An Appropriate Christmas Gift:

Young folks, have you ever wanted a certain article as a Christmas gift, and when Christmas came around you didn't get it and went and bought it yourself? Well that is just the way to do in this case, but first take the matter up with your parents. If you present the matter in the right light, they can hardly turn you down. For this is the best proposition you ever put up to them; it is a thing that will win your independence and enable you to make a good living thru'out life. It is a scholarship in the Tyler Commercial College of Tyler, Texas, America's largest school of Bookkeeping, Business Training, Shorthand, Typewriting, Telegraphy, Business Administration and Finance,--the school that not only prepares its students in a very efficient manner for the best positions in the largest business offices, but secures these positions for them.

The cost of a life scholarship in a course of Bookkeeping or Shorthand is \$50, or the two 95, Telegraphy \$55, Business Administration and Finance \$75. Board is from \$11.50 to \$15 per month, payable monthly. The average time for completing our Shorthand course is three and one-half months, our Telegraphy or Bookkeeping course, four months, Business Administration and Finance five months, our Bookkeeping and Shorthand course combined, five and a half months. Figure up your cost of board and tuition and you will be surprised to find out how little it will cost you to obtain an education that you can use thru'out life to a great advantage. It will be a Christmas present that you will always appreciate, because you will never cease using it, it is something of every day need.

If you or your parents as the case may be haven't the cash to pay for the entire course, we have a note plan, we also have a loan fund in connection with our Endowment Association that may be participated in by those who can give first class references. The old saying is quite true "wherever there is a will, there is a way".

See about this Christmas gift. Take it up and discuss it seriously. Write for our large catalogue, it is free and will convince you and your parents of the importance of our claims for this Christmas Present.

Hard, But True.

Among the many of our farmers, we hear some of them crying "hard times", yet they have no chickens, hogs, vegetables, or other truck to sell. Those farmers who have chickens, hogs and such, seldom, if ever, complain about hard times. Right now eggs are only worth 30c per dozen, and the demand is hardly supplied at home. Wake up farmers, where are you going.

No trespassing or hunting allowed on my place in the Fourth Ward, under penalty of law. IGNACE FREDERICK

License on Automobiles.

Every automobile must have a state license after Jan. 1, Secretary of State Alvin E. Hebert is making preparation to supply the license plates, and within a few days will award a contract for 8,000.

Under the 'law, adopted as a part of the constitution at the recent election, each automobile

owner must buy a state license at the rate of 25 cents per horse power. Automobile dealers must pay a license on the minimum of the horse power of the different cars they handle, second hand dealers must pay \$10, and the license tax for motor trucks is fixed at \$7.50.

The proceeds of the license tax go to the road fund of the parish from which it is collected. The administration of the law devolves upon the secretary of state.
