STATE NEWS OF INTEREST NATIONAL FROM OVER THE WORLD FOREIGN

BRITAIN IS WARNED BY UNITED STATES

Nation Must Participate in Privileges Under Mandate Says Colby.

The American government has informed Great Britain politely, but firmly, that it does not propose to be excluded from participation in the rights and privileges secured under mandates provided in the treaties of peace. Furthermore, it expects to be heard regarding the terms of those mandates before they are put into force.

The position of the United States is set forth in a note by Secretary Colby to Earl Curzon, the British secretary of state for foreign affairs, and the specific question discussed is that of the Mesopotamian petroleum fields. Mr. Colby's note is dated November 29 and was made public Thursday following its delivery to the British foreign office early this week. It is in reply to a British note of last August 9, which has never been made public, and which deals with the application of the principles of equality of treatment to the territories of the Near East to be placed under British mandate.

The American note takes issue with what is described as the British position that mandate agreements and treaties are to be considered only by states that are members of the league of nations. It states that the United States as a participant in the world war "and a contributor to its successful issue, can not consider any of the associated powers, the smallest not less than itself, debarred from discussion of any of its consequences, or from participation in the rights and provisions secured under the mandate provided in the treaties of peace."

Mr. Colby said in his note that the American government accepts the statement of the British government that it has refrained from exploiting the petroleum reserves of the mandate territories in question "and welcomes your pledges that it is far from the intention of Great Britain to 'establish any kind of monopoly or preferred position in the oil industry.'"

"I need hardly refer again," Mr. Colby continues, "to the fact that the government of the United States has consistently urged that it is of the utmost importance to the future peace of the world that alien territory transferred as a result of the war with the central powers should be held and administered in such a way as to assure equal treatment to the commerce and to the citizens of all nations. Indeed, it was in reliance upon an understanding of this effect and expressly in compliance thereof that the United States was persuaded that the acquisition under mandate of certain enemy territory by the victorious powers would be consistent with the best interests of the world."

"It is assumed a certainty that your statement with reference to mandate (not described) together with the statement that the draft mandates for Mesopotamia and Palestine have been prepared with a view to secure equality of treatment for the commerce and citizens of all states which are members of the league of nations, do not indicate a supposition on your part that the United States can be excluded from the benefits of the principle of equality of treatment."

U. S. Officer Wins Air Race.

Mineola, N. Y.—Flying at a speed of virtually three miles a minute, Lieutenant C. C. Mosely, piloting an American-made Verville-Packard army plane, won the first Pulitzer trophy aeronautical race Thursday against a field of 24 starters. He covered the course of slightly more than 132 miles in 44 minutes 29.57 seconds, an average speed of approximately 178 miles an hour.

Captain Held Not Guilty.

London—Captain W. Todd, in command of the United States cruiser Pittsburg when she went aground off Libau in September, has been absolved of blame for the accident at a court martial held on the cruiser at Chatham, according to reports reaching London. The navigator and watch officer are now being tried.

Chevrolet Death Accidental.

Los Angeles, Cal.—Certificates of accidental death were issued by the coroner Friday in the cases of Gaston Chevrolet and Eddie O'Donnell, automobile race drivers, and Lyaal Jolis, mechanic, killed in Thursday's 250-mile championship race on the Los Angeles speedway.

Mexican Oil Revenues.

San Antonio, Tex.—Mexican treasury revenues from oil taxes for the coming year are estimated at 48,000,000 pesos, according to information received in Mexican circles in San Antonio Friday.

Japanese Miners' Strike.

Tokyo.—Four thousand miners employed in five mines have gone on strike at Ishiwa. The men are demanding a raise in wages.

STEPS TO PROTECT RESOURCES URGED

CONTROL OF GRAVEL AND ROCK DEPOSITS PROBLEM FOR CONVENTION.

SHOULD CONSERVE WEALTH

Question of Public Ownership of Gravel Deposits is Being Agitated in Several Parishes at This Time.

