**THE FORD IS LIGHTER THAN ANY OTHER CAR** of its size and power. Light weight means economy Economy in gasoline consumption. Economy in tire expense. Economy in repair bills—less than two cents a mile for operation and upkeep.

Yet with all its light weight the Ford is the strongest sturdiest car that is built. It is the longest lasting car. Vanadium steel is responsible for that. "Antifatigue" steel, scientists call it—the strongest, toughest steel put into automobile construction.

Buyers will share in profits if we sell at retail 300,000 new Ford cars between August 1914 and August 1915.
