A PHENOMENON IN MEDICINE
Health Restored and Life Lengthened
Dr. Morse's Invigorating Cordial.

At first the properties attributed to Morse's
Invigorating Cordial were deemed fabulous.
The public often deceived, could not believe
the simple and sublime truths announced by
the discoverer. But facts, undeniable facts,
attested by witnesses of the highest class and
character, are now triumphing over all
doubts. Incredulity is overthrown.
The Cordial remedies, in all cases, the de-
plorable evils arising from a misuse or abuse
of the various organs. It restores to full
vigor every delicate function connected with
that mysterious compound agency of matter
and mind, necessary to the reproduction of
human life. To persons of feeble muscular
frame, or deficient in vital power, it is re-
commended as the only means of communi-
cating that energy which is necessary to the
proper enjoyment of all the natural appetites,
as well as the higher mental attributes. Its
beneficial effects are not confined to either
sex or to any age. The feeble girl, the ail-
ing wife, the listless, enervated youth, the
over worn man of business, the victim of ner-
vous depression, the individual suffering from
general debility, or from the weakness of a
single organ, will all find immediate and per-
manent relief from the use of this incompar-
able renovator. To those who have a predis-
position to paralysis, it will prove a complete
and unerring safeguard against that terrible
malady. There are many, perhaps, who have
suffered with their constitutions, that they
think themselves beyond the reach of
medicine. Let not even these despair. The
Cordial deals with disease as it exists, with-
out reference to causes, and will not only re-
move the disorder itself, but
Rebuild the Broken Constitution.
The derangements of the system, leading to
nervous diseases, and the forms of nervous
disease itself, are so numerous that it would
require a column to enumerate the maladies
for which this preparation is a specific. A
few however, may be enumerated, viz:—
Neuralgia, Tic Dolorieux, Headache, Incon-
spicuous Paralysis, Hysteria, Palpitation of the
Heart, Spinal Affections, Muscular Debility,
Tumors, Flatulence, a pricking sensation in
the flesh, Numbness, Mental Depression,
Weakness of the Will, Indisposition to
Move, faintness after exercise, broken sleep,
terrifying dreams, inability to remain in one
place or position, weakness of the pretercave
organs, sexual incompetency, melancholy,
monomania, flour albus, sinking at the
stomach, female irregularities, a chronic ten-
dency to miscarriage, emancipation, and all
complaints growing out of a free indulgence
of the passions, and all barrenness that does
not proceed from organic causes beyond the
reach of medicine.
Whenever the organs to be acted upon
are free from malformation or structural dis-
ease it is averred that
MORSE'S INVIGORATING ELIXIR
will replace weakness with strength, incapacity
with efficiency, irregularity with uniform
and natural activity, and this not only with-
out hazard of reaction, but with a happy ef-
fect on the general organization. Bear in
mind that all maladies, wherever they be-
gin, finish with the nervous system, and that
the paralyzation of the nerve of motion and
sensation is physical death. Bear in mind,
also, that for every kind of nervous disease
the Elixir Cordial is the only reliable prepa-
ration known.
**NERVOUS DISEASES CONTROLLED
AND CONQUERED.**
Three-fourths of the physical pain endured
by the human race proceeds from affections
of the nerves. The unutterable agony of
neuralgia, rheumatism, gout, spasms, head-
ache and a thousand nameless pangs that
dart through every portion of the system,
and distract the brain, are referable directly
to an unnatural condition of the nervous
system. The weaker sex are a prey to a vari-
ety of agonies that may truly be called in-
finite, all growing out of the disordered action
of the nerves. The nerves are the seat of all
pain. Kill the nerve of a "raging tooth,"
and the pain ceases. Destroy the nerves of
a limb, and it is paralyzed. Render all the
nerves of the frame insensible, and you pro-
duce death. Of what immense importance
therefore, must a preparation be that will in-
fuse health, vigor, hardness, and permanent
energy, into this complex arrangement of
vital agents known as the nervous system.
Experience has proved, the faculty admit,
the record shows, that Dr. Morse's Invigora-
ting Cordial and Elixir will produce these
almost miraculous effects. If all men could
witness the changes it brings about in the
condition of those who are "ready to perish"
—how it banishes melancholy, begets strength,
controls pain, builds up and fortifies the con-
stitution, and prolongs life—it would be un-
necessary to advertise it. Newspapers are
merely used as media to draw attention to it.
To be universally used, and unhesitatingly
relied upon, it merely requires to be univer-
sally known. The aid of the press is invoked
to guide the public to this living fountain;
but no printed words can adequately set
forth its value.
LOSS OF MEMORY.
Confusion, giddiness, rush of blood to the
head, melancholy, debility, hysteria, wretch-
edness, thoughts of self-destruction, fear of
insanity, dyspepsia, general prostration, irri-
tability, nervousness, inability to sleep, dis-
eases incident to females, decay of the pro-
rogating functions, hysteria, vague terrors,
palpitation of the heart, impotency, consti-
pation, etc., from whatever cause arising
as if there is any reliance to be placed on
human testimony, absolutely infallible.
A GREAT MEDICINE FOR FEMALES.
Woman, the most fragile as well as the
fairest portion of animated nature, will find
her sure reliance in all the difficulties,
radical or incidental, to which her structure
is liable; while in cases of nervous head-ache,
neuralgia, dyspepsia, nervous melancholy,
hysteria, feebleness, nervous trembling, in-
continent paralysis, sleeplessness, unnatural ir-
ritability, fainting fits, epilepsy, weakness of
the back, general prostration, palpitation of
the heart, lassitude, mental indolence, &c.,
its effects are as certain and uniform as the
results of a mathematical calculation.
MARRIED PERSONS.
Or others will find this cordial after they
have used a bottle or two, a thorough re-
generator of the system. In all directions

