Our friends and old-time customers are invited to call on us at our new location, and are assured of receiving the same courteous attention as in the past.

J. H. McNeely

School Board to Meet February 18th.

Colfax, La., Feb. 9, 1911.

On account of no quorum being present at the last regular meeting of the parish school board, the body stood adjourned without action. The members of the board are therefore notified to meet in Colfax on Saturday, February 18, 1911, to transact the regular order and such other business as may come before them.

J. H. McNEELY,
President of School Board.

Prof. J. N. Warner was in Colfax last Saturday looking after school affairs. We are glad to learn that his wife, who was in such a critical condition he could not attend the last meeting of the school board, is greatly improved. She has been in the Alexandria sanitarium about a month, but was expected to be strong enough to go home this week.

Increased Pay for R. F. D. Carriers.

The postoffice appropriation bill which passed lately, provides for an increase of \$100 per year in the salaries of the mail carriers on the free delivery routes. This will be a welcome increase, as the salary of \$75 per month was hardly sufficient for them. This will go into effect July 1st.

Mrs. J. N. Fletcher has moved back to her home on the river near Aloha, and is showing Mr. F. how he ought to keep house. Mr. and Mrs. J. A. Killingsworth are remaining in Ruston with the Fletcher children, their grand children, who are there attending the Industrial school.

Mr. J. B. Roberts is having the cottage repaired on the corner of the lot south of W. C. & J. B. Robert's office, and we understand Messrs. J. B. Roberts and L. O. Clinton will occupy the building.

How to cure a cold is a question in which many are interested just now. Chamberlain's Cough Remedy has won its great reputation and immense sale by its remarkable cure of colds. It can always be depended upon. For sale by all dealers.

Mr. T. H. McNeely expects to be in the office next to the old McNeely store until about 10:30 o'clock every morning, attending to correspondence and other matters of business.

The ladies of the Altar Society will give a Washington birthday party at the residence of Mrs. W. D. Lurry on the evening of Feb. 22d, for the benefit of the Catholic church.

The jail is being fitted with pipes and tile drains, in addition to former supply of sanitary fittings.

Attorney J. B. Roberts spent the early part of this week in Winnfield attending to legal business.

It would be a pretty good idea to keep things cleaned up all the time. Dr. Dowling, the president of the State Board of Health, has a way of dropping in almost any time.

When her child is in danger a woman will risk her life to protect it. No great act of heroism or risk of life is necessary to protect a child from croup. Give Chamberlain's Cough Remedy and all danger is avoided. For sale by all dealers.

An average is then made of the first average, his grade in punctuality, and his grade in behavior. If a pupil misses a day he loses five points. If he is tardy one time he loses one point.

Parents are urged to see that their children attend regularly and promptly.

We are told that Mr. H. G. Jarnigan, the telegraph operator at Colfax, was the one that ordered the switch engine from Aloha, two weeks ago, during the Big Pine fire, in time to save several cars from burning. We credited the order to Train Master Wilson, who was here at the time. However, he approved the quick-witted action of the operator, as does everybody who knows the importance of the act.
