

THE BOGALUSA ENTERPRISE

AND AMERICAN

VOLUME 4.

BOGALUSA, LOUISIANA, THURSDAY, JULY 4, 1918.

Number 27.

SAFE AND SANE FOURTH HERE TODAY

Services at Church, Speaking and Pictures at Park This Evening

Today, July 4th, is going to be celebrated in a safe and sane manner and if the war is ended next year, Bogalusa is going to have a genuine celebration with a program that will start early in the morning and continue until late at night. The celebration this year is being held with practically no expense, owing to the fact that the committee in charge decided that every dollar Bogalusa could raise should be expended in such a manner as to help win the war. Today will be a holiday in Bogalusa, practically every line of business being closed for the day. Special services will be held in the morning at every church in the city. In the afternoon there will be a ball game at the park and at 6 o'clock there will be a meeting at Goodyear park, which will include Capt. Vint, of the British army, and an Italian actor. A fine musical program has been arranged. There will also be pictures in the park this evening.

W.S.S. R. K. SMITH NOW MANAGER OF N. O. G. N.

W. E. Farris Relieved of Management—May Consolidate Offices

R. K. Smith, who has been general manager of the Mississippi Central railroad, has been made manager of the N. O. G. N., G. & S. I., Mississippi Central and the Y. & M. V. announcement to this effect was made Tuesday and reports received from New Orleans to the effect that Mr. Smith assumed management of the local line the same day. W. E. Farris, who for the past three years has been manager of the road, automatically went out as general manager when Mr. Smith came in. It is also rumored that the general offices of all of the four roads which moved to Hattiesburg, but few, if any, changes are expected.

Save Your Ice When You Get It

The citizens of Bogalusa were warned through The Enterprise last week to save their, but many did not think it was possible for there to be a time when they could not secure it, but the same day found it was impossible to secure ice and several families were compelled to do without. The local ice plant was unable to get a carload, which with its capacity output, relieved the situation Friday, but Saturday there was another shortage and likewise Sunday. Bogalusa people must save ice or there will not be enough around any day during the next two months. The Bogalusa Ice Co., with a purchasing capacity, 25 tons a day, and purchasing ice from nearby sources when it is possible to secure it. Dr. J. H. Slaughter, owner of the local plant, states that if you will save your ice, get along with as little as you possibly can, that every family in the city will be able to secure a small amount each day.

Meat Markets to Close on Sunday

Unless there is serious objection, meat markets of Bogalusa will close on Saturday night and remain closed until Monday morning. Practically every owner of a meat market in Bogalusa signed a petition to the council praying that an ordinance to that effect be passed. Attorney Talley was instructed to prepare the ordinance and have it ready for the next meeting.

W.S.S. JURY MEETS FRIDAY

The police jury of Washington parish will meet in its regular session Friday. Nothing of special interest is slated to come before the meeting.

W.S.S. CAMPAIGN WILL CLOSE TONIGHT

Parish Is \$50,000 Behind, But Bogalusa Has Gone "Over the Top"

J. A. Spekenhier announced Wednesday morning that Bogalusa, not Washington parish, had gone "over the top" in the great W.S.S. drive, the allotment of Bogalusa having been subscribed in full Tuesday. The drive will continue until tomorrow evening so that our over subscription will assist in bringing the parish up to its quota, which yesterday, was about \$50,000 short. The success of the Bogalusa W.S.S. drive has resulted in great praise for the local organization, special credit being given to W. C. Flanders and Mayor Sullivan, as they were confronted with raising an amount greater than the Liberty Loans and all other patriotic drives combined. If you have not yet pledged to purchase W.S.S. to the full extent of your ability, do so TODAY.

The great War Savings Campaign, extended from June 28th to July 4th and now drawing to a close, was one of the greatest movements ever attempted by the government and the Parish Director, War Council, Ward Commanders, Precinct Captains, Allotment and List Committees, Divisional Agents, "Round Up" squads and other workers, kept unceasingly at the task. Headquarters in the Cassidy building was a bustling and busy place and the big 20-foot thermometer slowly registered the returns from the parish as they arrived.

To the surprise of all, the First Ward was the first "over the top," with D. Wallace as Ward Commander, followed closely by O. H. Carter, Ward Commander at Frankinton, who has since changed of the Third and received his appointment late. This ward went over easily and big.

J. C. Green, Ward Commander of Sixth, appointed Mrs. Carrie Sanford as "Daughter of the Regiment" and they carried this section over in flying style. Zona went over with about \$12,000 subscription.

