## REV. A. J. VALLERY MAKES STATEMENT

Says Tanlac Has Overcome His Troubles And He Feels Like A New Man

"I feel that it would be helping others to tell what Tanlac has done for me," said Rev. A. J. Vallery, living at 834 Chelsea Ave., Memphis, Tenn. "About three years ago," he continued, "I had a general breakdown that made me very nervous. I had a sour stomach and would spit up undigested food. The pain in my stomach hurt so at times that I thought they would kill me. I also suffered with rheumatic pains in my joints and my kidneys were in bad shape, my sleep was poor and I felt so tired all the time that I could not do my work. "Since taking Tanlac I have been relieved of indigestion and those pains are all gone. My kidneys don't trouble me any. I am not nervous like I was and I can sleep fine every night. My strength and energy have been restored and I feel like a new man." Tanlac is sold by all druggists.

### TO THE CITIZENS OF ARCADIA

I take this means of thanking the good people of Arcadia for your loyal support and co-operation in making our town and community the very best town in North Louisiana in which to live. I thank you for the reason, that without your support and co-operation, there is little that I could have done or can yet do without it. I can but say that I have done everything in my power to do my duty as your marshal as I see it. I have at all times tried to ascertain the sentiment of the entire citizenship of the town and to govern myself accordingly. I feel that I have done my work satisfactorily for the reason that I am at this time unopposed in the coming election, and the time limit having passed, I will have no opposition. I have lived in a number of small towns, and I can say with confidence that Arcadia has the cleanest set of young men of any town in which I have ever lived. I have observed them closely in an effort to learn if there were any evils among them that needed correction, and as above stated or referred to, I can safely say that Arcadia's young men would serve as a model for any town to go by. May I beg of you that you give me your continued support in even bettering conditions, assuring you that I am at all times at your service. Again thanking you, I am  
JOHN W. BODDIE,  
City Marshal.

### DON'T BE "AVERAGE" MAN

Young people must make themselves efficient and handle their earnings properly during their productive years if they are to escape the common lot

of being dependent in old age.

The life insurance companies have compiled figures which abundantly demonstrate these facts. Give sober consideration to this digest of life experiences of one hundred average men; at the age of sixty-five the record of these men are as follows: Thirty-five are dead, one rich, four wealthy, six are self-supporting but are compelled to work for a living, fifty-four, or over half the number are dependent on children, relatives, or charity. If you could sit down and talk to those fifty-four you would receive the caution "to prepare and to train." That is the secret of success—preparation and training. You don't expect to die young and surely you don't want to be in the class who are dependent in old age. This is a sad state of affairs and only can be remedied by getting the proper kind of business training in youth.

The average educated man gets a salary of \$2,000 a year. He works forty years, making a total of \$80,000 in a life time. The average day laborer gets \$3.00 per day, three hundred days in the year, or \$900.00 a year. In forty years he earns \$36,000. The difference, \$44,000.00, equals the financial value of an education. To acquire this earning capacity requires about five months time or one hundred and fifty days in the Tyler Commercial College is worth \$233 to you without considering the satisfaction and pleasure of living a much more successful life. Fill in and mail for free catalogue. Get out of the average class. Tyler Commercial College, Tyler, Texas.