by dispensing it in so
but for this many a
and it is equally potent for the many diseases
for which it is recommended. Thousands of
young men have been restored by using it,
and not in a single instance has it failed to
benefit them.
PERSONS OF PALE COMPLEXION.
or consumptive habits, are restored by the
use of a bottle or two to bloom and vigor,
changing the skin, from a pale yellow, sickly
color, to a beautiful florid complexion.
TO THE MISGUIDED.
These are some of the sad and melancholy
effects produced by early habits of youth,
viz: weakness of the back and limbs, pain in
the head, dimness of sight, loss of muscular
power, palpitation of the heart, dyspepsia,
nervous irritability, derangement of the di-
gestive functions, general debility, symptoms
of consumption, etc.
Mentally, the fearful effects on the mind
are much to be dreaded. Loss of memory,
confusion of ideas, depression of spirits, evil
forebodings, aversion to society, self-destruc-
tion, love of solitude, timidity, etc., are some
of the evils produced. All thus afflicted
BEFORE CONTEMPLATING MARRIAGE
should reflect that a sound mind and body
are the most necessary requisites to promote
conjugial happiness indeed without these,
the journey through life becomes a weary
pilgrimage—the prospect hourly darkens the
view; the mind becomes shrouded with
despair and filled with the melancholy re-
flection that the happiness of others becomes
blighted with your own.
[FROM AN OLD DRUGGIST.]
NEW YORK, MARCH 5TH, 1853.
MR. C. H. RING—This being my birth
day, I do not know how I could employ it
better than in returning you thanks for my
returned health, and at the same time give
you my views of one of your most excellent
preparations. Being a druggist of thirty
years experience, I know something in regard
to nostrums, and am very seldom disposed
to praise them. For some two years I have
been an invalid. In January, 1851, I had a
severe time of it with Liver disease and Fis-
tula; was confined to bed and house five
months. Just over these, in my weak state,
I was seized with a general neuralgia of the
whole system, but mostly raging about the
heart, right lung and leg. I could not sleep
except in what are usually called "catnaps"
lost all appetite, and became perfectly miser-
able. Well, sir, in my despondency, I re-
sorted to stimulents, the exciting quality of
which being past, I found the remedy worse
than the disease, and my nervousness highly
aggravated, I was reduced in flesh from 186
to 138 lbs; my constitution seemed broken
down and I was a wreck of my former self.
I took supine morphia, assafetida and
the usual nerve antidotes, but with little or
no effect. I was induced to try your "Morse's
Invigorating Cordial," and I say it for the
benefit of those suffering as I was, that is the
best nervous medicine extant, whether the
neuralgia and the thousand ills in its train are
produced by natural causes or excess in drink-
ing on myself, it has acted wonderfully
I have now appetite, have gained flesh, sleep
is now refreshing, my nervousness almost
disappeared, and I think I have a new lease
of life; and with the taking of one or more
bottles of this pleasant remedy, I doubt not
I shall feel almost as well as I did twenty
years ago.
Most gratefully Yours,
J. W. F.,
Late of Glastenburgh, Conn., and Norfolk,
Va., and formerly with William Burger, 59
Courtlandt Street, N. Y.
PLAINFIELD, New Jersey, April 3, 1854.
MR. C. H. RING—Dear Sir, I have been en-
gaged in the practice of medicine in the
county of Delaware, State of New York, for
forty years or more, until one year ago last
fall, I moved to this place, in hopes to ben-
efit my health by change of climate. For
four or five years past I have been incapaci-
tated to attend to my calls in my profession,
My sufferings from general debility and pro-
stration of the physical and mental powers,
were almost insupportable, and at times re-
duced life a burden. A few days since being
in the city, I called at your office and pro-
cured a bottle of Dr. Morse's Invigorating
Cordial, and have been taking it according
to directions. I feel a decided improvement
in my health, and confidently believe that a
few more bottles will restore me to com-
fortable health. I send you this statement as a
token of my gratitude to the author of this
invaluable medicine, and you are at liberty
to make such use of it as you please.
Respectfully yours,
DAVID DREW, M. D.

