EAST BOUND: No. 508 motor car, leaves 7:15 a. m. No. 506 passenger, leaves 9:37 a. m. No. 528 motor, leaves 4:40 p. m.

Our grand jury spread itself some last week, when it examined 37 witnesses, in one case to decide whether or not to indict.

Stopping up a natural drain and trying to get the water to drain "uphill," as was done on East Washington street, is, in our opinion, a poor way of spending the taxpayers' money.

Even though we did have inches of rain fall since the night of Sept. 25, we can't see why we should complain "hard times".

The property tax payers of Abbeville, who have put down cement side walks have had a good chance to see and realize the great benefit of having them.

Are our farmers neglecting their own welfare by not raising a garden, chickens, hogs, and other commodities for the home? Are the merchants to blame for this for allowing them so much credit?

We wish to call the attention of the property owners to the fact that the cement walks, which have been put down this year, are not going to stand the washing by the water.

Let the farmer raise some vegetables for the new canning factory, and he will have some extra cash money to live on. Let the people buy only home canned goods.

Is Your Home a "Financial Success?"

The-day-by-day problem of "living within the income" is the despair of some housewives--and a simple problem of good management with others. The amount of the income does not always determine whether the problem shall be solved or not--for family "needs" have a way of adjusting themselves to family resources.

Jewish New Year.

Wednesday of this week was the Jewish New Year, and the Jewish citizens of this city closed their stores.

The Jewish New Year, which begins in their season of holidays, called the Ten Days of Repentance. In the Jewish tradition, Rosh Hashonah marks the anniversary of the creation of the world, supposed to have taken place 5674 years ago. The feature of this celebration, however, which the Jews observe, is not the ushering in of a new year, but the change of life that the day stresses. It is a day set apart for introspection and self-examination. It is a Day of Metemorphosis and a Day of the Blowing of the trumpets. It calls upon the Jew to remember the divine purpose of his life. Its purpose is to rouse Israelites from self-complacency and stir them to high resolves and noble deeds.

On account of Holiday Immergluck's store will be closed Saturday, Oct. 11, until 6 p. m.

Good tenants, not satisfied with their present living or business quarters, are in the mood to read your "To Let" ad with very deep interest.

The merchant who talks mostly about hard times doesn't advertise in his home paper. He would rather sponge his advertising if he had the opportunity.

It's Just a Want Ad Task!

Don't look upon the quest of a new position as one of the horrors of life. Don't stand helpless before the task. For it's just a want ad task--the commonest task the want ads undertake--
