WOMEN PRAISE STELLA-VITAE

We want every afflicted woman to try at least one bottle of Stella-Vitae on our plain, open guarantee to return the money paid for it if it does not benefit.

If you doubt our word that it will relieve the distressing aches, pains and misery peculiar to the diseases of women, read the testimony of these women who have tried it and are glad to tell others what it has done for them.

Mrs. J. F. Lee, Milledge, Ga., had female complaint for years. Three bottles of STELLA-VITAE cured her, she said, and added, "I am certainly thankful for this great female tonic."

Mrs. Paralee Frazier, Longview, Tex., expressed appreciation of STELLA-VITAE in these words: "I cannot say too much for this wonderful medicine. I had taken other female medicines for two years with no good results. I am truly grateful for the good STELLA-VITAE has done me."

Mrs. Sandy Withers, of Greensboro, Ala., was a terrible sufferer from female trouble—and only a woman knows what that means! Her condition got so bad her pains threw her into spells like fits. Her husband feared she would lose her mind.

The Greensboro doctors pronounced her incurable. Then somebody suggested that she take STELLA-VITAE. She did so. The first dose lightened her spells.

STELLA-VITAE is a perfectly harmless compound and it not only alleviates a woman's pain, but builds up her health; it stimulates her appetite, aids digestion, quiets her nerves and clears her complexion. It improves her personal appearance.

All dealers sell Stella-Vitae, and are authorized to return the money paid for the first bottle if it does not benefit.

"IMPERIAL GERMANY" WHAT IT IS

By DR. TALCOTT WILLIAMS, Director of the Columbia University School of Journalism.

Based on the principle, immoral in ethics, tyrannical in operation, and perilous to all liberty, that certain men are born to rule, the "Imperial German Government" has for a generation been the foe of liberty and the enemy of freedom.

Talcott Williams, ty of Berlin, which would have brought peace, and is responsible for four Balkan wars. A score of years ago it supported the bloodthirsty Sultan of Turkey in Armenian massacres, and the officers of the "Imperial German Government" have aided and abetted these massacres now because the Armenians worked and planned for liberty when other races in Turkey were quiescent.

"Secret Enemy." In 1908, when the revolutionary Turkish government was for freedom, Germany opposed it; when it became tyrannical Germany made this government its ally. The German government harassed France not merely because it was its ancient enemy, but because its success as a republic made the French people perilous to princes.

Because the American people by its prosperity and power made liberty desired by all the world the German government has been its secret enemy. Thirty years ago it plotted against our treaty rights in Samoa; it sent its fleet to worry and threaten Dewey at Manila in 1898; it offered to England, which refused, to overturn the Monroe Doctrine in Mexico. It has in fifteen years threatened Venezuela, Mexico, Hayti and other American states.

When we were maintaining peace under great provocation, it proposed to Mexico and Japan to attack us, both refusing. It betrayed international faith in the dispatches sent through the Swedish Minister. It filled our land with spies, sought unavailingly to embroil us with those of German birth resident in this country, slaughtered our citizens on the high seas, contrary to all law, national and international, human and divine.

"Bore Much." We waited long, we bore much, and we are now sending our sons to the war declared against the "Imperial German Government" because the record of thirty years shows that neither liberty nor democratic institutions are safe the world over while that government is powerful. We wisely prefer, after what Belgium suffered, to fight Germany "somewhere in France" rather than in New York harbor; on the Somme, rather than on the Hudson. In one or the other we should have had to fight. In 1776 we sent our sons to fight for American liberty, and we won it. In 1812 we fought for the freedom of the sea, and we won that. In 1861 we sent our sons to fight for the liberty of the slave, and we won that. Today we send our sons out to fight for the liberty of humanity, and we shall win that.

Awaiting The Joyful Sound

The Wonderful Music that Bursts Forth When the Star Arrives.

Who can forget that little brassy cry that echoes the arrival of the new baby? Before baby comes the mother should get in condition to meet the crisis.

Thousands of women have used the safe and reliable application, Mother's Friend, during the waiting months, and they relate how they entirely escaped nausea, nervousness, bearing down and stretching pains, and many other debilitating and disheartening experiences which so try the mother for the greatest time in a woman's life.

Mother's Friend is a wonderful help to nature in relieving strain and distress brought about by expanding muscles. The nerves, too, will be calm, making the period one of cheerful days and restful nights. The breasts are kept in good condition and the abdominal muscles relax with ease when baby is born.

Mother's Friend makes it possible for the expectant mother herself to actually aid nature in the glorious work to be performed, and no woman should neglect or fail to give nature a helping hand. It will mean infinitely less pain at the crisis.

Mother's Friend is for external use only, is absolutely safe and wonderfully effective. It is prepared by the Bradford Regulator Co., Lamar Bldg., Atlanta, Ga. Write them for their "Motherhood Book," so valuable to expectant mothers.

Procure a bottle of this famous remedy, which has been used by women with the greatest success for over half a century, from the druggist today, and thus fortify yourself against pain and discomfort.
