In Our New Location

It affords us great pleasure to announce to our customers and friends that we are now located for business in the Bloch-Uhry building, where we will be pleased to serve you as heretofore. Our new location affords us ample room to carry a stock of goods commensurate with the needs of our customers, and to this end we are receiving and have in transit new goods which are being opened and put on display as fast as they arrive. In addition to the line usually carried by us, we will also add extensively to our line of hardware to meet the growing demands of our farmer friends. This will make our stock as complete as can be found in Grant parish, and with the close margin of profit we make on all sales, it will be to the interest of the buying public to at least inspect our goods before making purchases.
