Mr. Andrew Lemaire, late of this city, but now of Lafayette, was among his friends here yesterday (Sunday.)—New Iberia Iberian. Mr. Lemaire is employed in the popular establishment of L. Plonsky, and comes to Lafayette highly recommended.

Last Saturday, at 9:30 o'clock, Mrs. Arthur Broussard, nee Marie Lorette Guldry, departed this life at the age of 34 years and 1 month. It is, indeed, sad to die so young, when life is so full of hope, and to make her death all the more sorrowful to her kin and friends, she was of such a kind disposition, that her presence was like the sunshine. To the inconsolable husband, kindred and many friends, The Gazette extends its most sincere sympathy.

A novel entertainment will be given in St. Martinsville, Tuesday, the 5th instant, for the benefit of the high school in that town. It is a mock trial wherein the dramatic personae are all young ladies. The trial will take place at the courthouse, and will have all the details of a court of justice. After the entertainment a ball will take place in the High School building. A cordial invitation is extended to the people of the adjoining towns to attend.

Quite an interesting game of base ball took last Sunday at the grounds near town between a nine of Ile Pilette and the Black Diamonds of Lafayette. They played five innings and the visitors were ahead at the end of their fifth inning. Nothing daunted the Lafayette boys, went to the bat to win their half of the last inning, and by a fine spurt succeeded in batting out three runs, and won the game. Appended is the score by innings:

Lafayette.....0 2 0 3—5  
Ile Pilette.....2 0 0 2 0—4

Mr. D. V. Gardebled, who has been in the employ of Mr. Wm. Clegg for the past nine years as druggist and confidential clerk in the banking department of that house, having an opportunity to engage in business on his own account at Bay St. Louis, has felt impelled to accept it, and will leave for that place on next Tuesday. Mr. Gardebled is a young gentleman of strict integrity and fine character. By his urbane manners and pleasant disposition, he has created a large circle of warm friends, and is most favorably known by the whole community, who regret his departure, and The Gazette, in common with them, wishes Mr. Gardebled a full measure of success in his new field.

The Jennings Times is publishing the interesting address of Hon.

Gustave A. Breau, delivered during the fair held in that town recently. The article relates to "sugar cane culture, and its adaptability to Southwestern Louisiana." The Times says that "the address was highly practical and for that reason we (The Times) wish to place it in the hands of our readers, so that the information and suggestions which it contains may be appropriated to the advantage of our (its) farmers. In addition Mr. Breau has generously arranged with the Times to print 1000 copies of the address in pamphlet form at his expense for free distribution among the farmers of Southwest Louisiana. Mr. Breau is surely proving a genuine interest in the progress of the farming industry of this region."

Some interesting races took place last Sunday on Cleophas Broussard's race course near town, and brought to town a great number of people of the adjoining towns. The principal event was the race between Maud S., belonging to Mr. Octave Romero, of Iberia and Maud S., belonging to Mr. Adolphe Prejean, of Carencro, the Iberia horse winning, the distance being 14 acres. In the afternoon the same horses ran to acres, resulting in the victory of Mr. Prejean's mare. Owing to the admission price being 50 cents the attendance was not very large. The admission price is usually 25 cents and a great many people refused to pay more. Mr. Broussard, the proprietor of the track, had nothing to do with the admission fee as he had rented the track to parties from Iberia.

Messrs. C. C. Brown, V. E. Dupuis and L. G. Stelly reached home last Friday, after quite a long visit to the "White City by the Lakes." They report having had a glorious trip, and are "loaded to the muzzle" with the wonders and mysteries that were presented to their appreciative minds, while at the fair. Their stay in Chicago was made more enjoyable by the many tricks and jokes they played on each other. It is safe to state, that there was not a more congenial or happy party in attendance.

Last Saturday, one of the laborers working on the Teche Railroad fell under one of the push-cars which was in motion, and had a narrow escape from being killed. He was painfully but not seriously injured. It might be mentioned here that there are a number of boys who make a habit of jumping on and off these cars, as they are being moved through the yard, and it is only a question of time when some serious accident will occur. These boys, for their own safety, should be made to keep away. The workmen can act as nurses. It is the parents duty to have this evil corrected.

Mr. P. D. Alpha was a visitor to our town last Sunday.

Mrs. Schayot of Lafayette was the guest of Mrs. C. C. Brown last Saturday and Sunday.

Our town was stocked with drammers the past week, a sign that business is improving. The outlook is very encouraging, and, all in all, we can stand the crisis for some time yet.

Mr. F. O. LeBlanc began rice threshing Monday last, and is now in Cote Gelee with his machine. He expects to thresh 600 barrels of rice before leaving for Lake Simont and other points where rice is raised.

A serious accident happened to Mr. Aurelien Boulet's young son, Reany, last Thursday. While cutting and binding rice his hand got caught in the wheel, which mashed the whole hand to a pulp. Dr. Seranton, the attending physician, informed your correspondent that amputation of the

middle finger might be necessary, as gangrene is very apt to set in.

Our friend and all-around-sport, Joe G. LeBlanc, attended the races last Sunday. We were informed that he was "right there" in every race. Joe always means business.

We return thanks for the nice lemonade and cake left at our desk last Monday. The fair donor will always be remembered by us.

Mr. D. Bonnemaison is cutting down the weeds and putting general repairs on the property recently purchased by him.

Mrs. Seranton and daughters were visitors to Lafayette the past week.

We hope sympathy, or pity, will be extended us, and some open-hearted citizens will work our road, from this place to Lafayette. It is now nearly impossible to pass near Lesdin Broussard's. The bridge is nearly all gone, with precipitous or "break neck" holes on both sides; unless some step is taken to repair that road immediately, we cannot see how our people will reach Lafayette this fall.