Lafayette.—Steps should be taken by the approaching Constitutional Convention to protect the mineral resources and the gravel and rock deposits of the state so as to prevent Louisiana from being denuded of her vast natural wealth, in the opinion of the state Senator J. R. Domengeaux of Lafayette.

"Louisiana," Senator Domengeaux said, "has been blessed by many of nature's most valuable gifts, but heretofore they have not been used or developed to the best advantage of the state. Within a few years our great timber forests will be denuded, unless steps are taken to check the wanton waste. It will not be long before some of our mineral resources, such as oil, gas, etc., will be exhausted unless they are properly conserved."

"Ways and means should be devised by the Constitutional Convention to not only conserve this natural wealth, but to provide methods whereby the state can get more revenue out of it. These are gifts to the people and the state is entitled to even a larger proportion of revenue than it is getting through the efforts of Governor Parker. I think the state should get 5 per cent of the sales value of these products, instead of 2 per cent."

"The Constitutional Convention should also devise a way to enable the state to control our gravel and rock deposits. These materials are needed in the construction and maintenance of public roads and highways. Louisiana must have a system of modern roads that will penetrate every section. Our state cannot grow and prosper as it should without highways."

"We have vast deposits of rock and gravel in many of our parishes, especially in the northern and central section of the state and in Florida parishes. Some of these deposits have already been gobbled up by large syndicates and the syndicates are reaching out for more."

The question of public ownership of gravel deposits is being agitated in several parishes, but up to this time Ouachita is the only parish that is known to have taken steps to protect itself in obtaining possession of road-building material. Ouachita parish has purchased a gravel deposit near Monroe and is using the material in building highways.

FOR HURRIED READERS.

Hammond.—The Florida Parishes Fair Association has received notice that it would receive the sum of \$750 from the state, that being the amount which had been set aside for the 1920 fair. The notice was sent through Commissioner Harry D. Wilson. To this amount will be added \$250 each from the parishes of Livingston and St. Helena, \$500 from the police jury of Tangipahoa parish and \$150 from the parish school board, making a total of \$1,900. These funds will greatly facilitate the good work being done by the annual fair.

Monroe.—The board of directors of the Monroe Chamber of Commerce at a meeting have decided to use the full power of the organization for perfecting sub-zone No. 10 of zone No. 1 of the Mississippi Valley Association. The sub-zone will include Ouachita, Union, Lincoln, Jackson, Moorehouse, Richland and East Carroll parishes.

Monroe.—Mrs. J. P. Lockwood of Manor, Tex., was killed and J. P. Lockwood, her husband, probably will die as a result of an accident which occurred at Manor recently. J. E. Lockwood of West Monroe, their son, was advised. The Lockwoods were crossing a railroad track in their car when it was struck by a passenger train.

Monroe.—A telegram received here from Pine Island states that the Last Chance Oil Company, which was organized by Charles Beard, of Monroe, and in which a large number of Monroe business men are interested, has one of the greatest producing wells at Pine Island in the state. During two hours the well is reported to have produced 1200 barrels.

University Station.—Fruit trees for a model orchard were ordered recently for a farmer at Hackley, reports J. V. Rabb, agent in Washington parish. Special help in buying, planting, pruning and spraying the trees will be obtained from the State University horticultural Division.

Pointe a la Hache.—No seed cane has been withdrawn for spring planting and it is feared that the bud of it has been badly injured if not killed, which will cause poor seed for planting.

Crowley.—Crowley is arranging to pull off something new and unique in the school and fair line.

Monroe.—The second well of the La Del Oil Properties, incorporated, in 16, 19, 5, of Ouachita parish will be brought in soon, according to present plans.

Monroe.—Kaplan's Greater Shows will winter in Monroe beginning January 1. The organization will bring 300 people to this city for the winter.

Monroe.—The Vicksburg, Shreveport and Pacific Railroad will retain all men in the service at Monroe and elsewhere, with possibly some exceptions, it is stated by officials of the railroad here.

Plaquemine.—The town has received a new smockstack to replace the old one at the waterworks plant, and the work to install it will be begun at once.

