CITIZENS OF LOGANSPORT

Compliment Lafayette Officials Upon the Arrest and Conviction of Lovell Jeannotte.

The readers of The Gazette will remember that a few months ago Sheriff Broussard effected the capture of one Lovell Jeannotte in Sabine parish. The arrest of Jeannotte was followed by his conviction for cattle stealing. He is now serving a ten-year sentence in the penitentiary with an accomplice named Vine, convicted at the same term of court.

Jeannotte was an escaped convict and had the reputation of being a dangerous character. He was an experienced out-law and the manner and circumstances of his capture reflected credit upon Sheriff Broussard.

The following letter relative to the arrest and conviction of Jeannotte, explains itself:

OFFICE OF MAYOR, Logansport, La., Nov. 15, 1900. To the Hon. District Judge and District Attorney of Lafayette, La., also the Sheriff.

We, the undersigned take pleasure in congratulating you upon your success in convicting one, Lovell Jeannotte alias Joe Labadie, who has been a terror in this region in the theft of cattle. We thought at one time we had a dead case against him, but on account of a material witness being absent, failed before the grand jury to get an indictment. We feel grateful that one of the links of a chain of cattle and horse thieves, extending from Texas to your section, has been broken, and sincerely hope that the State authorities will hold him the full time of sentence.

Very respectfully, W. E. COLETTRE, Mayor Logansport, La.; W. F. TANNER, City Marshal; W. A. REYNOLDS, Merchant; J. R. VANCE, Merchant; J. K. PYLE, Justice of the Peace; W. L. PARKER, Postmaster.

FOUR THOUSAND

Dollars for the Public Schools of the Parish.

Messrs. J. A. Labbe, F. G. Mouton, and R. C. Greig members of the committee appointed by the Police Jury to prepare the budget for 1901 held a meeting this week. The budget has not yet been adopted by the Jury but it is safe to say that it will be at the next meeting. The Gazette is pleased to state that the committee has set aside \$4000 for the public schools. This is \$1000 more than the appropriation of last year.

Now it is up to you, gentlemen of the City Council. What can you do for the town schools?

Barley, buckwheat, evaporated peaches, apples, cured prunes, seedless raisins, mince meat, currants, cranberries, citron and in fact everything good to eat can be found in stock at Tanner's grocery.

Mouton-Young.

Mr. Felix Mouton and Miss Adele Young were married at the Catholic church last Tuesday evening. Father Bolard spoke words of advice to the young couple and according to the law of the Mother Church pronounced them man and wife. There were a large number of people present. The groom and bride are among the most popular and estimable members of this community and the church was filled with friends who had come to see them united in marriage. The bride was tastily dressed and looked very lovely. She walked to the altar accompanied by her stepfather, Dr. Babcock, and was joined there by the groom. Mr. Charles Debailon and Miss Viola Young were the attendants.

At the conclusion of the ceremony relatives and a few friends met at the home of the bride where an informal reception was held. The writer begs to be included among the well-wishers of Mr. and Mrs. Mouton.

Prof. Caldwell.

Prof. Caldwell, the well-known president of the State Normal School at Natchitoches, will deliver a lecture during the day to the teachers of Lafayette parish. At night Prof. Caldwell will speak at the court-house for the benefit of all the people of the town. Prof. Caldwell is a most entertaining lecturer, and The Gazette needs not tell the people of Lafayette that there is every reason why they should be at the court-house to-morrow night.

Not only will the lecture be an intellectual treat which they can not well afford to miss, but their failure to be present will show that they have not properly appreciated the favor so generously conferred by Prof. Caldwell.

There is only one way for a woman to be beautiful; it is an old-fashioned way, but effective. It consists in being born so. Of course she should always choose her parents with great care. But it is different with a well stored mind. That can come only from observation and study. The child, the youth, the young man and the young woman, and persons of all ages, can employ no more useful way of gaining knowledge and developing the mind than by reading good books. We are continually adding to our stock of good books, and we are now offering a very choice collection of authors and titles to the reading public.

A cordial invitation is extended to all to visit our Book Department of the Moss Pharmacy whenever in search of "something good to read."

F. E. DAVIS, Manager.

THE CENSUS

Shows a Large Increase in the Population of the Town and Parish of Lafayette.

The census returns have, as usual, been a source of disappointment to those who take a too roseate view of things. There are some persons, and the writer confesses having been among that number, who believed that Lafayette's population exceeded 4000 souls. That estimate was entirely too high as is shown by the published reports from the census office. Knowing the efficiency of both the district supervisor and the local enumerator, The Gazette does not hesitate to accept the figures as most accurate and reliable.

Lafayette has cause to be satisfied with the census. A net gain of 1208 in population is a very good showing. The town's population in 1890 was 2106. This year it is 3314, an increase of 57.35 per cent. This is better than most of the towns on the list published by the New Orleans papers. When it is considered that this is an agricultural country, the increase shows a considerable advancement.

Another feature which should not be overlooked is that there has been no boom here, but it was a steady and substantial gain. A boom is always in danger of being punctured, in the event of which the re-action is attended by the most disastrous results.

Lafayette's growth and Lafayette's prosperity are founded upon the most stable conditions.

Lafayette parish has also made notable progress. In 1890 there were 15966 persons in the parish. This year the population reaches 22825.

When complete returns of the census are had, giving the population by ward and statistical information about the various industries, it will then be possible to know exactly the extent of the progress made by the town and parish during the last decade.

Feelings of safety pervade the household that uses One Minute Cough Cure, the only harmless remedy that produces immediate results. It is infallible for coughs, colds, croup and all throat and lung troubles. It will prevent consumption. For sale by Lafayette Drug Co.

To be taken to the Asylum. No time will be lost to send these unfortunate young men to the asylum where they will be properly cared for.
