Why do men neglect church attendance? If you mean all men do not attend church you are in error. It is true that far too many stay away from divine worship. The following reasons can be assigned why certain classes neglect this important duty:

**FIRST:** A seared Sabbath conscience sends men to the golf links on the Holy Sabbath.

**SECOND:** The gasoline mania causes thousands to take the family, the dog, and the lunch basket into the automobile early Sabbath morning when they begin to break the Ten Commandments, the speed laws, the rules of domestic tranquility and Sabbath observance.

**THIRD:** Screenites sends thousands into the motion picture houses, where they make a pagan attack upon God's Holy Day.

**FOURTH:** Laziness keeps thousands at home wrapped in the bed clothes of indolence and filth—too indolent, sloven and filthy to dress and attend divine worship.

**FIFTH:** False conception of worship, or because the sermon is poor, or the minister worse than dead, they drift into the habit of neglecting church attendance.

**SIXTH:** A large number of those who stay away do so because they are plain pagans; their education is defective, their breeding is below the standard. They are just plain heathen. No well-bred, well-

trained, modern, up-to-date, and otherwise normal man stays away from church services. The bum gambler, fraud, embezzler, outcast, loafer, and the scum of the earth stay way from church. Behold the crowd with which the non-church goer can be classed.

**SEVENTH:** There are thousands of business, professional, political, and official men who neglect church because they are conscious of the fact that they are grossly sinful, selfish, conceited, and derelict in the performance of their duties. They dread to face the gospel mirror wherein they can behold their own faces over which is written guilt. They know that if they face the gospel as expounded from God's infallible Word they will have to surrender their selfish, mean, conceited business and professional attitude toward the church and the gospel.

The conceited professional man tries to build for himself a code and produces a state of self-satisfied, self-righteous, and self-centered contentment, which he does not want disturbed by the courageous presentation of the full gospel of Jesus Christ. Men are neglecting to attend church because they are afraid to face the judgment gospel. Men are staying at home or they are going on the fields of pleasure or they are attending to business or they are innate and

overt and continued meanness. They are trying to avoid the doctrine of responsibility, accountability, and judgment. They are foolish. Every sensible man ought to prepare to meet His God. Every desirable, worthy citizen ought to be found in his pew every Sunday morning worshipping God and paying his honest obligations to the church of Jesus Christ.

Evans represented the rescue work that is being done at the Memorial Home on Washington street. He preached a strong sermon and made people see more vividly their duty in this matter.

 DO you really think that Travelers Accident Insurance is worth while? one of our policyholders was asked. "Didn't you say that you'd carried that policy for ten years and never had an accident?"  
 "Fifteen years," he answered, "and I've never made a claim, and what's more, I intend to carry it fifteen more, and I hope I never will have to make a claim. Why, I'm really beginning to believe that this policy has kept me from having an accident. Works like a raincoat on a cloudy day. Carry it, and it clears. Go without it and it rains."