Plaquemine.—Other improvements will be made, among them being the installation of water meters, and every patron has been notified to have them installed immediately.

Hammond.—A large audience heard the recital at the High School Auditorium given by the baritone, Cecil Fanning, under the auspices of the Hammond Choral Society.

Hammond.—Gaspard Dechiaro an Italian farmer, was accidentally killed when he fell from a load of sugar cane which he was hauling, the wagon passing over him.

Crowley.—The Chamber of Commerce is also planning to spend money in publishing paid advertisements in the newspapers in New Orleans and elsewhere with the view of placing the advantages of Crowley and Acadia parish before the public.

Pointe a la Hache.—The predicted freeze to the Gulf coast arrived and the coldest weather of the year was experienced on the Lower coast. Ice and a heavy frost did much damage to all tender vegetation and the entire snapbeans and running lima crop were killed. Seed beds were covered and saved for field transplanting.

University Station.—Much interest was shown in a peach-pruning demonstration given at Lockport recently, writes Miss Clyde Schilling home agent in Lafourche parish. The women are especially interested in that line of work. A woman's club will probably be organized at Lockport to carry on demonstration work.

Hammond.—The taxpayers of the parish are much pleased at the new arrangement in the tax collector office, all receipts are made out and when a land owner wants to pay his taxes the receipt is signed, and delivered, requiring only about three minutes where formerly it took from 20 minutes to 45 minutes to pay one's taxes.

Monroe.—The steamboat Clipper, owned by the Carter Packet Company, of New Orleans, will be placed in service between Monroe and Boeuf river points as soon as the river becomes navigable, the Monroe Chamber of Commerce has been advised. The Carter Company will resume boat service between Monroe and New Orleans within thirty days.

Crowley.—The Crowley Chamber of Commerce has started a movement to organize a live stock association to work with the authorities in making Acadia parish 100 per cent tick free. The parish is 90 per cent tick free now by official announcement. The Chamber of Commerce will urge the farmers of this section to breed first-class scattle and hogs, in addition to growing rice. The purpose in this is to make Crowley a live stock center as well as a rice growing center.

University Station.—A demonstration in canning meat was an interesting feature of the week, reports Miss Beatrice V. Lilly, home agent in Morehouse parish. Steak, roast, boiled beef, tongue, heart, soup stock, and stew, from a two-year-old calf, were put up. This is only one of a number of meat-canning demonstrations that will be held in this community.

University Station.—A co-operative shipment of hogs and some fat cattle were sent recently from Madison parish, reports T. J. Watson, farm demonstration agent. Fat grains are doing well. Farmers are being advised by the agent to plow or cut and burn cotton stalks as means of controlling the boll weevil.

University Station.—Work this week consisted largely of collecting results of demonstration conducted in fertilization, varietal tests and weevil control work, reports A. B. Curet, agent in Pointe Coupee parish. These indicate that some interesting data will be obtained from these demonstrations.

Monroe.—M. L. Alexander, of New Orleans, commission of conservation of Louisiana, will address the hunters and fishermen of Northwestern Louisiana at a meeting to be held at the City Hall. The addresses will be under the auspices of the Ouachita Game and Fish Protective Association.

Monroe.—The United States District Court for this division of Louisiana will be convened in Monroe on December 6 with Judge George W. Jack, of Shreveport, on the bench.

Death Penalty Passed on Men.

Washington.—Thirty-two persons in the army were sentenced to death by court martial during the last fiscal year, but in no case was the sentence carried into effect. Major General E. H. Crowder, judge advocate general, says in his annual report made public Friday. Twelve of the death sentences were disapproved, nineteen reduced to imprisonment ranging from life terms to five years, and one case was pending on review when the report was compiled.

Irish Leaders Arrested.

Dublin.—Arthur Griffith, founder of the Sinn Fein organization; Prof. John MacNeill, Sinn Fein member of parliament for Londonderry city and the National University of Ireland, together with a number of others, including Professor MacNeill's son, were arrested Friday by the auxiliary police.

