JOHNSONS ELECTION IS ALMOST CERTAIN

Home Candidate Getting Great Support All Over District

All the candidates seem to be very busy just now, on account of the primary election being right on hand. Bogalusa has been the host of a score or more within the past week. In as much as this city polls about eight hundred votes it is a favorite stamping ground for those seeking office. All the candidates for the various offices have friends here. We would like to urge that every voter go to the polls on the day of election and do some good for his country. Every employer will vote, and every crew will be given ample time to do so.

In casting our vote we should take pride in selecting worthy officers and representatives. Our community is judged largely by the men we elect. We all know personally the candidates for the parish offices, and will vote according to our estimate of them. For Governor, of course, Bogalusa is for Pleasant. There being only two candidates for representative we can easily determine our choice between them. In the race for state senate there are four candidates from whom we are entitled to elect two as state senators. Delos R. Johnson is a home boy and an able official. We should elect him; at least we should give him a solid vote in Washington Parish, and, from all reports, the other parish of this district will do the rest for us. Mr. Johnson spent three days in Livingston Parish last week, making speeches at Centerville, Frenchtown and other points. We learn from him that he will devote this week to Washington and St. Tammany Parishes, in a personal canvass with the voters. He hopes to spend at least another day in Bogalusa before next Tuesday. If he cannot we will find his name on the ticket anyhow.

We have before in these columns called attention to the fitness of this man to be one of our state senators. The Enterprise always take great pride in calling special attention to things the accomplishment of which we believe would be a distinct advancement and benefit to this section of Louisiana especially and to the whole state in general. Johnson is a well educated man. He has made a thorough study of the conditions and affairs of our country. We should send him to the senate.

Misses Mullings Entertain

Misses Dorothy and Mary Mullings entertained a large number of young friends on Thursday evening. Various games were played and the evening was greatly enjoyed.

ROBERT BABINGTON ASK YOUR SUPPORT

At The Primary Tuesday On His Qualifications And Merits

To the Voters of Washington Parish:

On next Tuesday you will again exercise your privilege in the selection of your officials for the next four years, and I beg to ask for your kind consideration of my candidacy for the office of Clerk of Court. I have conducted my campaign in an honorable manner and with fairness to my opponents who are all honorable gentlemen, and I have neither said nor done, neither will I say nor do anything that will reflect on their good names. I have endeavored at all times to remain neutral as to the candidacies for other offices and I say that this includes all from Governor to Constable. I am not in any political line up, have no axes to grind, and am not depending on any politician to place me in office. I am depending entirely on the free and voluntary votes of the people, and to them only will I be under obligation if elected. The people of the Parish know me, most have known me all my life as I was born and reared in Washington Parish, and knowing me as you do, you are able to judge whether I am capable and trustworthy enough to be entrusted with the affairs of this important office. If elected, I promise to serve you to the very best of my ability, that I will treat all properly and alike, and that my assistants should I have to employ any, will be not only efficient but courteous, upright and sober. That when I shall have served my time, I will surrender the office back to the people who gave it to me with its records and affairs in the best shape it has even been. With this promise I respectfully and earnestly beg for your vote and influence next Tuesday.

Sincerely yours,
ROBERT BABINGTON.
