State Aid for Good Road Building.

We publish an extract from Act 49 of 1910 in regard to good roads, which ought to be of interest to our readers, as follows:

6582. [Sec. 6.] All work of construction, improvements and maintenance of highways, under the provision and direction of the State Board of Engineers, shall be performed by the State Highway Engineer in accordance with the plans, specifications and contract prepared and executed therefor.

6583. [Sec. 7.] The total cost of all work of highway construction, improvements and maintenance under the provisions of this act, shall be paid by the State treasurer upon the warrant of the State Highway Engineer approved by the president of the Board of State Engineers, out of the fund hereafter created for the purpose of this act. The parish, city, town or village wherein such work of improvement has been or is being performed, shall refund to the State one-half of such total cost thereof. The portion of said cost to be borne by the parish, city, town or village, in which said highway improvement has been made, shall be paid to the State treasurer by the treasurer of said parish, city, town or village upon the order of the mayor and council or other governing body.

Upon the completion of any such contract for highway improvement, the State Highway Engineer shall certify to the State treasurer and to the president of the police jury of the parish, or the mayor or other governing authority of the city, town or village, wherein such work or improvement has been performed, the portion of the cost thereof to be borne by said parish or parishes, cities, towns or villages, or either or any of them shall not be paid to the State treasurer within thirty days after being so certified by the State Highway Engineer, then the portion of such parish, city, town or village remaining unpaid shall be charged to said parish, city, town or village, and no further State aid for highway improvement shall be granted said parish, city, town or village until the amount due is fully paid, with legal interest from maturity, into the hands of the State treasurer to the credit of the State Highway Fund hereinafter created.

Provided, that not more than fifty thousand dollars (\$50,000) shall be used or apportioned by the State Board of Engineers to the building of such highways in any one parish during any one calendar year, if other parishes have pending application for State aid in highway construction under the terms of this act; and provided further that no parish shall receive an apportionment or expenditure of said funds for more than one year when other parishes are applying for said funds.

A section of this law states that a parish may be divided into good road districts, and infers that State aid may be obtained for road building in such districts, which disproves the idea that State aid can only be procured by voting a parish wide road district.

Are You Bothered With Constipation?
You will have grateful relief from the first dose of Po-Do-Lax. It is a compound laxative for it not only empties the bowels but stimulates the bile and other secretions. It attacks constipation at its source and you get permanent relief. Po-Do-Lax will give you regular stool and only occasionally will you need it. An excellent liver medicine. 50c at druggists.—Adv.-3.

He Can, but Won't.

Any gentleman can swear, get drunk, tell stories that would lower him in the estimation of his mother and wife, and go where he would be ashamed to be seen by the girl he loves—but he won't.

Any gentleman can drive a sharp bargain; he can take advantage of the other man's necessities, he can drive him into a corner, he can rub his hands gleefully and say to himself as he sees him writhe, "business is business," but he won't.

Any gentleman can kick a dog, abuse a horse, misuse a child, laugh at another man's mistakes and devilishly gloat over another man's failures—but he won't.

Any gentleman can grow cynical, sour and pessimistic, he can feel that everybody is against him and he against the world, he can scoff at all good things, ridicule your religion and damn your judgment—but he won't.

Any gentleman can say harsh, sarcastic and cruel things, he can crush flowers and fertilize weeds, he can stab you with words—but he won't.

Any gentleman can make this old world, this topsy-turvy, this greatly misunderstood, this finities not-to-be-understood world, a far better place because he chanced to pass along this way—and he will.

A Symbol of Health.

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which—Adv. Obtainable everywhere.—Adv.
