Editorial

THE SCHOOL HOUSE LEADS US

Democracy has defects. Our government is not without fault. But with all our faults we have a better government than anything any other country in any other clime or time has ever produced.

We are a people of big ideas, and, compared to the rest of the world, small faults. Europe is a continent encumbered with monumental faults and little ideas.

That is shown quite as much in her mechanical and inventive ingenuity as in her parliamentary practices.

The Swiss will make a very intricate and delicate watch which will do many things—ring bells, tell the time of tide, the season of the moon, and still, as the Yankee would say, have a saucerful of wheels left over.

We make a pocket piece that keeps time. That's the main idea. That is what a watch is for.

The French and the Germans make more complicated cameras than any we produce. But we do what they don't. We put a simple little camera into every home and collect the priceless snapshot memories of life as we live it.

These are but evidences of our tendencies. We get a big idea and use it.

Europe and Asia live largely in darkness because their schools have been for the select and the masses are illiterate. They seek to cultivate a few minds to superlative intelligence. We do no less, and we do vastly more—we cultivate all minds as far as we can encourage every mind to go.

Behold the little red school house, the cornerstone of our greatness. It has done wonderful things for our country. Now it is going to do more.

Just about the time that Europe and Asia are beginning to get the essential idea we are pushing the little red school houses together into the big brick, modern, metropolitan consolidated school, with all its better equipment, social lessons, assemblies and better teachers. Now we are making the school work play.

We are beginning to teach by eye as well as by ear. The film is going to be a better story-teller of history and geography, a better revealer of biology and botany than any book.

For a long time we graded our pupils by averages, holding the bright boy back, which discourages the slow boy. But now comes Dr. A. H. Sutherland, another pedagogue of distinction, who out in Los Angeles has demonstrated the value of de-grading our schools so that the slow boy is encouraged rather than discouraged, helped rather than handicapped, and the quick boy is not held back.

We're a long way ahead of the rest of the world, and we're going to keep a long way ahead.

THE COST OF PUBLIC APATHY

Though the people of America are one hundred per cent opposed to any more taxation and are heartily sick of the burdens that have been placed on them, they fail utterly to make their feelings known with sufficient vigor to cause their representatives in Congress to take notice.

Every man dodges the issue by saying to himself "What's the use of my saying anything." As Mark Twain said of the weather: "Everybody grows but nobody does anything."

Best authorities agree that additional Federal taxation this year is unescapable. National receipts will be less than figured on and expenditures more. President Harding has announced an unbridled span of \$697,000,000, and if Great Britain fails to pay interest on money lent her here during the war the deficit will be \$900,000,000.

Against this may be deducted \$272,000,000 of the balance in the Treasury at the close of the fiscal year, and this spells additional taxation.

The farming interests are flatly opposed to a sales tax, the business interests shriek at the thought of screwing up the corporation taxes, which undoubtedly would prove a final blow to a business revival. There remains then the income tax, now outrageously high, but standing out as "the best bet of the politicians."

If the public remains apathetic, as is its custom, then there will be no justification for complaint when the new burden is added.

It is questionable if any country in the world is as unscientific in its taxation as the United States. This is because the people refuse to take an interest in what is being done in their name.

THE HERALD EIGHTEEN YEARS AGO

Cleanings From Algiers News And Happings During
The Third Week In September 1904, When
This Paper Was A Husky Infant

Believing that Herald readers, new ones as well as the faithful old-timers, will be interested in a glimpse of Algiers events as recorded in this newspaper exactly eighteen years ago, when The Herald was then only ten years old. Even at that early age it was bristling with fresh news chosen by the same editor and publisher that is serving you today. We trust our selections will prove interesting to all.

The Workmen's Union and Benevolent Association celebrated their twenty-first anniversary by giving a parade and later in the evening a banquet at Pythian Hall. Almira Gravois was grand marshal, and in the lead with him were Andrew McQuilling, representing the Southern Pacific Benevolent Association, and B. A. Kearns, representing the Young Men's Social and Benevolent Association.

Martin Behrman was selected by the Regular Democrats to lead the city ticket for Mayor. John A. Barrett was nominated for councilman. Thomas F. Maher and Alex Barras were renominated to serve in our courts. Charles Hantel was selected as clerk of the Court of Appeals; John Schroeder as clerk of the local court, and William Duffy as constable.

Mrs. Rose Reynolds died at the age of 71 years. Deceased was a native of Ireland, but came to America when a girl. She was survived by three children, James W. Reynolds, Mrs. K. R. Gordon and Mrs. L. Fridolin. The funeral took place from her late residence, 528 Belleville street.

Raymond Jennings, the 11-year-old son of Mr. and Mrs. C. M. Jennings, won the prize given by the Curtis Publishing Company for selling the largest number of Saturday Evening Posts in the state. The prize was a trip to the World's Fair at St. Louis, with all expenses paid.

The baby girl of Mr. and Mrs. D. Murtagh was baptized at the church of the Holy Name of Mary, the sponsors being Miss Anna Mae Laskey and Mr. Cleve Laskey. She received the name of Dorothy Anna.

Mr. and Mrs. R. Daniels were receiving congratulations on the arrival

of a baby girl, and Mr. and Mrs. Robert Wilson on the arrival of a son.

While at work at the Southern Pacific shops, Mr. Ed Richards of 232 Verret street had the misfortune to cut off two fingers of his hand. Dr. M. J. Manent attended him.

The marriage of Mr. John Brechtel, of our town, to Miss Jennie Shinn, of Morgan City, was celebrated in Morgan City at a Nuptial Mass.

The Riverside Club celebrated its first anniversary.

The German-American Democratic Club endorsed Henry Munstermann, Jr., for councilman.

The lawn party for the benefit of August Wilson, given at the Elmira Pleasure Grounds, was a financial success.

The Bedelia Social Club gave their second lawn party, with the following committee in charge: George Hahn, chairman; Henry Holt, C. Diket, J. Doyle, H. Aubert, W. Smith, A. Lands and L. Saliba.

Mr. Henry Killen was knocked down by the Charity Hospital ambulance which resulted in a skull fracture which resulted in his death a short time afterwards. Mr. Killen was a well known grocer of our town and was 65 years old.

The Belleville Social Club entertained their friends at a banquet at Moreau Club House, Milneburg. More than a hundred were present.

Plans for the new library at Pelican avenue and Belleville street were made.

The Rathbone Sisters cleared \$175 at their lawn party, given at the Elmira Pleasure Grounds.
