THE SHORTER BIBLE

The heretical, rationalistic forces do not seem to be satisfied with the wreck they have produced. They are responsible for the late war. They are also responsible for the crime wave sweeping this country and Europe. The orgy of sin and crime can be traced directly to false teachings. Like the vultures they make a feast of the decaying carcass. Not satisfied with the murder, expense, wreck, and ruin produced, they have written a shorter Bible which will perpetuate the orgy.

The astonishing thing is that there are leaders connected with the Y. M. C. A. and the Y. W. C. A., who have lent their names and their influence to the infamous, hell-born production called the Shorter Bible. If the Y. M. C. A. and the Y. W. C. A. organizations

permit their names and the names of their leaders to be attached to this abortion, then the righteous, orthodox Christian forces of America should crush the Y. M. C. A. and the Y. W. C. A. Our boys and girls cannot be entrusted to the leadership or to the educational and club features of institutions drawing their sustenance from the churches of the living Christ, to have the faith of those children undermined by such infamous attacks upon God's infallible Word.

The Shorter Bible, so called is one of the most blasphemous attacks that has been made upon God's Holy Bible. Let the Y. M. C. A. and the Y. W. C. A. repudiate their leaders or suffer the consequences.

Orthodox, self-respecting consecrated men and women will not be insulted by such attacks of the rationalistic forces.

FEROCIOUS DENIZEN OF SEA
California Spotted Moray is a Capture Which No Fisherman is Anxious to Make.
The California spotted moray, or "sea eel" as it is popularly called, is credited with being the most ferocious marine animal in existence. The commonly observed specimens are about three or four feet long, and about the size of a man's wrist. Their mouths are provided with needle-like teeth, and their jaws are so strong that cutting off the animal's head does not have the slightest effect in releasing its hold. Release can only be achieved by cutting the head to pieces so that the jaws cannot hold together.
Stories are told of fishermen being driven from their boats when a large specimen got loose after being hauled up, and these stories may easily be credited, considering the disposition of the small ones which are common to the California coast. Some of those found in the deeper water reach a length of six or eight feet, and a weight of 100 pounds. The animal can actually tie itself in a knot, and makes use of its extraordinary snout for holding objects which it is eating, and for twisting and coiling around rocks.

UNABLE TO "FIGGER IT OUT"
Come to Think of It, Uncle Zeke Was Up Against Something of a Problem.
In a Georgia town dwells an old negro, who is supported by his wife. Uncle Zeke spends most of his time fishing in the brickyard pond; not that he expects to catch any fish, but "jest to have some harmless amusement, chile." Aunt Mary takes in washing. One day one of Aunt Mary's patrons broached the subject to her, and suggested that she should not encourage her husband's laziness by supporting him in idleness, but Aunt Mary protested.
"Deed, honey, mah ole man ain't lazy," she declared. "It's jest them scientific notions he got when he was a-wuckin' at de college."
"But what have scientific notions got to do with his not working?"
"Got a whole lot to do, honey," Aunt Mary said, gathering up her basket. "Yo' see, dem ideas he's got was dat it wasn't healthy to wuck after meals; an' he ain't been able to figger out no way to 'compish dat, not yit, 'less he gives up eatin' an' course he can't do dat."

LOCAL CHURCH NEWS

Methodist Church Notes
Rev. C. C. Wier, Pastor, Residence
236 Olivier, Phone Alg. 138.

Last Sunday morning the rain interfered somewhat with our morning service in the matter of attendance, but the Men's Choir was up to the standard in excellence, besides two pretty anthems. Mr. John Redman sang a beautiful solo.
At night, the congregation was large and Mizpah Choir had some good anthems and a nice solo by Miss Orrie Summers.

PERSONALS.
The Entwisle family are at home again after a vacation at Milneburg. Mrs. Joseph Lennox is visiting her daughter Mrs. Turner.
Miss Ethel Rhoades and Mrs. Marshall and little Rhoades are visiting Mrs. Colomb in Shreveport for a few weeks.

