### CALDWELL WATCHMAN

A consignment of 14,000 glass eyes was sold at public auction in Jersey City last week. The Republican presidential wrangle has not yet reached the eye-gouging stage, and only two or three bidders appeared at the sale.

J. M. Howell, a popular druggist of Greensburg, Ky., says, "We use Chamberlain's Cough Remedy in our own household and know it is excellent." For sale by all druggists.

A "cow-tail tie" has been invented by a Kentuckian. Its purpose is to prevent a cow from switching her tail while she is being milked. But doesn't the inventor infringe upon one of the cow's patent rights?

#### No Calomel Necessary.

The injurious effect and unpleasantness of taking calomel is done away with by Simmons' Liver Purifier, the mildest known liver medicine, yet the most thorough in action. Put up in yellow tin boxes only. Price 25c. Tried once, used always.

The postoffice appropriation bill, as passed by the House, carries an appropriation of \$16,000,000 to \$18,000,000 for Federal aid to public road building. The bill also requires newspapers to print the names of their owners, and to mark all paid reading matter "advertising"—both good moves.

Is there anything in all this world that is of more importance to you than good digestion? Food must be eaten to sustain life and must be digested and converted into blood. When the digestion fails the whole body suffers. Chamberlain's Tablets are a rational and reliable cure for indigestion. They increase the flow of bile, purify the blood, strengthen the stomach, and tone up the whole digestive apparatus to a natural and healthy action. For sale by all druggists.

In the Massachusetts primaries President Taft led Mr. Roosevelt by several thousand votes, but the Roosevelt delegates-at-large were elected. The Congressional districts divided evenly. Champ Clark won in the Democratic contest. In Texas Governor Wilson seems to have a clear road. Roosevelt and Clark appear to have won in Maryland.

#### The Demons of the Swamp

are mosquitoes. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fever of malarial fever. The appetite fails and the strength fails; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Fretwell, of Lucama, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach and kidney ills, 50 cts at all druggists.

It is an excellent point that a friend makes—namely that while the sinking of the "Titanic" has

aroused world-wide interest and grief, many citizens, even those in our Legislatures, refuse to do anything about the vastly greater death-loss from preventable diseases which every State suffers every year—the thousands and thousands of needless deaths from consumption, typhoid fever, malaria, hookworm disease, and numerous other preventable causes. A State which allows these diseases to go on killing its citizens unchecked, when its citizens are too ignorant to realize the facts, is at least guilty of homicide. But the people of a State who allow constant daily and hourly killing of boys and girls, men and women from such preventable diseases, when they know that it could be largely prevented by promoting public health work in States, counties and municipalities—are they not in a real sense guilty of murder?

For soreness of the muscles whether induced by violent exercise or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. For sale by all druggists.

The Simsboro correspondent of the Shreveport Times of May 10, has the following to say:

The Simsboro High School closed on May 10, after one of the most successful years in the school's history. Under the splendid management of Prof. W. A. Bynum, the attendance increased, and the school work is in a flourishing condition. The new brick school building is being erected and through Mr. Bynum's personal efforts, this building has been secured for the prosperous little town. Prof. Bynum will not teach here next year, but has accepted the principalship of the Columbia Approved High School, at a substantially increased salary, and Prof. Townsend, a very able and intelligent man, has been elected as principal here.

#### Stands Ahead.

There is something about Hunt's Lightning Oil that no other liniment possesses. Others may be good, but it is surely the best. It does all you recommend it for, and more. For sprains, cuts, bruises, burns, aches and pains it has no equal on earth. It stands head on my medicine shelf.

Very truly yours,  
T. J. Brownlow,  
Livingston, Tenn.

#### Helps a Judge in Bad Fix.

Justice Eli Cherry, of Gillis Mills, Tenn., was plainly worried. A bad sore on his leg had baffled several doctors and long resisted all remedies. "I thought it was a cancer," he wrote. "At last I used Bucklen's Arnica Salve, and was completely cured." Cures burns, boils, ulcers, cuts, bruises and piles, 25 cents at all druggists.

The floods in the Mississippi Valley continue unabated. Over 100,000 people are now homeless and there is great danger that large areas below Baton Rouge will yet be flooded. In the upper part of the flooded territory most of the farmers have gone back to their homes, and to work, but further South it will be a matter of weeks before anything can be done, and over large areas a crop of any kind this year is scarcely to be hoped for. The time has come when the Nation must take action to prevent the recurrence of such disasters.

What's to be done? Delay means loss.
