

MISSIONS NEEDED ALSO IN HOMELAND

SECRETARY GRAY OF HOME BOARD SETS OUT SITUATION CONFRONTING SOUTHERN BAPTISTS THERE.

\$12,000,000 IS GOAL SOUGHT

This Sum Will Be Laid Aside From Baptist 75 Million Campaign For Work Among Negroes, Foreigners and Other Projects.

While \$20,000,000 of the \$75,000,000 to be raised in cash and five-year pledges by the Southern Baptists between now and December 7th will go to foreign missions, \$12,000,000 will be devoted to missions at home, it has been officially announced.

DR. B. D. GRAY, Of Atlanta, Ga., Secretary of Home Missions for the Southern Baptist Convention.

"Twelve million dollars is a large figure when compared with what we have been doing heretofore," Dr. B. D. Gray, corresponding secretary of the Home Mission Board at Atlanta, declares, "but it is very reasonable in comparison with our ability and small in comparison with the needs of the Home Mission fields."

Setting forth the particular obligation which confronts America since the war has transferred the center of education from Europe to this country, Dr. Gray says: "This brings a new day of opportunity and responsibility to our people. Our schools and colleges must be strengthened and endowed. They must be made thoroughly Christian in fact as well as in theory. In this way we are to counteract the vicious ideals of Germany and her allies in the world war. Our youth must be trained on proper lines as to religion and ethics. This can be done best in our denominational schools."

Some of the educational institutions fostered by the Home Mission Board are the forty mountain schools, serving 3,000,000 residents of the South living in mountainous territory where public high schools are lacking. Fully \$10,000,000 could be used to advantage in strengthening the equipment and teaching force of these schools, it is estimated, so great is the need.

Another demand of the home field is the 4,000 church organizations in the South which need assistance in the erection of suitable houses of worship, while more pressing still is the problem created by the presence in the South of 10,000,000 negroes. Speaking of the negro problem, Dr. Gray says: "They are of more vital concern to us than any hundred millions of people anywhere else in the world. Socially, politically, economically and religiously they constitute our greatest task and we neglect them at our own peril as well as their infinite loss. Racial relations are tense and the situation calls upon Southern Baptists for a worthy program in behalf of the religious uplift of our brothers in black. We must lead them in sane missionary and evangelistic work and likewise in the development of their religious life on sane and helpful lines. We need a large company of the best, wisest and strongest negro evangelists and teachers who shall help us to lift up their race and make them worthy and worth while as Christian citizens."

That work among the foreigners in the homeland offers the best and most economical opportunity for missionary labors among them anywhere, is the declaration of the Home Mission leaders. These foreigners are in the fields, mines and factories and are a vital part of our civilization. "This work among the foreigners not only gives them the Christian religion, but makes them more contented and better American citizens, it is pointed out.

Great hopes for the future of the churches in the South are held out in the enlarged program of evangelism and enlistment which the Baptist 75 Million Campaign will make possible. The Home Board hopes to win from 300,000 to 500,000 people in the South who are not Christians during the period of the campaign.

AN ORDINANCE PROVIDING FOR THE INSTALLATION OF METERS THROUGHOUT THE TOWN OF ARCADIA BY ALL CUSTOMERS OR USERS OF ELECTRIC CURRENT FROM THE MUNICIPAL LIGHT PLANT AND FIXING THE RATE THEREFOR. Section 1. Be it Ordained by the Mayor and Board of Aldermen of the Town of Arcadia, Bienville parish, Louisiana, in special session convened, that all customers or users of electric current throughout the Town of Arcadia, from the Municipal Light

Many Prominent Men Come Out For Tanlac

MEYORS, JUDGES, BANKERS, LAWYERS, DOCTORS, EDITORS AND MINISTERS ENDORSE IT

Feel It Their Duty To Talk

They Come Forward and Unhesitatingly Tell Suffering Humanity What Celebrated Medicine Has Done For Them

It is seldom, indeed, that men of prominent, especially men holding high public office, willingly express their indebtedness publicly to a proprietary medicine. Many prominent men, however, including supreme court judges, mayors of our leading cities, prominent state and county officials, bankers, lawyers, doctors, editors, leading educators, government officials and even ministers of the Gospel have deemed it their duty to come forward and tell the people what Tanlac has done for them.