Mrs. R. D. Meyer and little Ruel are both well and are the guests of Mrs. Harkesbringer. Mr. Meyer is expected to pay a visit soon, from Tulsa, Oklahoma.
Little Miss Edith McGuire has returned to her home in Baton Rouge after a visit to her aunt, Mrs. J. U. Melancon.

Mr. and Mrs. T. J. Williams came down from Hattiesburg, Miss., and spent Sunday with the home folks at 226 Seguin.
Miss Mary Harvey is spending a few weeks in the mountains of North Carolina.

ANNOUNCEMENTS.
The Pastor and his family have gone to Houston on a little vacation. During the time of his absence the Sunday's services at 11 a. m., and 7:45 p. m., will be conducted by the Rev. W. G. Evans. The Prayer meetings will be in charge of the Board of Stewards and the Epworth League.

SUNDAY SCHOOL
Our attendance was rather small due to the bad weather, so lets make up next Sunday with a very large attendance. As soon as we can, it will be necessary for the teachers to have a meeting so we may plan for the next year's work, as October begins the new one.

THE EPWORTH LEAGUE.
We will give a play on the night of Thursday the 24th, in the basement. It's a farce in three acts entitled "Her Gloves" we promise you many hearty laughs, and besides we will have some good refreshments on sale. Notice announcements elsewhere in this paper.

New Musical Instruments.
It has been said by musicians that the violin family is composed of two pygmies—the violin and the viola—and two giants—the violoncello and the double bass. It is reasonable to suppose that the great gap between these two extremes could be advantageously diminished. This is not surprising, then, that two well-known French musicians, father and son, have, after years of study and experimentation, created a number of intermediary instruments which have entirely changed the nature of the violin family.—Popular Mechanics Magazine.

Preserving Homes of Famous Men.
The other day the chamber decided that the hermas or cottage at Serignan in Provence where the great entomologist, Henri Fabre, lived and died should become national property. But the Provencaux are not yet content. They now demand a like honor for their great Mistral, whose mas is at Maillane. Mistral's widow still resides there as does the poet's pet spaniel, which wears a collar with the proud inscription "I am Jougour, the dog of the poet Mistral."—London Times.

Trinity Evangelical Lutheran Church
Corner Olivier and Eliza Streets.
W. H. Hafner, Pastor.
438 Olivier St. Phone Algiers, 240.

Our congregation has been invited by the Trinity Evangelical Lutheran Congregation of Abita Springs, La., to join them in their Mission Festival on that day. All the other congregations have been invited. The excursion rate is \$1.44 for a round-trip ticket. You may purchase your ticket from the pastor or from some member of the Trinity Lutheran Society. It is desirable that you purchase your ticket now so that the committee knows how many are going. Be at the station of the Southern Railway Co., at 7:00 A. M. Bring your own lunch and your friends along. The Walther League of New Orleans is taking this opportunity to take an outing to Abita Springs and our Walther Leaguers are very enthusiastic. If you are a Walther Leaguer and you have not yet decided to go, make up your mind now and buy your ticket.

The Sunday school teachers have decided to excuse all those from attendance who are going to Abita Springs on that Sunday. But there will be regular Sunday school session on Sunday September the third. Also regular Sunday service for all those who do not wish to go to Abita Springs, La.

The Sunday school teachers also decided to have all the money contributed by birthday envelopes flow into a fund for a Baptismal Font. We are sorely in need of a Baptismal Font for our church. Don't forget your birthday offering, members of our Sunday school. Any special gifts for this fund will be greatly appreciated.

The Trinity Junior Society will meet Friday night at the home of Marguerite Rogers, Behrmann avenue, across the Viaduct. All the newly confirmed children who have not yet joined this society are heartily invited to do so.

Mount Olivet Church
Rev. Nicholas Rightor, Rector
Residence, 235 Olivier; Phone, Algiers 97.