Morse's Invigorating Cordial.
The following is from a gentleman of this

sary, by calling upon us.
Gentlemen—Having recovered within ten
days from a state of great nervous debility,
accompanied with loss of appetite, dyspeptic

not quite one bottle of Morse's Invigorating
Cordial.
Dr. Morse's Invigorating Cordial has been
counterfeited by some unprincipled persons.
In future the genuine cordial will have the
proprietor's fac-simile ported over the cork

**EMERSON'S
"Young States" Magazine.**
This "Young Original Monthly" has, dur-
ing the last year, been twice enlarged, and
is now of the size of the leading magazines
in this country and Europe. It contains
each year 1400 pages, in two volumes, and
is embellished with about 600 original Pictorial
Illustrations. Although the youngest,
it has already outstripped in circulation and
popularity every other "Three-Dollar Maga-
zine" in this city, with one exception, and
has now come to be regarded by the Ameri-
can Press, and a large portion of magazine
readers, as "The Rival of Harper's." Its
originality, its purely national character, its
bold, independent criticisms, its high literary
tone, and its beautiful artistic embellishments,
are securing for it hosts of admirers among
every class and profession.
The new volume which commenced in
July, contains many new attractive features,
among which is the Life of George Wash-
ington, prepared by a distinguished author, and
illustrated by the first American artists. This
will be continued each month until com-
pleted—the whole to be embellished with sev-
eral hundred of the finest engravings every ex-
ecuted in this country.
Illustrated Poems will appear in every
number.
"My Thirty Years Out of the Senate," by
Major Jack Downing, which is exciting in-
tense interest in every section of the country
will be continued through the next volume.
It is the design of the Publishers to make
Emerson's "The Great Magazine of this
country" one which every American may
be proud to accept as a specimen of our own
periodical literature.
Specimen copies sent on receipt of 25 cents.
Compare it with any of the magazines of
the day. ONE DOLLAR a year, in advance.
