## EVERY HOME SHOULD HAVE MUSIC, SAYS BEAUTY

BY MARY ETHEL PAIGE

"The principle of all art is harmony," says Diana Allen, "and the harmony best understood is in music. That is the reason I advocate that every home in America should have a piano. I think it the best way to entertain and develop one's artistic abilities—and we all have them if we only knew it."

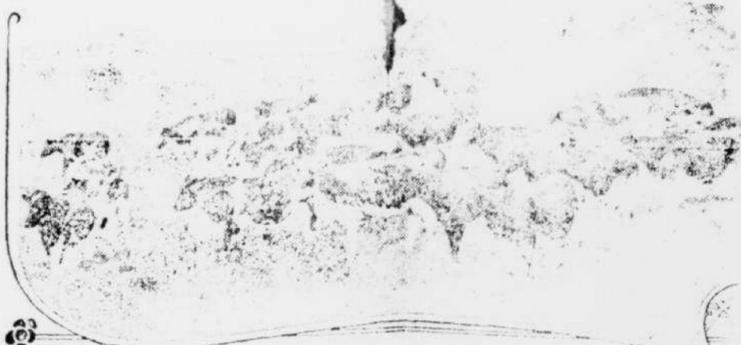

The famous screen beauty, who formerly did dance specialties in Ziegfeld's Follies, was seated at a piano in the Paramount Studios when I called. She was executing

an airy little caprice by Klengel, while Wilfred Lytell stood near. They were waiting for cameramen to adjust a machine in preparation for taking a beautiful interior scene in Charles Maigne's production of John Fox, Jr.'s story, "The Kentuckians."

"My dancing, my acting, my ability to interpret the various emotions and feelings in all art—I credit it all to our family piano," continued Miss Allen. "My mother saw to it that music was a big part of our home, bringing out all the latent abilities of our whole family."

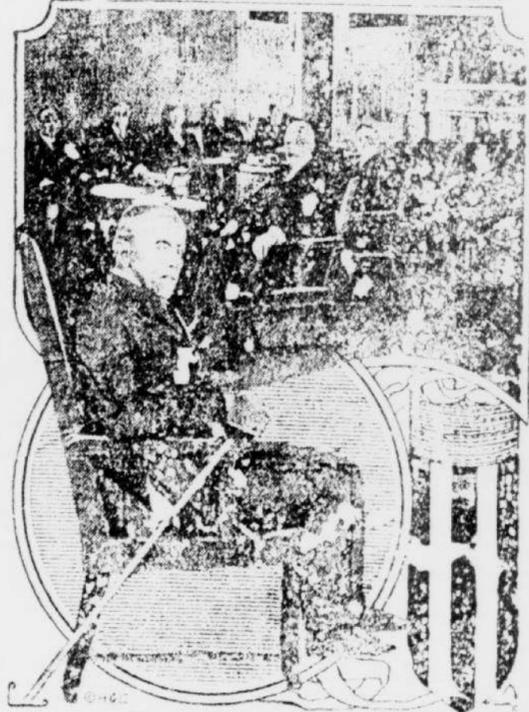

Miss Allen, at her best in this big production, portrays the part of Anne France, daughter of the governor, while Monte Blue has the lead as the sturdy, ambitious mountaineer, Boone Stallard. Besides Wilfred Lytell, are Frank Joyner, J. H. Gilmore and Joan Milner in leading parts.

## AMERICAN STOCKMEN GIVE DAIRY COWS TO GERMANY

American farmers and stockmen heard the cry from central Europe of dejected breeders and despair of dairymen. Like the American corn growers who gave freely to the starving nations, so the breeders and dairymen of Kansas, Oklahoma and Texas have given and today in the distance around about Bremen, Germany, graze a thousand American cows and calves, their gift to the unfortunate dairymen there. Thirty American farmers' sons cared for the cows en route, which were shipped from Galveston about six weeks ago. The picture is of a part of the herd before shipping.

## LAST PICTURE OF WILSON AS PRESIDENT

President Wilson, looking out his heavy rubber-rimmed glasses, winked into the camera's flash at the White House for the last picture of his cabinet when this picture was taken, Feb. 16. The president had gained in weight, but showed plainly the suffering through which he had passed.

## Internal Revenue Collection Item

The following statement is issued by Collector of Internal Revenue, Rufus W. Fountain.

With the approach of March 15th, taxpayers are advised not to delay in the preparation and filing of their income tax returns for the year 1920.

To avoid penalties, the returns must be in the hands of a collector or a deputy collector of Internal Revenue on or before midnight of that date.

Revenue officers have been assigned to the different sections of the state to assist taxpayers in correctly making out their returns. This service is offered without cost to the public.

Any information as to the dates on which an officer will be in your locality can be had from your postmaster.

On page 1 of the income tax forms is the following: "If you need assistance go to a deputy collector or to the collector's office, but first read instructions and fill out this sheet (face and back) in pencil as well as you can." Much time can be saved both the government officers and the taxpayer if, before seeking aid, the taxpayer will follow this injunction. For example, blank spaces are provided for answers to the following questions: Are you a citizen of the United States? If not are you a resident of the United States? Did you file a return for 1919? If so, what address was given on that return? Were you married and living with your wife or husband on the last day of your taxable period? How many dependent persons under 18 (or of over 18, incapable of self-support because mentally or physically defective) were receiv-

ing their chief support from you on the last day of your taxable period?

Question such as these should not await inquiry from Revenue officers assisting in making out the forms.

Returns are required of every married couple whose net income and that of dependent children for the year was two thousand dollars or more and from every single person or married person not living with wife or husband whose net income was one thousand dollars or more.

