, your faith is in vain." But now is Christ risen from the dead and through him we have the certain hope of a resurrection unto life everlasting. Come then and praise the Lord.

Tonight a special sermon will be delivered on the Lord's Supper, or Holy Communion. The pastor would urge all those who are communicant members and wish to commune during these days, to make it a point to be present tonight to hear this special sermon. A special invitation is also extended to all those who are not communicant members, but contemplate becoming such members, or to those who are interested to know more about the doctrines of Holy rit in regard to the Lord's supper. If you want to know the Lutheran doctrine on the Lord's Supper which is founded on God's Word and not on the theory or philosophy of men, come and attend this service. Everybody is welcome.

Expect To Prove Morvich Greatest Horse

When "Man-of-War" was retired in 1920, as an undefeated three-year-old, with the greatest speed record ever established by horse-flesh, it was predicted it would be many days before a horse would be bred to lower those records.

Last season as a two-year-old, Morvich equalled many of Man-of-War's two-year-old records, and beat others. This year, it is predicted, he will prove himself the fastest horse ever bred. He is owned by Benjamin Block, an Eastern horse breeder. This picture shows Morvich being led to the stables after running a half mile in 48 seconds in training at the Jamaica, Long Island, track last week.
