## Community Co-Operation

COPYRIGHTED FARM AND RANCH-HOLLAND'S MAGAZINE

In nearly every community there are men and women who send or go to the larger cities for many of their purchases. They either feel that goods carried by their local merchants are not good enough for them or that they can do better in the city.

These misguided people are not malicious barriers to local welfare and development. Nevertheless they retard the progress of their communities just as much as though they intend to.

It is hard to think of a single article in general use that can not be purchased from or through our local merchants to as good advantage as elsewhere.

Possibly some of you at times desire certain patterns, designs, styles or models of articles that are not carried in

stock locally, but it is safe to say that if you will make your wants known to your merchants they will get the specific article you want at the same price you would have to pay elsewhere, and save you the trouble and expense of sending or going away.

If you want to be an active factor in the growth and improvement of this community you should spend every dollar possible right here where it will stay in circulation and assist in our general and individual prosperity. Whenever you are in doubt as to your ability to patronize local stores to as good advantage as elsewhere, investigate before you decide to buy from a distance.

### Natural Drift is Slow.

No town will become a good business center so long as its business men rely on a few merchants to make the effort to bring trade to town. Too often the men in a few lines of trade are about the only ones that reach out after custom. Other merchants wait until these men induce the people to come to town and content themselves with trade that naturally drifts to their place.

### Foley's Honey and Tar Compound for Croup.

Croup scares you. The loud hoarse croupy cough, choking and gasping for breath, labored breathing, calls for immediate relief. The very first doses of Foley's Honey and Tar Compound will master the croup. It cuts the thick mucus, clears away the phlegm and opens up and eases the air passages. Sold by City Pharmacy. adv.

### Survival of the Fittest.

Beautiful is the sight of our young people going to and from school. Pure maidenhood and manhood has no superior in beauty and grace. Young people, do your best. It will be the survival of the fittest in life. Get knowledge and it will all come in play some day. Get character; it is above price. Older people, encourage them.

### No War on Other Side.

Here is one of the pathetic incidents coming out of the shambles of Europe: Two wounded soldiers--one French, one German--lay side by side on the battlefield. The former passed his water bottle to the wounded German. The German sipped a little kissed the hand of the man who had been his enemy and said: "There will be no war on the other side."

## Helps With the Lessons

At night when the children gather around the sitting-room table studying their lessons for the next day, the telephone often rings. A little neighbor a mile down the road wants help from his school-mates. Children as well as grown-ups get pleasure and profit from the farm telephone. Do you know how little this service costs and how valuable it is?

See the nearest Bell Telephone Manager or write for our free booklet. A postal will do.
