SCHNOPPS GETS STIFF RIGHT TO JAW

Schnops, great Dane, owned by Joe Fredericks of New York, claims the middleweight championship of the canine world. He has been taught to box—and he likes it. Those who have seen him romp in padded mitts with his master say he "uses his dukes" better than many humans. Schnops will foul occasionally in a clinch. He can't resist the temptation of "biting his opponent's ear."

COL. ROOSEVELT'S WIFE DRIVES MULE IN COUNTY FAIR RACE

Mrs. Theodore Roosevelt, even though her husband is assistant secretary of Navy, did not find it beneath her dignity to drive an entry in a mule race at the Dutchess County Fair at Rhinecliff, N. Y., the other day. Her rival was Mrs. J. G. Webb, another prominent society woman, up behind the white mule. It was a dead heat. Col. Roosevelt is seen standing directly across his wife's speedster, "Happy."

To All Electric Light Consumers Attention!

Your plant is overloaded, and the winter is coming on. Everybody uses more lights in the winter than in the summer, and unless everybody that is using lights help and cut off their lights, I do not see how we can get by the winter months. When you are through in your kitchen, turn your lights off, or any other part of your house, and use only what you really need. It is best to get along with less lights burning in your house than to be in total darkness. A. J. FRANK, Manager.

WISE MEN HAVE LEARNED SOMETHING; HAVE YOU?

HE city mail order house, doing a national business and advertising nationally, has a million or more customers. You are only one of them, and there is nobody in that mail-order establishment that has the time to give your order a single thought except to fill it. You take what you get, at long distance, and be thankful that you're alive. Trade at home and your merchant has to give you quality to retain your trade and the trade of his other neighbors. If by accident there is anything wrong with the quality, you are where you can get instant satisfaction. The satisfaction you get by long distance is poor, if any. Wise people in the country are quitting the mail order houses in great numbers. This is apparent by the fact that the biggest of them are all but on the financial rocks. Don't be in the tail of the procession. Trade at home, where a part of your dollar comes back to you.

DON'T BE A CHINAMAN! HELP YOUR HOME, AND HOME TOWN

HE principal reason why the people of the Pacific coast are not strong for the Chinaman is that he sends his money somewhere else. He spends nothing but what he must in the community in which he lives, and sends the rest over to China. Consequently he does but little to build up and increase the wealth of the peopful Pacific coast communities. You are playing the Chinaman game when you do not trade at home. You are helping build up Chicago or some other city. Every dollar you spend yonder is a positive injury to your home and your home town. Don't be a Chinaman!