Aliens May Be Barred.

Washington.—If congress at the coming session is unable to enact legislation to restrict immigration, it probably will be urged by the house immigration committee to bar all aliens from the United States temporarily, Representative Johnson of Washington, chairman of the committee, said this week.

Palestine Censorship Lifted.

New York.—Censorship restrictions on cable messages from Palestine, which have been effective since July, 1919, have been lifted by the British government.

German is Released.

Atlanta, Ga.—Franz von Kintelen, former officer in the German navy, who was serving a sentence at the Atlanta federal penitentiary, was released Friday, his term having been commuted by President Wilson.

Swedish Minister Dies.

Washington.—W. A. F. Ekengren, Swedish minister to the United States, died at the legation Friday after a brief illness.

WEEKLY MARKET REPORTS

Latest market reports, issued by the U. S. Bureau of Markets, Washington, D. C. Hay, Feed and Seed.—The hay market trend is downward because of better receipts and light demand in principal distributing markets. Timothy and prairie prices \$1 to \$2 lower. Alfalfa steady, prices unchanged at a few markets principally because of very light receipts, hardly equal to local demand. Chicago and Cincinnati report improved demand at the lower quotations. No. 1 timothy, Chicago \$20, Kansas City \$24.50, Cincinnati \$21.25, Minneapolis \$24.50. No. 1 alfalfa—Omaha \$25, Memphis \$23, Kansas City \$25.50. No. 1 prairie, Chicago \$23, Kansas City \$24.50, Omaha \$24.50, Minneapolis \$20. Cotton seed meal prices off \$2 to \$4. Philadelphia and other markets offer 26 p. c. cotton seed meal at \$10.50, 41 p. c. cotton seed meal \$11. Memphis, four middling \$27, middling \$28. St. Louis, Oct feed \$10. Kansas City, Ala. normally slow movement of cover and alfalfa seed continues. Clean seed per 100 lbs.: Red clover \$16 to \$18, alsike clover \$20 to \$22; sweet clover \$9 to \$12, alfalfa \$12 to \$15. Seed men are reluctant to make bids because of declining prices and money stringency.

Grain.—Trend of prices steadily downward during the week with the exception of the 23d. Export sales of wheat heavier on the 24th than any day since early fall, yet heavy selling of Chicago December by houses with seaboard connections caused further break in prices. Good demand for cash grains on the 24th at strong premiums over December prices. Soft red winter wheat hard to get and No. 2 brought 20 cents over Chicago December. No. 2 hard winter \$34 premium over December. No. 2 mixed corn 66 premium, new No. 4 yellow 22; old No. 2 yellow 12c; No. 2 white 6c. Kansas City reports plan adopted by large elevator companies to advance farmers a bushel on wheat with contract, that wheat is to be delivered at once, but farmers may sell at any time and receive balance. For the week Chicago December wheat lost 24c, closing at \$1.60; December corn down 5c to 6c, Minneapolis December wheat lost 2c to \$1.47; Kansas City 2c to \$1.51; Winnipeg 2 1/2c to \$1.62. Chicago March wheat closed at \$1.44 and May corn at 71c. Minneapolis March wheat \$1.09; Kansas City \$1.19; Winnipeg May \$1.72.

Fruits and Vegetables.—Potatoes declining 10 to 15c per 100 lbs. at Northern U. S. markets, reaching \$1.45 to \$1.85 sacked. Accumulated supplies in consuming center served to depress leading markets 15 to 25c, carlots declining to \$1.80 to \$1.90. Chicago. Jobbing prices closed at a weaker, wider range of \$2 to \$2.50 in other markets. Shipments 2014 cars week ended Nov. 23, compared with 2261 cars preceding week. Danish type cabbage steady, f. o. b. around \$10 per ton bulk at Western New York markets. Eastern consuming markets closed at more narrow range of \$13 to \$20; domestic \$10 to \$15. Shipments 416 cars compared with 1241 cars previous week. Virginia sweet potatoes week; about 25c per bushel lower in consuming markets at \$1.75 to \$4.25 on Nov. 23. Shipments decreasing; 39 cars vs. 22 compared with 105 Nov. 20 and 79 cars Nov. 19.

