EVERYBODY BUSY AND HAPPY UP AT ANGIE

Business Better, New Farmers Locating in That Section.

If Bogalusa is to be a manufacturing center, then it is safe to predict that Angie is going to be the center of the farmers of this section of the parish. During the past few months there have been several new farmers located in that vicinity. All of the land around Angie is well adapted for farming and many of the best farms in this section of the state are located there. Lands are being cleared every day, and just now the farmers are busy with the planting season, and if cotton remains at a good price, Angie is going to be very prosperous this fall, as much cotton is being planted.

Business there has been improving for the past several months. W. I. Daniels, cashier of the Washington Bank & Trust Co., reports that deposits are increasing while W. M. Magee, J. B. Slade and Dr. Warner report brisk business. The stores of C. R. Pope and Daniel and Co., are doing an increased business with indications that business in every line there will steadily increase.

GASOLINE WILL BE MADE OF SAWDUST

At 15 Cents A Gallon If Government Experts Plans are Feasible

Madison, Wis., Apr. 2.—A process has been discovered at the Federal Forests Products Laboratory by which a successful substitute for gasoline can be made from sawdust at a cost of between 13 and 15 cents a gallon.

Director Howard F. Weiss, of the laboratory has just made public the discovery which he believes will revolutionize the gasoline industry. The new product is made from alcohol products from wood, and it is claimed to be near 100 per cent pure. It is secured from northern Wisconsin and Michigan hemlock and hardwood by the distillation of refuse.

ROOSEVELT AND BRYAN IN NEW ORLEANS NEXT WEEK.

William Jennings Bryan, prominent for years in national politics, and shown to recent fame as the outspoken enemy of preparedness, will be one of the principal speakers at the Southern Conference of Education and Industry, to be held in New Orleans April 16 to 20 inclusive, and if he can so arrange his schedule to meet the occasion, Col. Theodore Roosevelt also will attend to make the session notable. —Times-Picayune.

Farmer Loses Mind

Jno. Green, age about thirty-five, and a well to do farmer residing about six miles west of Angie lost his mind last Thursday. He made do attempt at violence and discussed the matter with his physician and said that while he knew that he was acting queer, that he did not have the power to overcome what he termed the "influence." He attempted to put on ladies wearing apparel and walk to Varnado. His many friends hope that medical attention will restore him to his mind.
