The Way To Weigh More

Good weight means good health. Good health means good blood. Good blood is at the bottom of it all. If a man or woman is losing flesh, chances are ten to one that the blood is impure and lifeless. Pure blood builds up good, firm flesh. It makes muscles that you can use. There is no fictitious fat about it. It gives you a balance in the bank of health that you can draw on without fear.

Sarsaparilla is Nature's remedy for impure or impoverished blood. It is just the sort of remedy that grandmother used to dig up in the garden. It is simple, pure, efficient. It puts the digestion into perfect order, stimulates the appetite, assists nutrition, cleanses and purifies the whole body.

The surest and purest and safest and best of all sarsaparillas is