For exemptions are two thousand dollars for married persons and heads of families and one thousand dollars for single persons, or married persons not living with wife or husband and are determined by taxpayer's status on the last day of the taxable year, December 31, 1920. Husband and wife may make a combined return of their joint net income if less than five thousand dollars. If the income of either exceeded five thousand dollars, separate returns should be filed for the purpose of computing correctly the surtax which applies only to incomes in excess of that amount.

The tax may be paid in full at the time of filing the return, or in four equal installments due on or before March 15th, June 15th, September 15th and December 15th. Taxpayers are advised not to send cash through the mail. Checks and money orders should be drawn to the order of "Collector of Internal Revenue, New Orleans, La."

## CENTER OF U. S. POPULATION ON INDIANA FARM

Bloomington, Ind., lost its national honor which it held for 10 years to John Herrin, farmer eight miles west of its city limits. For on that spot is the "center" of the nation's population—as figured out by the U. S. government in its 1920 census. The photo of the Herrin home shows the owner and his wife sharing the new honor. The 1910 census placed the center on a factory site in Bloomington. The 1920 census shows that the nation's population is now more than one hundred million people of this country still live in the east and people's capacity plain.

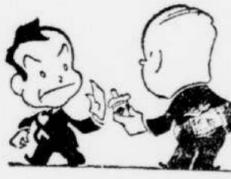

**THE UNIVERSAL CAR**  
GENUINE FORD SERVICE—AND PARTS

**INSTANT** on genuine Ford parts for your Ford car. Mail order houses, stores and many garages sell imitation—counterfeit parts which have not the quality of the genuine Ford parts, but the Authorized Ford Dealers as well as the Authorized Sales and Service Dealers sell only the genuine Ford-made Ford parts. You are safe with them, while your car is mighty unsafe if repaired with imitation parts. The real Ford parts are made from the same properly heat-treated steel as their counter-parts in the Ford car. Every part is heat-treated according to its use. Depending upon the service they perform, Ford parts are tempered to insure the longest life. Tested after almost every operation which they are manufactured, these parts present a vast difference from the parts manufactured under Ford supervision. Counterfeit parts range from thirty to seventy-five per cent below the quality of the Ford standard. Don't take chances; demand Ford parts, they're safer. Bring your Ford to us and thus make "assurance doubly sure." If you want a Ford car, truck or Fordson tractor, leave your order without delay, as now we can make fairly prompt delivery—Touring Cars, Coupes, Sedans, Runabouts, Trucks and Fordson Tractors. Why not drop in and talk over your wants?

## Henry even carries matches now

HENRY WAS "near."  
IN OTHER words, tight.  
HE CARRIED two packs,  
OF CIGARETTES.  
ONE FOR friend Henry.  
FULL OF "Satisfys."  
AND THE other containing,  
JUST ONE cigarette.  
AND THAT lone cigarette,  
WAS ALWAYS offered,  
TO SMOKELESS friends,  
WHO WERE all polite,  
AND REFUSED to take it,  
AND SOMEHOW Henry,  
WAS NOT popular.  
TILL ONE day by mistake,  
HE PULLED the full pack,  
AND EVERYONE fell on it,  
WITH LOUD cries of glee.

HIS STRONG constitution,  
CARRIED HENRY through,  
AND DAY by day,  
HE GREW more popular,  
AND HENRY knew why,  
FOR HE'S nobody's dummy,  
AND NOWADAYS he not only,  
CARRIES THE cigarettes,  
THAT SATISFY,  
BUT FORCES 'em on people,  
GIVES AWAY packs of 'em,  
AND, SHUCKS,  
HENRY COULD run for Mayor,  
AND GET away with it now.

GIVE your friends the real thing—introduce them to Chesterfield! Ours are they'll find just what you've found in this wonderful Turkish-Domestic blend—a smoke that by comparison seems way out of its price class—and is, "They satisfy!"

## Prohibition Regulations

New Orleans, La., Feb. 25, 1921.  
Editor Abbeville Progress:

Will you please publish the following as a news item, as it will be of interest to those affected by the ruling.

The Abbeville Club members under the leadership of Mr. Datch held an important meeting at the High School Building on February 24, 1921. As this was their first meeting they elected their officers. They are now well organized with Noy Lewis as president; Al Booth, vice president; Lester Hubert, secretary; Beatrice Gooch, treasurer; Lillian Waggoner, editor; and Beatrice Gooch, club.

They had with them Mr. Abbott, who made an interesting talk on club work. He especially stressed word for prices and better live stock. Every one hopes that the citizens in this community will give their assistance and encouragement to help the boys and girls make their club one of the best in the State.

Club editor,  
BEATRICE GOOCH

## BEAUTY OF WARDROBE THRILLS AGNES AYRES

BY MARY ETHEL PAIGE  
"Is the supreme moment for me—when I am myself in that wonderful creation designed by Clare West. After all you know, I am only human and what woman could fail to respond to such beauty?"  
Agnes Ayres was talking. She was looking at the picture above, which I hold. We were in the Paramount studio when the last stage set just then completed on Cecil B. De Mille's newest production, "Fetters of the East."  
Miss Ayres and Forrest Stanley and Clarence Burton portray the three characters in a central triangle of married life where death means with poverty, duty and the action of the production. Agnes wears gowns of surprising beauty, an ermine sable mink being next in beauty perhaps to the opera cloak I was admiring.  
The body of blue satin is almost too thick and I could hardly believe the beautiful design in the fabric. The big collar and cuffs of black fox give it a richness which even a camera cannot resist. The dress belies out the full beauty of the figure.