C. C. Fortinberry, Ward Commander of the Eighth, appointed efficient Precinct Captains and under surprisingly leadership, swept the "old eighth" into the honor column.

The Fourth Ward outside of Bogalusa had an exceedingly heavy allotment and did not pull through their \$35,900.00, while Bogalusa staggered under an allotment of \$323,101.00. Ward Flanders, the City Commander with some forty Precinct Captains, combed the city with a fine-tooth comb and nothing was overlooked. While it was disappointing, of course, to fail to reach the goal, but the result was more than creditable.

At last reports, the Second Ward, under E. Brock, had 30% of its allotment; the Fifth, under Rev. C. A. Massey, thought it would go over, the Seventh, under Mr. W. Daniel, had 60% with the Ninth, under Mr. Warren Wilks had about the same.

W.S.S. Parish to Furnish Greatest Number

Washington parish will be asked to furnish more men in the next draft call than any other parish in the state, except two. One of these parishes, Ascension, will furnish the same amount as Washington and other, Orleans, will furnish more men in three of the wards. Washington parish will furnish 54 men in the call of July 22-26 and when the call is answered it is expected that Class A-1 will be practically exhausted here. The young men in this class of soldiers will be sent to Camp Hancock, Georgia.

July 28-31 there will be a call for colored and Washington parish will furnish 29.

W.S.S.
COUNCIL MEETING
The regular monthly session of the Commission Council was held Tuesday evening and discussing good roads, the necessity of having commercial or business course in connection with the schools, the monthly reports of the various departments, occupied practically all of the time.

BOGALUSA CITIZEN KILLED IN ACTION IN FRANCE TUESDAY

JOHN HANMER, FORMERLY OF N. O. G. N. SHOPS, AND MEMBER OF THE KNIGHTS OF COLUMBUS HERE, FIRST CITIZEN TO GIVE LIFE ON BATTLE FIELDS OF FRANCE

The first Bogalusa citizen has been killed in action in France, being a victim of German guns last Tuesday, and news to this effect was received by relatives here Tuesday night and the report quickly spread over the city which caused great sorrow. Jno. Hanmer was well known in Bogalusa, especially among the employees of the N. O. G. N. shops, where he was employed as a car inspector.

When the call came a year ago for volunteers Mr. Hanmer resigned his position and left Bogalusa on June

6th and the following day enlisted in the marines. He was a member of Bogalusa Council Knights of Columbus and a nephew of Frank Taafee, of the N. O. G. N. shops. He was about 29 years of age and resided on Pleasant Hill for several months and then boarded on Michigan Ave., not being married.

No details of his death were given in the message from the war department stating that he had met death in action. Mr. Taafee went to New Orleans Wednesday, where he will try to get further details of his death.

IN ORDER THEY'LL BE CALLED

Below are the draft numbers tabulated so any registrant of Washington Parish may tell at a glance the order in which he will be called. In the first column is the registration card number; in the second column the number showing order of drawing.

Although 1200 number were drawn at Washington the largest number of registrants in Washington Parish is 250 so only 250 number are included in this list.

Of course classification comes first. Then those registrants remaining in Class 1 are called in the order in which they were drawn. When Class 2 is reached the same rule applies and so on in Class 3 and Class 4.

Reg. Card No.	Order Drawn						
1	357	64	147	127	491	190	301

DEMONSTRATION NEXT WEDNESDAY

Miss Mina Wolff, who is in Bogalusa to demonstrate the art of canning, preserving and cooking patriotic foods will give a demonstration on the North side next Wednesday afternoon, starting promptly at 3 o'clock in the store of the City Mercantile Co., to which the ladies of Bogalusa are urged to attend. Miss Wolff, besides being a master of the art, gives instructions which any lady can understand. She will be pleased to make demonstrations in your home, providing you invite five or more neighbors to attend. Appointments for home demonstrations can be made with Miss Wolff by phoning the Cut Over Land Department of the Great Southern Lumber Company.

DRILLING WELLS; INSURANCE DOWN

It is expected that the rigs will be erected for the drilling of the two artesian wells near the new city pumping plant this week and that by the middle of the month the wells will be ready for operation. Following the completion of the wells it is expected that there will be a bid reduction in the fire insurance rates of the city. The purchasing of the fire equipment, building of the pumping station, maintaining a paid fire department and drilling of the wells were all done at the suggestion of the Fire Prevention Bureau in order to get insurance at a low rate.

