

LITTLE CHILD

Of Mr. Adam Bourgeois Falls into a Wash-tub and Suffers a Terrible Solution.

A boy of Mr. Adam Bourgeois, aged 2 years, was the victim of a most painful accident yesterday evening. It seems that the child fell into a wash-tub containing considerable water mixed with soap and lye. When the child was found he was in a very precarious condition having swallowed some of the poisoned water. Physicians were called and did all that could be done to relieve the unfortunate child who died at 2 o'clock after suffering very much.

Happiness depends very much on the condition of the liver and kidneys. The ill of life make but little impression on those whose digestion is good. You can regulate your liver and kidneys with Herbine and enjoy health and buoyancy of spirits. Price, 50 cents. For sale by Lafayette Drug Co.

Facts Against Theories.

As a demonstration that political conditions have but little effect on the question of investments the recent record of new factory enterprises in the States of North and South Carolina would be hard to answer. No States in the Union have had stormier politics than the Carolinas and none could be more obnoxious to the Eastern republican "capitalistic" sentiment.

It has often been contended, it will be recalled, even in this part of the country, where we have had no troubles politically, that the presence of an aggressive and dominant democratic sentiment prevented the influx of capital and retarded our industrial development.

During the past quarter of 1900 there have been seven new mills started in North Carolina with an aggregate capital of \$950,000 and eight in South Carolina with a total capitalization of \$1,889,000—an investment of nearly \$3,000,000 in three months in these two extreme Southern and intensely Democratic States!

For some years the industrial development of the Carolinas has been phenomenal and yet it proceeds at a rapid pace. Mills have been built by the hundreds in that region and the profitability of the enterprises has been heralded all over the country. Much of the money has been "home capital," but a large proportion of it has come from the East, with no thought of political conditions and moved to investment simply by the only consideration that controls investments—a question of possible profit.

Facts like these constitute an eloquent and unanswerable refutation of the whine we sometimes hear that the South's Democracy is "standing in the way of its advancement."

The best method of cleansing the liver is the use of the famous little pills known as DeWitt's Little Early Risers. Easy to take. Never gripe. For sale by Lafayette Drug Co.

Manager F. E. Davis has requested The Gazette to state that the Moss pharmacy will be closed during the performance of the Wild West Show, to give an opportunity to the clerks of enjoying the entertainment.

The Philadelphia North American has been making a canvass of New York by counties, which figures up a majority for McKinley of 55,000, which is 213,000 less than McKinley had in 1896 if there is to be a falling off, why not a little more? Julian Hawthorne, for the same paper, has interviewed the leaders of both parties and seems to have a preference for the Democratic leaders. He writes of Croker and Hanna as follows:

"Senator Hanna, for example, is a man of the highest political standing in his party, but that did not prevent him from appearing to me as an absurd old gentleman, with out dignity or candor, and on the verge of nervous collapse. Croker, again, is often described as a saturnine and brutal McPhisto-philes, with no ideas but base and selfish ones. I speak of him as I found him, and though he treated me with bare courtesy, I felt in him a strength and simplicity of nature which no impartial man could help liking, and a spontaneous common sense which I admired. No one can detect a boss more than I do, but I think that Croker reached his present position, not by the political chapter of accidents so much as by the innate power and genius for leadership that are in him."

Special Notice.

LAFAYETTE, La., Oct. 13, 1900. All public school teachers in Lafayette parish are hereby notified to attend the Teachers' Institute to be held at the Lafayette Primary School building Saturday, Oct. 27, 1900, beginning at 10:30 a. m.

The above institute will be held by authority of the following ordinance adopted by the School Board Oct. 4, 1900:

Resolved by the Parish School Board that regular monthly "teachers institutes" shall be held in the parish of Lafayette under Sec. 55 of Third Compilation of the State School laws, beginning with the last Saturday in October, 1900.

The law governing the holding of "teachers institutes" is appended hereto for the information and guidance of teachers:

Sec. 55. The parish superintendent may devote the first Saturday of each month, during the time the common schools are in session in the parish, to holding institutes for the improvement of teachers in their qualifications and methods of teaching, and for the discussion of topics pertaining to the advancement of the public school interest in the parish.

Sec. 56. The teachers shall be notified of the time and place of the monthly institute meeting. Teachers failing to be present, or to take such part in the exercises as the Superintendent may assign or designate, shall forfeit one day's salary (which forfeited salary shall be paid to the parish institute fund), unless a good and sufficient reason for such failure to attend shall be given in writing to the parish superintendent within ten days thereafter. No teacher shall be bound to attend the institute who, to do so, shall have to travel a greater distance than ten miles each way, and otherwise than by land.

Sec. 57. Three hours work shall be required to constitute a legal session of one institute, and the parish superintendent shall be held responsible for the fact that he fails to conduct as required by this act, unless physically unable to attend, or for other sufficient excuse, to the satisfaction of the school board.

Sec. 58. These institutes may receive as members, honorary or active, the members of the board, all officers, and any citizen of good moral character as may desire to become a member, subject to the rules and regulations, and to the payment of such dues and fines as may be imposed by a quorum of the said institutes.

Sec. 59. Each parish superintendent, upon the assembling of the teachers' institute of his parish shall cause a roll of the members to be prepared, which roll shall be called at least twice a day during the session of the institute, and all absentees shall be carefully marked. He shall ascertain the number of teachers who were in attendance, and length of time each attended, and shall keep a record thereof.

Sec. 60. Each parish superintendent before the beginning of the free school term, shall appoint one of the best qualified teachers of his parish as institute manager for each institute district, should there be more than one institute district in the parish; and such appointees shall each be paid for actual services two dollars and a half per day out of the institute fund as compensation for holding institutes, and for assisting the superintendent during the session.

Sec. 61. All institute funds shall be collected and receipted for by the Superintendent. He shall have a record of the amount received, hand them over to the treasurer of the school board, who shall keep a separate account of these funds. He shall pay them out of the warrant of the superintendent, countersigned by the president of the school board. These funds shall be expended only in the interest of the institutes. The superintendent, for all services rendered with these institutes, shall be paid three dollars a day out of the fund for each day he will cause the said

institute, to hold under his personal supervision, and for each day's attendance, as provided for in section fifty-five (55).

Sec. 62. The parish superintendent, in his annual report to the State Superintendent, shall state the time and place teachers' institutes were held; the names of the persons conducting the same; the number of persons registered as in attendance; the sums collected; the number and names of teachers of common schools in the parish who did not attend the institute, and such other information of the proceedings and results of the institute as he may deem of value and interest.

[Note: (1) The last Saturday (pay-day) in each month instead of the first Saturday (on Sec. 55), was selected by the Lafayette School Board, for the greater convenience of the teachers. (2) Prof. W. A. LeRosen, principal of the Lafayette High School, has been appointed institute "manager," in accordance with Sec. 60].

H. C. WALLIS, Parish Superintendent.
