Houma Branch Railroad. No. 63 Leaves... 9:00 a. m. No. 62 Arrives... 11:59 p. m.

Capt. John Hanson of Berwick paid Houma a visit last Thursday. While here he called at THE COURIER office.

Sick headaches can be quickly and completely overcome by using those famous little pills known as "DeWitt's Little Early Risers." L. J. Meuville.

Jacob Avau, a negro residing on Ellendale was shot in the hip last Tuesday at Bowie by another negro. The negroes had been on bad terms for some time.

Not only piles of the very worst kind can be cured by DeWitt's Witch Hazel Salve, but eczema, scalds, burns, bruises, boils, ulcers and all other skin troubles can be instantly relieved by the same remedy. L. J. Meuville.

Don't neglect a cough because the weather is pleasant; before the next storm rolls around it may develop into a serious difficulty beyond repair. One Minute Cough Cure is easy to take and will do what its name implies. L. J. Meuville.

The excursion to New Orleans last Sunday was well patronized by the people of the parish. The excursion was as quiet and orderly as an excursion could be. Those who took advantage of the cheap rate to visit the Crescent City say they spent a pleasant day.

"They are dandies" said Thos. Bowers, of the Crocket, Texas, Enterprise, while writing about DeWitt's Little Early Risers, the famous little pills for sick headaches and disorders of the stomach and liver. L. J. Meuville.

Salvator Scotti, an Italian shoe maker, eloped last week with another man's wife. They were captured last Thursday and escorted back to Houma by Deputy C. V. Aycock.

TERRIBLE ACCIDENT—It is a terrible accident to be burned or scalded; but the pain and agony and the frightful disfigurements can be quickly overcome without leaving a scar by using DeWitt's Witch Hazel Salve. L. J. Meuville.

Major Dunn and wife, of New Orleans, are spending some time with Mrs. J. A. Gagne.

Last Saturday Mr. John Minor purchased the Waterproof plantation at a sheriff's sale. Mr. John Minor now owns three plantations on bayou Black, that join each other, having a short time back purchased the Nalle and Camack place and a little later on the Bouvillain's home place.

Don't thin your blood with sassafras or poison it with blue-mass; but aid Nature by using DeWitt's Little Early Risers, the famous little pills for constipation, biliousness and stomach and liver troubles. They are purely vegetable. L. J. Meuville.

Mr. Pierre Cenac the well known merchant of Lower Grand Caillou was in Houma last week. Mr. Cenac has been very sick for the past four months, and although he was not entirely well when he visited Houma last week, and had the appearance of a man who had just passed through a severe sickness, he seemed to be on the up grade. Up to the time of his recent illness Mr. Cenac was a weekly visitor to our town. His friends here wish him a speedy recovery.

W. B. Johnson, Newark, O., says: "The Minute Cough Cure saved my only child from dying by croup." It has saved thousands of others suffering from croup, pneumonia, bronchitis and other serious throat and lung troubles. L. J. Meuville.

Safe in his Belief.

From The Gleaners, Houma, La.:

An old negro in this parish who had a small amount, which he wished to deposit in the bank, and hearing various reports of banks breaking, decided to inspect that building before intrusting his money to the keeping of such an institution. Accordingly he paid a visit to the bank and on his return remarked: "Well I went up there and I looked on the outside of the bank and they showed me the inside, and I don't think no thieves can get in there. So I left my money, for there sint no danger of dat bank breaking."

Some for ten, some for twenty and some for thirty years have suffered from piles and then have been quickly and permanently cured by using DeWitt's Witch Hazel Salve, the great remedy for piles and all forms of skin diseases.

Mr. James Harper well-known in this parish, where he filled the position of plantation overseer for a number of years was arrested in St. John parish this week for the murder of Levee Guard Vincent Kuhlman. The murder was committed in cold blood. Vincent while watching the levees was shot in the back of the head by some one who stole upon him. Circumstantial evidence pointed strongly to Harper and he was arrested. An attempt was made to lynch Harper last Wednesday night; but Sheriff Hart of St. John dodged the crowd with the prisoner.

