## PAPER MILL IS MAKING PULP

And Container Board Will Be Made Within The Next Few Days

## DEMAND FOR PRODUCT GREAT

And Bogalusa's Million Dollar Mill Run Full Blast

The Louisiana Fibre Board Co. will begin the operation of their million dollar plant some time during the coming week. For the past few days the pulp department has been working in perfect condition and just as soon as enough pulp is on hand to start making the container board the other department of the mill will also begin operation. It is estimated that a run of seven to ten days of the pulp department will be required before the work starts in the other department. The pulp made from yellow pine is said to be unexcelled and the machinery is working perfectly.

Gen. Mgr. Wood who left Saturday for Havana, is expected to return to Bogalusa the early part of next week and will remain for a few days to see the mill making the container board.

The mill represents an investment of about one million dollars and will give steady employment to 200 or more men. The demand for the product is good and indications point to the fact that the mill will not only be kept running full blast but they will be unable to keep up with their orders. It is stated that the first month's output has already been sold.

## ELKS TO ORGANIZE FINE LODGE HERE

Meeting Will Be Held At Pine Tree Inn At An Early Date

Bogalusa is soon to have a lodge of Elks and active work will start within the next few days to organize the lodge. There are already a score of Elks in Bogalusa, belonging to lodges through the country, and the first step towards securing the lodge will be a meeting of these Elks. The meeting will be held at the Pine Tree Inn and if possible, District Deputy Herman Michel, of New Orleans, will attend the meeting. Those who are members of the order are requested to send their names and the lodge to which they belong to Clyde S. Moss at the Enterprise office at once. The social and charity features of this organization are to well known to require any comment and it is believed that the Bogalusa lodge, when organized, will be a credit to the organization. Several plans and important matters will be discussed at the first meeting and it is important that all Elks be present.
