

THE NATION'S SLOGAN

"PREPAREDNESS"

Are you prepared to respond to your country's call, and leave your family prepared to enjoy the comforts and satisfaction that a home they may call their own would afford them.

Every Man Should Prepare For An "Emergency"

By Providing For His Family First

A WORD TO MR. RENTER... Why will you continue to pay house rent when you can stop it so easily? **DO YOU KNOW...** That if you are paying about \$15.00 per month house rent, \$180.00 per year, in five years you are paying out \$900? What will you have, nothing but a lot of rent receipts which have no money value, and the landlord still owns the house.

Why not let the Bogalusa Building and Loan Association build you a house to cost, say one thousand dollars; you pay for it at the rate of ten dollars per month which is much easier than paying rent, you are reducing your indebtedness each month, and will ultimately own the home.

There is not a vacant house in Bogalusa today, and with the assurance that the new paper mill will be built within the coming year, and the population of Bogalusa vastly increased, where are the people going to live? You owe it to yourself and family, to consult A. N. Dobbs, Secretary of the Bogalusa Building and Loan Association, immediately, who will be pleased to give you all the information as to how to own your home, and pay for it on easy terms afforded you by

The Bogalusa Building And Loan Association