Sunday, the 20th inst., will be the tenth Sunday after Trinity. The rector will hold the following services at Mt. Olivet Church:
The celebration of the Holy Eucharist, with brief instruction, at 7:30 a. m. This is the most important service of the day, and for the past several Sundays has been very well attended. The Rector is very much encouraged by the good attendance at the Holy Communion service, as the interest and activity of any congregation rests largely from the help of this great sacrament of the church.
The Church School, with brief open instruction and roll call, will be held at the usual hour, 9:30 a. m.
At 7:30 o'clock at night the Evening Prayer service, with Sermon, will be held.

The public is cordially invited to all services. All new church people and visitors coming to this section of the city are requested to hand their names and addresses to the Rector. We want to make all feel perfectly at home and at once enlist your good efforts for the upbuilding of Mt. Olivet Church.

GIRLS CLOSE EYES IN MOVIES

Were Determined for Once to See a Picture From Its Beginning to Its End.
The last scenes of a film drama were flickering to their inevitable denouement. The fight between the hero and the villain was over, the chasing of automobiles had been so far exhausted that there was hardly a character who hadn't chased or been chased by every other character.
Suddenly a woman in the audience noticed two nice girls near her whose eyes were peacefully closed. Her heart went out to them in sympathy, for she assumed that they were blind and that they went to the movies just to hear the professor punch the piano, although that seemed too awful to be true.
But when the picture ended and the lights flashed on, the two girls opened four perfectly good eyes, looked at each other and smiled.
"Did you really keep your eyes shut?" demanded one. "Honest to goodness I did—but did you?" countered the other.
"Cross my heart and hope to die," averred the first, "but it took a lot of self-control. However, I was determined for once to see a picture from the beginning instead of from the middle."—New York Sun.

Gold Knives Used to Carve Sacrifices.
At Chichen-Itza, in Yucatan, where there is a sacred stinking well, there has been found all sorts of beautiful sacrifices imbedded in the mud. Jade necklaces, gold plates and small jars heavily studded with jade, sometimes containing human hearts, have been found in this well. The Maya Indians made these sacrifices when they wanted rain or a blessing for their crops. Beautiful gold knives that were undoubtedly used to carve up the victims of sacrifice, usually young women, have also been found.
The Maya Indians of northern Yucatan probably use the same language as the builders of the ruins among which they live, says Prof. A. M. Towner, of Harvard university.

Lightning Flashes.
No doubt lightning flashes vary in thickness, but one photographed recently was estimated from the size of the trace it left on a photograph and the distance of the tower it struck from the camera, to be only one-fifth of an inch.

The Passive Politician.
"I am in the hands of my friends," said Senator Sorghum.
"What do you mean by that?"
"If they regard me as a good political risk and want to back me with all kinds of money, that's their business. But I don't want to know a thing about it."

Ably Represented.
"You have been very fortunate in politics."
"I have," admitted Senator Sorghum, "although it would be hardly discreet for me to express it just that way. My interests lie in convincing my constituents that they are the fortunate ones."

Habituation.
"Your constituents must think very highly of you to send you to Washington again and again."
"Not all of them," admitted Senator Sorghum. "Many, of course, contemplate me as their invincible leader, but a few regard me merely as a sort of bad habit."

Cruel.
Conceited Amateur—I was taught how to play the violin when I was eight years old.
Crusty Professional—Indeed! How old were you when you forgot?—Tit-Bits.

A Lover of Pictures.
"Do you get much pleasure out of your splendid art collection?"
"No," said Mr. Cumrox, candidly. "If I have any spare time I don't waste it gazing at paint and canvas. I go to see a film."

WHERE HE LEARNED IT.
"Goodness, gracious, where did you ever hear such language?"
"I was in the car with Pa the other day when the traffic cop bowled him out for missing his signal."
Simple.
I cannot sing the old songs
Because they are forgotten;
I cannot sing the new songs
Because they are so rotten.
