On last Sunday, Dr. Smart, of Vernon parish, passed through Colfax, having in charge a negro man and a girl about 15 years of age. The man is charged with kidnapping and running the girl off.

The Montgomery High School closes its session June 16th, with appropriate exercises and an exhibition by the children. We regret not being able to accept a courteous invitation to be present.

Rumor has it that two or three weddings are on the tapis in ward six, to be consummated in a few days. The overflow last year seems to have influenced quite a number to consolidate their fortunes and combine issues.

Farmer T. M. Wells, of Buzzard's Roost, sent us over a specimen of his Yellow Bull's Eye Squashes this week, a sort of hybrid cross on the Patty Pan variety, growing in twin clusters. What yer giving us, neighbor? Nobody is surprised at your raising twins in any line.

The first issue of the Montgomery Mail was received on the 10th instant. It continues with the old volume, starting out under its new name with No. 25. The mechanical get up of the paper is improved under the management of Mr. Latham, and it bids fair to become an interesting and valuable institution of the parish.

The cotton worms are beginning to show themselves pretty freely in the crops along our river front. Mr. Ed. Hickman, manager for Mr. J. H. McNeely's places, on yesterday brought to this office a sample of the genuine caterpillar, and says from the presence of numerous blackbirds in the crops he is satisfied they will soon appear in myriads.

Mr. W. F. Dixon, of Oction, who was in town this week, reports that Pollock's big saw mill has been shut down for about ten days, but will run again soon. Major H. V. McCain after smoking tobacco thirty-two years, and Mr. Louis Ethridge after chewing fifty years, quit the use of same one month ago and have not indulged in the useless habit since. If these two men, well up in years, after using tobacco so long, can muster courage and resolution sufficient to quit, why cannot some of the youth of our country who are contracting the useless and damaging habit of cigarette smoking do likewise?

Notice, School Trustees. Do not hire a teacher until you are satisfied that the candidate is competent to fill the position; do not dismiss a teacher until you feel assured that he or she has had a fair chance to succeed and has failed.

Few testimonials mean as much as they say; the most of them mean a great deal less.

Do not condescend to the contemptible role of acting as a spy. School trustees have nothing in common with private detectives.

Never reprove a teacher before a class or a room full of pupils. Such procedure stamps you as anything but a gentleman.

Do not base your estimate of a teacher's competence upon the little tittle-tattle of giddy girls, or the idle talk of the "small boy."

Tales told out of school are usually of little account.

It is often the best economy to advance a teacher's salary.

Avoid extravagance and parsimony alike; the public is not hankering after either when it is a question of public school education.

If your appetite is gone nothing will restore it more quickly than "C. C. C. Certain Chill Cure," the great Tonic and guaranteed Cure for Chills.