These well-known men of affairs have recognized in this medicine a new discovery and a scientific triumph in the medical world. It is a well-known fact that these splendid endorsements have given Tanlac time and time again and they will continue to be given just as often as new tests of its powers are made; and it also explains why numbers of the big drug firms of the country are ordering it exclusively in carload lots.

Doctor Prescribes It. Dr. J. T. Edwards, of Fayetteville, Ga., one of the best known members of the medical profession in the state of Georgia, makes a statement that will undoubtedly produce a profound impression throughout the South.

"In my thirty years of actual practice as a licensed physician in the state of Georgia," says Dr. Edwards "I have never seen anything to equal Tanlac as a medicine to produce results. I have no hesitancy in recommending this medicine and I am prescribing it for my patients almost every day."

Noted Texan Talks. Hon. Archie R. Anderson, ex-sheriff of Harris County, Texas, is unquestionably not only one of the best known, but one of the most popular men that ever held office in Texas. He served the people in this important office for 15 consecutive years.

"I had the worst form of indigestion, suffered all the time from gas on my stomach and was continually belching up undigested food," said Mr. Anderson. "I suffered with neuralgic pains of the worst sort and nothing seemed to help me except in a temporary way."

"I began to feel better after taking my first bottle of Tanlac and have just now started on my third. I'm a different man already."

H. W. Hill, president of one of the leading banking institutions of South Pittsburg, Tenn., and one of the most successful bankers and business men in Tennessee, said:

"I suffered from rheumatism and other ailments for many years and Tanlac has done me more good than anything I ever tried. I now wake up in the morning feeling fine."

"I'm telling all my friends about Tanlac and am recommending it to them, regardless of their age and trouble."

Dr. G. W. De LaPerriere, of Winder, Ga., is not only one of the best known physicians and druggists in the state of Georgia, but is also a man of extensive property and wide influence, ranking as one of the leading

Plant are hereby required to install meters at their respective homes and places of business, at their own expense.

Section 2. Be it further ordained, etc., that the Municipal Light Plant shall purchase meters and install same in the residences and business houses throughout the said Town; said meters to be so installed at the actual cost price plus One and 50-100 (\$1.50) for the installation of same.

Section 3. Be it further ordained, etc., that the said Municipal Light Plant shall make and collect a charge of fifteen (15c) cents per K. W.; provided that the minimum charge for any month shall not be less than One and 50-100 (\$1.50) for each residence throughout said Town and Two (\$2.00) Dollars for each business house or office in said town.

Section 4. Be it further ordained, etc., that the failure of any customer or user of electric current throughout the Town of Arcadia, Louisiana, to pay his electric light bill, or the installation of meter on or by the 5th of the month following the installment thereof, shall be refused current from said plant, until all amounts due are paid.

Section 5. Be it further ordained, etc., that all ordinances or parts of ordinances in conflict herewith be and the same are hereby repealed.

BERTRAM F. BARNETTE, Mayor LEO DANIEL, Clerk

GOOD GRAIN MIXTURE FOR LAYING HENS

In order to obtain an abundance of eggs it is necessary to have healthy, vigorous stock, properly fed. The following are good grain mixtures for the laying stock, the proportions being by weight: Ration 1—Equal parts of cracked corn, wheat, and oats. Ration

FORMER MAYOR RECOMMENDS IT

HON. FRANK V. EVANS, OF BIRMINGHAM, ALA., MAKES STRONG STATEMENT

One of the latest additions to the large and rapidly growing list of prominent men who have publicly endorsed Tanlac for the good it has done them, is the name of Hon. Frank V. Evans, former Mayor of Birmingham. Mr. Evans is one of the best known men in public life in Alabama today, being at one time editor of one of the South's greatest newspapers, the Birmingham Age-Herald. He was also examiner of public accounts of Alabama. In telling of the benefits he had derived from Tanlac, Mr. Evans said:

"For years I suffered with gastritis and indigestion in the worst form. I was habitually constipated and had pains in my shoulders and headache continually. My appetite left me almost entirely and everything I would eat hurt me. Finally I got to having awful attacks of acute indigestion, palpitation of the heart and smothering spells. For a long time I would have one or more of these spells every night and I would wake out of my restless sleep gasping for breath. "I bought a bottle of Tanlac and to my surprise and gratification I began to feel relief after the first few doses. I kept taking the medicine and now my recovery is simply the talk of Birmingham."

citizens of that entire section. He has been in the drug business in Winder for 25 years.

Recently Dr. De LaPerriere wrote: "Our people are much enthused over the beneficial effects of Tanlac and I desire to say that it is the most wonderful seller I ever had in this store."

Other prominent men who have endorsed Tanlac are:

- Professor Elmer Morris, of Dover Tenn.; Professor W. A. Wood, of the Central Graded Schools, Winder, Ga.; C. C. Cooper, president of the Georgia Home Cotton Oil Co., Lawrenceville, Ga.; Hon. S. S. Shepard, member of the Atlanta City Council; Hon. Geo. Samuel Riley, former chief of police, in Macon, Ga.; Hon. C. G. Lavender, registrar of Williamson County, Tennessee; Dr. W. H. Brown, 4222 Charlotte Ave., Nashville, Tenn., founder and president of the Protestant Home for Girls; John F. Carroll, cotton mill superintendent, of Chattanooga and Atlanta; Hon. B. F. Whittington, Judge of the Rolston Court, South Omaha, Neb.; Geo. L. Bedford, Traffic Manager for the Gustin Bacon Manufacturing Co., Kansas City; Mr. James Taylor, Illinois State Mine and Mineral Inspector, residing at Peoria; Rev. W. C. Norton, pastor of the Wesley Memorial Church of Jacksonville, Fla.; Rev. E. G. Butler, pastor Central Baptist Church of Muskogee, Okla.; Hon. R. W. Damon, attorney of Tacoma, Wash.; Hon. C. W. Mangum, of Atlanta, for three terms of sheriff of Fulton County, Ga.; Rev. J. H. Dunn, pastor of the Church of Christ, Spokane, Wash.; Judge G. W. Kyser, 1204 W. 9th St., Austin, Texas and hundreds of others in every part of the country.

Tanlac is sold in Arcadia by the City Drug Store and by one reliable representative in every town.

2—Three parts cracked corn, 2 parts oats, and 1 part wheat. Ration 3—Two parts cracked corn and 1 part oats. A choice of any one of these rations should be scattered in the litter twice daily, morning and evening.

THE WORM INJURY TO COTTON IS WIDESPREAD

Worm injury to cotton is unusually common in Louisiana this year. This injury is for the most part due to the cotton leafworm, which during certain years is very destructive to cotton foliage. The cotton bollworm is also common and, since it feeds in the bolls, and because some of the worms are pink in color, some planters have mistaken it for the notorious pink bollworm. The pink bollworm—a very injurious cotton pest in some sections of the world—was not discovered in the United States until 1917, when it was found in Texas. It is a smaller insect than the cotton bollworm, measuring when full grown about one-half inch in length whereas the bollworm measures about two inches.

There is still another pink worm—the so-called scavenger worm—found in Louisiana in decaying cotton bolls which more closely resembles the pink bollworm in size and appearance than does the cotton bollworm.

While the pink bollworm is not known to be present in Louisiana, any worm found in a cotton boll and measuring up to one-half inch in length should be looked upon with suspicion and sent to an entomologist for identification. Such specimens may be sent

to the Agricultural Experiment Station.—Thos. H. Jones, entomological assistant, U. S. Department of Agriculture at Louisiana State University.

