**PE-RU-NA FOR CATARRH**

The Colfax Chronicle  
SATURDAY, MAY 4, 1912.

Mr. N. M. Hyde, of Winnfield, spent Thursday in Colfax, being here on a timber deal with the Big Pine Lumber Company.

Mr. J. H. McNeely has rented the old bank building to Dr. J. L. Woodall for an office, and the doctor will move in a few days.

**Gold Breastpin Lost.**  
A small double shell design, with diamond in center of each shell. Return to Chronicle office and receive reward.

Rev. E. L. Cargill, the preacher in charge of this work, on account of the meeting in progress at Colfax, will not fill his regular appointment at Montgomery on Sunday, but will preach at that place on the following Sunday, May 12.

Capt. C. H. Teal returned from New Orleans Wednesday evening, where he attended the session of the Mississippi River Commission in advocacy of the proposed divorce of Red river from the Mississippi. The matter will be submitted to Congress.

Mrs. C. B. Palmer, the wife of a well known merchant of Little Rock, Ark., always recommends Foley's Honey and Tar Compound for coughs and colds, and says: "My little boy when he had the measles, had a severe cough which grew so bad he could not sleep nights. One small bottle of Foley's Honey and Tar Compound completely cured him. He has not been bothered since." J. W. Duncan Co., Ltd.

Prof. W. Y. Hiter, principal of the Montgomery school, came by on Tuesday to have us change the address of his Chronicle to Bells, Tennessee. His school at Montgomery was brought to a close on Friday, April 26, at the end of an eight month's term.

Mrs. P. S. Smith and Mrs. M. M. Fisher, of Winnfield, arrived in Colfax on last Wednesday, and will remain until Sunday. They came down to join with other relatives in decorating the graves of their father and mother, Mr. and Mrs. Hartwell Hyde, in the cemetery at Summerfield.

Mrs. A. S. Davis, wife of the head keeper for the Iron Mountain Lumber Co., at Pollock, committed suicide on Sunday morning by jumping into a well head foremost. Her sister saw her commit the rash deed, but was unable to prevent it. Mrs. Davis suffered with a peculiar form of pelagra, and having failed to find relief after traveling around to different sanitariums, had become despondent.

There are people in this town who unthinkingly neglect a "mere cold" though they would not otherwise expose their children or themselves to danger. Yet a cold neglected may develop into contagious diphtheria, bronchitis, or pneumonia. Use Foley's Honey and Tar Compound promptly for it stops coughs quickly and cures colds. It contains no opiates and is safe for children. J. W. Duncan Co., Ltd.

R. Jeter was elected mayor of Colfax, and that W. A. Brownlee, F. B. Cole, J. Q. Long, G. H. McKnight and J. E. Swafford were elected aldermen, and J. H. Bristler was elected marshal.

**Helps a Judge in Bad Fix.**  
Justice Eli Cherry, of Gillis Mills, Tenn., was plainly worried. A bad sore on his leg had baffled several doctors and long resisted all remedies. "I thought it was a cancer," he wrote. "At last I used Bucklen's Arnica Salve, and was completely cured." Cures burns, boils, ulcers, cuts, bruises and piles. 25 cts. at all druggists.

**DIED.**  
ROE—At her home near Morris, La., on Thursday morning, April 18, 1912, Mrs. Rebecca Roe died suddenly from heart failure.

On the morning of her death Aunt Beckie seemed to be well, and after going to the garden returned to the house and bade her daughter Lydia get ready for school. Lydia went to her room and on looking back in a few seconds she saw her mother lying face down on the kitchen floor. She went at once to her mother and did every thing she could to resuscitate her, but life was extinct. Thinking she had fainted Lydia called her father, and on finding that she was dead, her husband, Uncle Marion Roe, went to the school house and notified the teacher and telephoned to Pollock for her daughter and a physician. On arrival of a physician an examination was made and the doctor said that she died instantly. No bruises were visible, except where she fell on her nose.

She leaves a husband, three daughters, two sisters, one brother, four grand-children and one great-grand-child to mourn her loss, besides a host of other relatives and friends. Dear bereaved ones, do not weep, for she can not come back to us, but we can go to her if we try. It was a great shock to give up our dear one, but God knows best. Let us all strive to meet her in heaven. She is not dead but is sleeping with God.

Aunt Beckie was a member of the Baptist church and had lived a christian life. She never had a harsh word for any one and was loved by all who knew her.

She was laid to rest in the family grave yard on Hudson creek, by the side of her two children who had preceded her to the grave. A large concourse of sympathizing friends attended the funeral. A NIECE.

R. T. Hunt, 130 Chappel street, Hot Springs, Ark., has proved the value of Foley Kidney Pills as an effective medicine for kidney and bladder troubles. "I was in pretty bad shape when I got some of Foley Kidney Pills, but they cured the pain, and my kidneys act normally and there is no longer a sediment. I am cured of all kidney trouble by Foley Kidney Pills." J. W. Duncan Co., Ltd.

NATURE'S OWN ANTISEPTIC FOR INTERNAL & EXTERNAL USE

ANOTHER OF MIRACO'S MANY MIRACLES.

I want to testify to the merits of Miraco. I was troubled with eczema for more than ten years. I tried everything that I could hear of and was treated by a number of splendid physicians, but could get no relief. I finally went to Hot Springs, Ark., but came away without getting cured. I suffered death time and again. My flesh, in places, was perfectly raw and bleeding. It was so torturing to me that at times I would burn it with carbolic acid until holes were eaten in my flesh. A friend gave me a bottle of your Miraco and after using four bottles I am cured. I want people to know what Miraco will do. A. H. HOGUE, Many, La.

**Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.  
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