WORK OR FIGHT ORDERS NOW IN EFFECT

Police Department to Co-Operate With Council of Defense

EVERYBODY WORKING? If not, they had better go to work whether they are within the draft age or not and those who are between the ages of 21 and 31 and not engaged in essential occupations had better get another, job real quick. Failure to do so means that they will be put in Class A-1 and be subject to the call for service on July 22. Those who are past 31 have to go to work in Bogalusa, because no idlers, loafers or gamblers will be permitted to remain. Those who have large incomes and are not engaged in some useful occupation will also have to go to work, but there does not happen to be any of this class in Bogalusa.

The work or fight orders went into effect last Monday morning and the police department were awaiting official orders which are supposed to come through the Council of Defense. Chief Magee stated Monday morning that he had received no such orders, but that he would bring the matter to the attention of that body Monday and that possibly every member of the police department would be engaged in enforcing the orders during the remainder of the week.

W.S.S. "Bumps the Bumps" To Be Tried Here

It is believed that Bogalusa has found a way to enforce the "safety first" rules which will bring auto speeders and reckless drivers to a stop at railroad crossings and at dangerous street corners. The plan is one that is being worked out successfully in Memphis and Franklinton. Just before you reach a railroad crossing or a dangerous corner in the city the auto drivers are going to find a concrete "bump the bumps" which will compel any car to come to a slow rate of speed, especially after they have gone over it once. This "bump the bumps" will send the occupants of the car up to the top and give them a shaking up which will remind one of the rough spots on the country roads. These "bump the bumps" are said to be a great success in every city where they have been tried and get better results than a flagman at railroad crossings. It is expected that the first ones will be placed at the Fourth street crossings and be ready for operation within the next week.

W.S.S. Did You Think Spies Were at Work?

If you had any kind of an imagination, you perhaps thought the German spies were getting in some good work in Bogalusa last Wednesday night. During the electrical storm which swept the city the lights went out of commission and when the wind was at its highest the fire whistle blew and the engines made a run to the Great Southern plant. Every whistle in the city blew and continued for some time. Then all was quiet. A few minutes later the whistles were blown again. Meanwhile the lights were out and there was a slight rain. The fire whistle started again. By this time the calls to the telephone station had slackened and it was found that in sounding the first alarm the fire whistle had broken and was being fixed. Firemen at other plants did not know that the whistle was broken and continued sounding the alarm. The signal for the first fire was for the Great Southern coal chute where little damage was done. Early Thursday morning there was another fire in Richardsontown.

W.S.S.
FOURTH OF JULY SERVICE
At the Fourth of July service this morning at 10 o'clock at the First Methodist church the church flag, and the soldiers' service flag will be raised on the steeple in the church lawn; also a handsome U. S. flag will be raised which was recently presented to the church by Mr. W. H. Sullivan, chairman board of church trustees.

POLICE JURY TO CALL NEW ROAD ELECTION

State and Federal Aid Can Not Be Secured Under Present Plans

The special election called for August 27 to vote an 8 mill tax to run for a period of 25 years will likely be called off at the next meeting of the police jury which will be held Friday owing to the fact that under the present plan the parish could not get any assistance from the federal or state government. Both state and federal aid is expected to amount to between \$1500 and \$2000 a mile and a bond election must be held instead of voting a special tax.

The police jury will likely be asked to vote bonds to the amount of \$500,000 instead of an 8 mill tax for 25 years which would amount to \$1,500,000. In this manner any amount of the money desired could be secured at one time instead of having a part of it coming in each year. It has been pointed out that \$100,000 of these bonds could be disposed of as needed and thereby save the tax payers considerable interest and at the same time have enough money available to carry on a big road building program. To raise the half million would require only a 4 mill tax to run about ten years.

W.S.S. LIMIT CLUB IN THE W.S.S. DRIVE ANNOUNCED

Bogalusa Has More Members Than Rest of Parish Combined

The complete list of members of the W.S.S. Club, those who subscribed for \$1,000 worth of W.S.S. to Tuesday noon appears below. It is expected that there will be several additions to the list before the drive closes tonight, Thursday, July 4th.

Franklinton
D. E. Sheridan, S. H. Burris, Inc., D. H. McCreary, McCreary Lumber Co., Washington Bank & Trust Co., A. E. Hood, Wiley M. Wood, R. D. Magee, A. G. Magee, E. A. Carter, Mrs. W. J. Dobson, Burris Bros., Ltd., M. A. Thigpen.

Bogalusa
