

Democracy is in imminent danger of being taken by the Republicans under the leadership of a Mr. Bradley, who, in a speech the other day, declared himself in favor of the passage of a law similar to the one recently enacted by the New York Republicans, guaranteeing to negroes equal rights in hotels, restaurants, barber-shops and bath-houses.

The Democratic party in the bluegrass State seems hopelessly split on the financial question and the wrangling between goldbugs and silverbugs continues with increasing intensity, regardless of the serious consequences that invariably follow such a suicidal policy.

Over in Bayou Sara they have a "Bachelors' Pleasure Club, Limited." We have a similar club in Lafayette, but it is unlimited in many respects.

The Maryland Populists held their State convention the other day and declared against free silver. It will now be in order for the most skeptical to prepare for the millennium.

When a Democrat is afraid of the result of Democratic primaries what is the natural conclusion? It can not be that he is strong in his party. And when a man is weak in his own party and can not get its support what is the irresistible conclusion?

The New Orleans States concludes an able editorial by wisely stating that the missionaries had better stay at home to pursue their laudable work there, than to go to China and get their government in trouble in attempting to christianize a few rat-eating heathens.

The latest news from our editor who is now in Salt Lake City, is to the effect that he has, up to date, received twenty-seven proposals to save the souls of these respective Mormon maidens. In a postscript he adds that their ages range from 51 to 79 years. We always felt that if he ever had the opportunity he would demonstrate his "fetchiness" — the older the subject the greater his power. — St. Martin Messenger.

From the above it will be seen that our friend, Bob Bienville, has been playing the very mischief in the Mormon country. While we are sorry that he has not yet learned to behave when away from home, we are extremely happy to see that he has not lost that "fetchiness" which has never failed to make him a favorite among the softer sex.

It is not s. All politicians are not dishonest. Unfortunately too many can not be trusted, but it is unreasonable to say that as soon as a man enters what is commonly known as politics he must be branded with infamy. Some of them are dishonest, but then there are some dishonest merchants, dishonest doctors, printers, and even dishonest ministers are found sometimes. We hear too much of this skepticism when politics or politicians are in question. Look around you, and think of the men who have been politicians and you will readily see the injustice of this general denunciation. When you hear a man denounce all politicians, perhaps a passing glance at his own career might not be altogether fruitless.

A VICTORY FOR HARMONY. By an overwhelming majority the silver Democrats of Caddo parish have decided that the financial question must be kept out of State politics. Out of 600 voters 500 were of the opinion that Blanchard, the brilliant young senator, was right, and that our good and plucky friend, Cal Hicks, was wrong. The victory, which was won under the matchless leadership of Blanchard, is indeed a hopeful sign; it shows that the Democratic voters are afraid of the disastrous consequences that will surely follow in the wake of party division. The tenor of the resolutions and the large majority by which they were adopted evince beyond doubt that the sturdy Democracy of Caddo is not disposed to inject a purely national issue in State politics and thereby endanger the success of the only party that can be depended upon to give to the people of Louisiana a government under which it is possible for a white man to live. The Democrats of Caddo have joined those of Lafayette and other parishes in refusing to support a movement led by men who are blinded by an unaccountable desire for office or by a fanatical enthusiasm for silver.

Senator Blanchard, who is a consistent bimetalist, spoke to the assembly before the vote on the resolution was taken. He called their attention to the condition of things in the State of Kentucky. That once invulnerable fortress of

heart to read such sound Democratic doctrine as will be found in the following letter recently published in that straightest of all Democratic journals, The New Orleans States: Editor States—With reference to the recent exhibition of rowdiness in Cuffy's headquarters, the office of Major Andrew Hero, in Commercial place during which the sable statesmen (?) Democrat and Blount pummeled each other in true hoodlumistic style, I would ask the Populists and other malcontent Democrats, whether the henchmen and followers of those political freebooters and parasites are to be taken, metaphorically, to their bosoms as auxiliary in their insane efforts to defeat the Democratic party and relegate our beloved State in the tender mercies of the negroes and their mercenary blood-sucking allies, the carpet-baggers, from whose ruthless domination of misrule and plunder we escaped only by the sacrifice of precious blood and untold treasure? Although much has been said and written in disparagement of our present State and city administrations, and granting, for argument's sake, that much that is charged is true, yet it were far better to endure for eternity, if need be, the evils we have than resort to any unholy alliances or combinations that would tend in the slightest degree to the restoration to political control of the old time, ever to be anathematized Radical Republican cohorts. If we have grievances—and I grant we have—let us settle them ourselves, within the ranks of the Democratic party and without seeking or accepting extraneous aid. Within its ranks is safety and honor; without, danger to institutions, oppression, rapine and political ruin. Truly your, STRAIGHT DEMOCRAT.
