

SWAIN SHOW COMING HERE MONDAY WEEK

The W. I. Swain shows, the oldest, biggest, best equipped and most favorably known show of its kind in America, proved the greatest of its kind on earth—because: it has sought and obtained comparison with all others; because: it has tracked to their homes all competitors and proved its worth, dignity and size in every great city in North America; because: it has crossed the borders of Canada and Mexico time after time, has smothered under its matchless might and weight of worth, all competitors at home and abroad and compelled by its conquest the Admiration and Plaudits of the great centers of the United States, Canada and Mexico; because: there is no place in America where its title, "King of Tented Exhibits," is disputed, no place in all North America where it is not known as the Monarch Supreme of all shows; because: it is not only North America conquering but North America covering—for there is no city so great and no quarter of North America but where W. I. Swain Show Company is written on the pages of their amusement history—every promise kept.

New this season—leading lady, leading man, concert band and orchestra, bigger tent, more seats, but still retaining the message of joy—the "Oh My Golly" comedian. The biggest exclusively owned and personally managed show of its kind on earth today, not to boast and glorify this great authoritative amusement undertaking, but as a positive truth universally conceded and recognized wherever the story of "Tent Shows" is known. No contradiction is possible. To re-

peat—W. I. Swain Show Company has more railroad cars more wagons, more seats, more musicians and a greater variety of royalty plays, original, individual and collective amusement features than any other dramatic tented exhibition in existence today. Price of admission very cheap. Boys and girls prepare for a rare treat of unalloyed delight under the big "kant leek" tent of W. I. Swain Show Company. It comes in all aggregate, undiminished glory and magnitude that established its fame and supremacy through the length and breadth of the entire United States. Its appearance here is a veritable and auspicious municipal event. Sharpen your appetite so that you can hold a barrel of fun.
