## Sunday School Convention at Pollock.

On August 1st and 2nd the Parish Sunday School Association holds its annual convention, and preparations are being made by those in charge to make this gathering to be held in Pollock, one of the best religious gatherings ever held in the parish. The State Sunday School Association is co-operating with the local Sunday School workers in the parish and are going to send some of its ablest workers to the convention. The president, Mr. Jas. A. Christian, and the secretary, Mr. A. R. Wallis, of the Parish Association, are anxious to get in touch with every Sunday school and every Sunday school worker and pastor in the parish, and should any such persons reading this article have failed to receive a notice concerning the convention, the officers would appreciate a line from you to that effect. The only reason you have not received the proper notice is because the Association has been unable to locate you. Just send your name and that of your school with the list of its delegates and places of entertainment will be given them during their stay at the convention.

Certainly, every Sunday School in the parish should be represented by one or more delegates, for this is an opportunity for our Sunday school people to learn better methods of Sunday school work and to awaken us to the realization that progress is being made in the Sunday school work of the world as it is in every other field. Much interest is being aroused and plans are being made for a convention well worth while.

## CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with our bile crashes into it, breaking it up. This is when you feel that awful nausea and erumping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone.

Have my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful to-night and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless, doesn't gripe and they like its
