J. C. MENDENHALL,
Sole Owner Evansville, Indiana
For sale at Valley Drug Store.

Hold Your Cotton.
Harvie Jordan, president of the Southern Cotton Growers' Association, advises the farmers to hold their cotton for 12 cents. He argues that nearly all the cotton crop is about harvested, debts generally have been paid, and it is not necessary to sell. Mr. Jordan calls attention to the fact that up to the middle of October only 6,400,000 bales had been ginned, and that the total crop of cotton will not exceed 11,000,000 bales, if that much, hence the spinners can afford to pay 12 cents for every pound of cotton made this year, and at the same time make a good profit for the stockholders in their mills. The price of yarns has advanced 3 per cent in the last two months and, therefore Mr. Jordan insists that the grower hold his cotton for better prices, which are bound to come.

Two parishes in Louisiana, Avoyelles and Morehouse, went "dry" as a result of the election last week. The majority for prohibition in Avoyelles was 244, while in Morehouse the majority was not quite as large, only about 70. Both of these parishes, like Grant, have tried prohibition and find that they are better off without whisky.

Our New Job Press.
The Chronicle this week received a new job press, amply large enough to print anything from a visiting card to a large legal blank or poster. This press is a handsome piece of machinery and has all the latest attachments—impression throw-off, steam fixtures, depressible paper grippers, patent double ink disk, forged steel arms—runs as smooth as a sewing machine, no noise, no racking, and is absolutely perfect in every respect. In short, it is the best printing press in Grant parish. The press is in operation daily at the Chronicle office, and our friends are invited to call and see it at work turning off the best and most artistic printing to be had in this section.

New Goods for
Fall and Winter Trade
—AT—
J. P. LEWIS'
Colfax, - - - - Louisiana

We do not claim to have the largest stock in town, but we do claim to keep as good and up-to-date line of goods as can be found anywhere in town, consisting of Dry Goods, Clothing, Hats, Caps, Shoes, Groceries, Etc. You are cordially invited to call and examine our stock before purchasing.

One Trial Will Convince You.

W. L. Landrum was dynamiting fish at Albert, La., when a stick of dynamite exploded in his hand, necessitating the amputation of that member. Ament this the Journal says: "If there is a law in Louisiana against dynamiting fish there is a culprit in the Shreveport hospital for treatment." Probably he does need "treatment," but it is not likely that Landrum will ever attempt the trick again should he be allowed to escape the law this time.

Tom Underwood, the negro fiend who murdered Policeman Aymond in Alexandria last week, is still at large, but the officers are following clues which they are confident will reveal his hiding place soon. He is reported to have been seen at several places, and is also said to have been shot at by some parties at the Iron Mountain crossing, but none of these reports have been verified.

The Big Pine Lumber Co. this week took charge of the Colfax brick plant and will operate it under a lease made with Mr. J. N. Fletcher, receiver for the brick company. Mr. H. Edgington, a practical machinist, arrived from Texarkana Tuesday night with a crew of workmen and is busy getting the machinery in shape for operation immediately.

Taxes are coming in pretty lively and the coffers of the parish treasury will soon be able to pay off all outstanding scrip at 100 cents on the dollar.

Chamberlain's Cough Remedy is Pleasant to Take
The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. W. L. Ederick, of Poolville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by J. H. McNeely.

Great preparations are being made for the National Cotton Convention to be held at Shreveport on December 12th, 14th and 15th, and all railroads are expected to give reduced rates of one and one-third fare for this occasion. Gov. Blanchard has consented to deliver an address, and a number of governors from the cotton growing States are invited to be present and aid in formulating a plan for the destruction of the boll weevil. Every parish in the State will send delegates to the convention, and it promises to be one of the biggest conventions yet held to discuss ways and means of combating the pesky weevil.

A shooting scrape between Sam Kimball and Ryan, both negroes, occurred on the Randolph Rigollette place last Thursday, in which Kimball got hit in the eye with one small shot fired from a shot gun. After being shot he fired at Ryan with a Winchester rifle and thinks he hit him, though he is not positive. Dr. W. J. Roberts dressed Kimball's eye and says it is more than probable he will lose the sight of it.

Mayor Capdeville, of New Orleans, has been appointed to fill the office of State Auditor, made vacant by the election of Martin Behrman as mayor of the Crescent city.

Business men want stationery with a business style about it, and that is the kind the Chronicle prints.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure.
FRANK J. CHENEY,
Sworn to before me and subscribed in my presence, this 8th day of December, A. D. 1886. **A. W. GLEASON,**
(Seal) Notary Public.
Halls Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonial free.
F. J. Cheney & Co., Toledo, O.
Sold by all druggists, 75c.
Take Hall's Family Pills for constipation.

Card of Thanks.
To all the friends and neighbors who were so kind to us during the illness of our dear little boy we wish to express our sincerest thanks. Such sympathy we appreciate and can never forget.
DR. AND MRS. W. J. ROBERTS.

It is rumored that the new shops of the Louisiana Railway and Navigation Company will be built at Bossier City instead of Pineville, as has been reported.—Journal, 14th.

Mrs. Wiley Futrell died of apoplexy at her home near Fattrell last Wednesday morning, Nov. 16th, and was buried the next day at Bethel cemetery. She leaves a large number of relatives and friends to whom the Chronicle extends deepest sympathy in this their sad bereavement.

You should not put poison into your system under any circumstances, and especially not when you can get potency out of remedies which are harmless. We not only claim this for our preparations, but have demonstrated it beyond the shadow of doubt to many of our friends and patrons throughout the civilized world. Our medicines are compounded from the best physicians' prescriptions. For instance our Chills and Fever Ac are the combined products of 3 years of progressive work in the malarial district. This actual experience of 35 years in curing malaria ought most assuredly to give our remedies greater prestige than the numerous so-called malarial remedies built up on theoretical ideas, when in all probability the originator was never in the malarial section, nor even saw the actual effects of a chill. If you want a CHILL medicine for CHILLS it is CHILL-IVOR. At all druggists, or write Finlay, Dicks & Co., Ltd., New Orleans.

Not Sick Day Since.
"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C. writes. Only 50c at Crescent Drug Store, Colfax; Bush & Randolph, Fairmount, La.

An employe of the Valley stated this morning that the company were building yards at Pineville, and were also building an incline at that point.—Shreveport Journal, 14th.

Light sleet last Saturday morning and heavy frosts all this week have been a reminder that winter is fast approaching.

As the holiday season approaches we are informed that several of our young folks seriously contemplate committing matrimony as a part of the holiday celebrations.

The new sawmill to be erected by Knight and Hayes near Atlanta, on the Valley road, will be of about 50,000 daily capacity, sufficient timber having been secured to operate one of such capacity for several years.—Winnfield Sentinel.

Best Liniment on Earth.
Henry D. Baldwin, Supt. city water works, Shreveport, La., writes: "I have tried many liniments, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c, \$1 at Valley Drug Store.

MRS. CECILIA STOWE,
Orator, Sufferer from Club.
176 Warren Avenue,
CHICAGO, ILL., Oct. 22, 1902.
For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a desolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

Cerba Stowe
Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a \$1.00 bottle of Wine of Cardui.