Cotton.—Prices for spot cotton and future contracts continued to decline during the week, although the decline this week was not so severe as in previous week. The average price for middling upland cotton as quoted by the 40 dealers listed markets lost about 125 points, around 16.25c, or 18 points above the low price recorded on Nov. 22. New York futures lost 91 points, at 16.90c.

Live Stock and Meats.—Cattle at Chicago recovered from the depressed conditions two weeks ago, and net advances of 25c on feeding steers to \$1.25 on choice yearlings were recorded for the past week. Beef steers advanced 5c to \$1.15. Veal calves lost 1 1/2c. Hog prices continued to drop, the extreme top showing a decline of 4c per 100 lbs., and the average decline 2 1/2c. Fat lambs broke 7c; feeding lambs \$1.25. Sheep were also sharply lower. November 24, top Chicago prices: hogs \$10, yearling steers \$18, good beef steers \$15.50 to \$15.75, heifers \$12.50, cows \$10.50, feeder steers \$10.75, westerns \$12.25, veal calves \$13.75, fat lambs \$11.25, feeding lambs \$11.50, eyes \$4.65. All fresh meat prices declined during the week. Fresh pork showed the greatest loss, loins declining \$3 to \$6 per 100 lbs. Beef broke \$2 to \$3.50; veal \$1 to \$2, with some medium grades more. Lamb and mutton lost \$1 to \$3. Trade uniformly lower. Nov. 24 prices on good grade meats: beef \$17 to \$21, veal \$22 to \$25, lamb \$24 to \$26, mutton \$13 to \$16, light pork loins \$29 to \$34, heavy loins \$25 to \$27.

Dairy Products.—Butter market decidedly weaker, prices for 32 score declining 7c at Chicago. At eastern markets \$2 score barely firm with undergrades in limited demand at irregular and lower prices. Danish butter well cleaned up at New York at firmer prices. Two steamers with fresh Danish supplies due to arrive latter part of week. Storage in very limited demand and reduction of stock mostly for purpose of supplying private jobbing trade. Eastern markets anticipate decline and dealers are shading prices to move stock of all grades. Closing prices, 52 score: New York 65c; Philadelphia 65c; Boston 60c; Chicago 54c. Cheese market good, demand mostly for small lots, but conditions indicate that prices are easily obtained. Some slight further advances reported during past few days at Chicago and Wisconsin markets. Current arrivals in eastern markets beginning to show effects of weather. Lighter trade anticipated through holidays. Prices slightly higher and for most part steady to firm. November 22 prices: Plymouth Wisconsin Cheese Exchange: Twins 24c; daisies 25c; double daisies 24c; longhorns 26c; square prints 28c.

New Orleans Rice Market.

New Orleans, La.—The local rice market had a better tone Friday and a few sales were made at last prices. Jobbers claim they can buy rice cheaper than the price fixed by the whole family. A few export orders were received Friday from both London and Belgium. Receipts were 16,244 sacks of rough and 6325 pockets of clean.

No sales of rough. Sales of clean were 405 pockets of Honduras at 24 1/2c, 1200 pockets of Japan at 25c, and 500 pockets of the Rice at 4 1/2c. Carolina was quoted at 6 1/2c.

Fort Worth Live Stock Market.

Fort Worth, Tex.—Dressed trading prevailed in the cattle division Saturday, but striking at average the market came close to holding to a steady level. Receipts were more than ample to meet all requirements and most of the supply had to be disposed of at a declining market. Around 2000 cattle and 1000 calves were offered. Calves displayed more activity than usual and calves over 300 lbs. heavy pigs and hogs to the number of 100 head sold on a steady market and the sheep trade remained unchanged. The sheep count called for 2100 head, but only one deck was for the market, the remainder being en route to pastures.