Last Wednesday Mr. Chapman of the Davidson & Avery outside factory shipped about ten barrels of choice fish. This, perhaps, is the largest shipment of choice fresh fish that has ever been made here. The enterprise inaugurated by Mr. Chapman will be continued if the business prove profitable, and there is no reason why it should not be profitable as there is great demand for choice fish, and on our coast the supply is inexhaustible. Several different kinds of fish were shipped, such as crockers, trout, red fish, etc. Mr. Chapman received several bunches of Spanish Mackerel that he distributed around among some of his friends.

THE COURIER received this week a copy of "The Gleaners," a very creditable, hand-printed paper, published monthly in this town by school girls. The officers of "The Gleaners" are: Miss Sallie Winder, president; Miss Fannie Cage, vice-president; Miss Margaret Minor, secretary; Miss Rosalie Webis, treasurer; Miss Mary Minor, reporter and Miss Nina Winder, editress. The paper is remarkably well "gotten up," for novices and is replete with social news, original short stories, legends, poetry, conundrums, and anecdotes. One refreshing feature of The Gleaners is the absence of clippings. The girls have use for the scissors, but not after the fashion employed by the chronically weary country scribe. Scissors are indispensable when it comes to cutting cloth but it dults them to cut paper, so the young ladies say. The subscription price of The Gleaners is 25 cent per annum or 5 cents per month. It is worth much more than that and THE COURIER guarantees that any Terrebonnean that subscribes for the paper will never have cause to regret the investment. Success to The Gleaners. May its pathway be strewn ankle deep with roses, violets and, later on, with orange blossoms.

Mr. Dreux Angers, the young gentleman elected Secretary and Collector by the Town Council vice Mr. Jim. K. Atkins, is well known and fully capable of performing the duties incumbent on him as town secretary and collector. As will be seen by reference to the proceedings of the council Mr. Angers election was unanimous.

The domicile of Mr. and Mrs. Elsie Wright, on Arlovue plantation was made more lively and more happy this week by the advent of a fine boy.

Before this town will ever amount to anything some of its citizens will have to purge themselves of miserable petty jealousies, that prompt them to do meanesses that are unworthy of honorable men. If a man, by his energy and common sense manages to make a success of anything he undertakes, there are always men with narrow minds and jealous natures, who would not only delight in seeing the successful man come to grief; but who far more ensidiously would throw obstacles in the way of his success. It is time to curb such unworthy jealousies, and the young men, who goodness knows have a hard enough time in bettering their condition should take the matter in hand and fight the jealous moss backs until none of that spirit is left.

LOWER TERREBONNE ITEMS.

RAYON LACACHE, Lower Terrebonne, La., May 19th, 1897.

Mass was said at Rayon's School-house last Thursday. The congregation was big; at least two hundred persons were present. Rev. Chas. Richard officiated.

Last Thursday evening we experienced a terrible wind-storm, followed by a slight fall of rain and a high hill shower; no damage has been done, however. A heavy rain is greatly needed.

Mr. Geo. Green being representing the firm of Geo. W. Davidson & Co., commission merchant, of New Orleans, La., was down here last Sunday, soliciting country orders. While crossing on the ferry boat, Rayon Little Caillon, he got the front wheel and some of the spokes ran out of the rim. He had a tool of "Lacache," and sped on up to the first black-smith shop.

There's a great anxiety that the "Point au Chien" farmers will all lose their crops; water is still rising, and they are hard at work keeping the levees up.

The Schooner "Foam of Galveston" is on Bayou Lacache with a load of lumber, waiting fair winds.

The Best Remedy for Rheumatism.

From the Fairbanks (N. Y.) Register. James Rowland of this village, states that for twenty-five years his wife has been an sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her much good. The 25 and 50 cent size for sale by The Standard Drug Store.