SHERIFF'S SALE

Seized as the property of the defendant and will be sold to satisfy said writ of execution and all cost.

This the 18th day of August, 1919.

J. E. CURRIE, Sheriff.

TRESPASS NOTICE

All parties are warned not to in any way trespass upon my lands in Bienville parish, La., under penalty of prosecution.

This the 11th day of Sept., 1919. W. M. JOHNSON, Athens, La.

YOUNG MAN DESCRIBES GREAT PACIFIC FLEET

Mrs. Pearl Woodard of Taylor is in receipt of the following letter from her son, which will no doubt be of much interest to her many friends: San Francisco, Calif., Sept. 1, 1919. Dear Mama: I mailed you a letter yesterday, but have seen a good deal since then, so I am going to tell you about it.

The Pacific Fleet came in today and it was some sight as the great line of battle ships, dreadnaughts, cruisers torpedo boats, destroyers and submarine chasers and the coalters that carry coal for the fighting vessels steamed in. There were over one hundred in all—twenty-six large warships, thirty-one destroyers, about twenty submarine chasers and the remainder were torpedo boats and coalters.

They lined up out at sea and came through the Golden Gate into the bay at 11:00 o'clock today, and as each ship passed the Golden Gate they fired a salute with every gun on board and after the salute the sea planes from battleships left the deck and flew around and mingled with airplanes from the army flying field, and the air was full of them—about 75 in all. Then the seaplanes landed on the water and later took to the air again from the water.

The start off by floating and then get faster and faster until they are just hitting the waves, and then they leave the water and take the air and then they are a boat no longer.

I will close for this time and write you again tomorrow evening after the parade. Write to me often. With love, from your son,

E. W. D. Y. M. C. A., No. 2, Presidio, San Francisco, Calif.

The Floating Fan in Japan.

It is said that the folding fan originated with the people of Japan, which is likely enough to be true. For we can scarcely imagine a dainty little kimono-clad lady without her fan, can we?

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, tetter, etc. 10-2.

You'll Find

It easy to pick a pattern to suit you in the Rose & Co. line of quality tailoring.

MANY LIVES LOST IN STORM THAT VISITS GULF COAST

It estimated that at least 184 lives were lost in the storm swept region of the west gulf coast of Texas as a result of the terrific gulf storm Sunday night.

With the death list mounting by leaps and bounds and the property loss now placed in the neighborhood of \$10,000,000, the people of Corpus Christi, 36 hours after the passing of the tropical storm which struck that section early Sunday morning, were just coming to a full realization of its frightfulness. Every industry in the city is prostrated, business of all kinds is at a standstill, communication of all kinds is still badly demoralized and the food and housing problem is still acute.

Relief is being sent from all quarters to the storm swept area, where many are on starvation.

The tidal wave swept inland to a distance of 8 miles on some points along the coast.

666 has proven it will cure Malaria, Chills and Fever, Bilious Fever, Colds and LaGrippe. It kills the germs that cause the fever. Fine tonic. 10-2.

ESTRAYED

Before me the undersigned Justice of the Peace, by Wallace Rogers, near Saline, La., one light bay mare mule, with black mane and tail and striped legs, weighing about 800 lbs., and about 15 years old. Unless owner comes, proves property and pays all

costs, this said mule will be sold to the last and highest bidder on Saturday, September 20, 1919 at 11:00 o'clock a. m., at the office of R. E. Easley, J. P. Terms of sale cash with benefit of appraisement. This August 12, 1919. R. E. EASLEY, J. P.

"When you have an aching, stretchy feeling and you are dull, tired and discouraged it is a sign of approaching malaria or chills. You should act quickly to ward off an attack. HERBINE offers you the help you need. It destroys the malarial germ, drives out all impurities and makes you feel bright vigorous and cheerful. Price 60c. Sold by the Modern Pharmacy, Inc., Druggists.
