

The Slash. Paul Polret, the French dressmaker, was asked by a New York reporter if he thought woman's present mode of dress made for morality.

"I do not deal in morality," M. Polret replied. "I deal in beauty." Then, apropos of the slashed skirt, he told a story.

"A young lady in a white dinner gown," he said, "stood under a blazing electric fan, swinging round before her fiance, she asked: 'How does my new dress show up?'"

"Up almost to the knee," the young man replied. "Those white silk stockings with gold clocks are beautiful."

LESSON FOR DECEMBER 7

THE FALL OF JERICO.

LESSON TEXT—Joshua 6:3-11, 14-20. GOLDEN TEXT—"All things are possible to him that believeth."—Mark 9:23.

There is a wonderful teaching in the story of the two memorials (Ch. 4) that Joshua erected after Israel had passed over the Jordan. One is left to be overwhelmed by the river, the other is erected in Gilgal. They mark the distinction between Christ's death under judgment in the believer's place, and the believer's perfect deliverance from judgment.

I. God's Orders, vv. 1-5. The fame of the Israelites had preceded them (ch. 2:9) and that this was added too by the miraculous deliverance at the Jordan is suggested in verse one. Verse two suggests that again they must proceed upon the bare word of Jehovah, and humanly speaking, how utterly absurd appear the divine orders.

Jehovah's Word Followed. II. Joshua's Instructions, vv. 6-8. A reading of this section reveals the fact that Joshua diligently followed out the word of Jehovah. Preceding the people was the ark, and we need to remember what it contained and that it is a type of Christ. Following the ark were the priests, and the priests came the silent host (v. 10). No other sound than that of the trumpet (v. 13).

The walls of Jericho are not to fall by the use of the ordinary implements of war, see 2 Cor. 10:4, and the resultant victory was in no way to give opportunity for human boasting. Eph. 2:9; 1 Cor. 1:26-29. Joshua did not set forth a "more reasonable method," he did not alter God's orders; that he had no right to do, nor have we. Rev. 22:18, 19; John 3:2; Matt. 15:6. The implements and the methods were foolish to those in Jericho and to all unbelievers, see 1 Cor. 1:21-25. It was the priests who led with the "jubilee trumpets," typical of the gospel which Paul tells is the "power of God," Rom. 1:16.

III. The Obedient People, vv. 9-16. One great act of distrust and disobedience led to those years of aimless wandering accompanied by discomfort and resulting in death to all (save two, Caleb and Joshua) who crossed the Red Sea with Moses. Here we have the contrast. Seven days of patient, obedient marching, according to specific orders, is followed by victory and possession. What a strange sight this cavalcade must have made. The trumpet blowing priests; the ark, symbolic of Jehovah's presence and typical of Christ; the silent multitude. Verily this new generation is being tested ere they enter into their promised inheritance. On the seventh day they arose earlier and were subjected to a seven-fold test. Our fiercest testing is generally just before the moment of our greatest victory.

Saved by Faith. Faith used means ordered of God, foolish to man, and wrought a great victory. Faithful obedience is here wonderfully contrasted with former unfaithfulness. Joshua directs the spies to search out Rahab and she and her household are saved according to promise, vv. 22-25. She also was saved by faith, Heb. 11:31, and became one of the line from which Christ came, Matt. 1:5. The only part of the wall that remained standing was that where Rahab's house stood, vv. 22, see chapter 2:15.

The teaching is very plain. As the Israelites depended wholly upon God, were obedient to his orders, accepted his discipline, held back all passion and covetousness, they entered into the fruits of a victory that made easy many subsequent ones. Their acts of faith were a more severe test than those more visible and carnal means of fighting battles.

As these people of God had crossed the Jordan, submitted to the rite of circumcision, took their first march in this land of promise and captured this walled city which stood in the way of their progress, the unbelief of forty years was rebuked. This was a day of vindication for Caleb and Joshua, a day of proving that God was able to give victory to the people in whom he delighted.

The Golden Text illustrates that it is to believe, when we recall the story from which it is taken—obedient faith in spite of appearances. No one can deny the absurdity of a people walking around the walls of a city blowing rams' horns and expecting to possess it. Faith in both of these incidents depended upon the word of God and did the apparently foolish thing, thereby demonstrating its wisdom, and his power.

Faith is revealed also as the power to wait and to persist. Faith is cooperation with God in the accomplishment of his purposes.

ROYALTIES' TIPS AR LARGE

Crowned Heads Expend Large Sums for Gratuities to Those Who Have Served Them.

When a man begins to grumble at the tipping habit in New York, says the Times, he should thank his stars he does not belong to the nobility. The sums paid out by royalty in tipping servants while on a visit would support several families for a year. For instance, the late King Edward's tipping bills ran into the thousands each year. He made it a point that when visiting a friend, even for a few hours, never to leave without bestowing notes among the servants. It is said that when he visited for the week-end he seldom left less than \$1,000 to be distributed as tips.

Who the king went to a shooting party each beater received \$5 and the head keeper \$25 or more, according to the duration of the visit. The Kaiser is said to be the most liberal tipper among royalty of Europe. It is said that every servant in a house which he visits is sure to be remembered. The day before a visit comes to and a secretary hands the chief steward an envelope containing the amount to be distributed, and he makes sure each servant receives his allotted share. Even the employees of the stable are remembered.

Agricultural Fact. Pops excreted by past crops and left blind in the soil depress the growth of succeeding crops of the same kind have been reported, and believe in, by agricultural experts. The theory is disproved by work conducted by the great Rothamsted experimental station in England, and presented in the transactions of the Royal Society of London by Alfred D. Hall, F. R. S., and his assistants, Winifred E. Pebley and Lillian Marion Underwood. Their research yielded "no evidence of the existence in soils on which particular plant had been grown for sixty years and upward of soluble 'toxin' having a depressing effect upon the growth of that plant."

This Is Vital to Every Owner

OF A Maxwell-Briscoe Motor Car

Made at Tarrytown, N. Y. and New Castle, Ind., 1905 to 1913

Also to all Owners of Stoddard-Dayton, 1905 to 1914; Columbia Gasoline and Electric, 1906 to 1914; Everitt Cars of Any Model; Brush, Sampson and Courier Cars

THERE ARE THREE GOOD REASONS why you should have your car overhauled now and worn parts replaced.

FIRST: The garage man can give you better service—and you can spare the car better now than later. No matter whether you are going to keep the car, or sell or trade it in on a new one—it will pay you well to have it thoroughly overhauled, worn parts replaced by new ones and body repainted.

SECOND: We are able to furnish replacement parts for all models of above makes of cars within 48 hours from receipt of order. Have concentrated this branch of the business at Newcastle, Ind. (center of population of the U. S.) Here we have a \$1,750,000 investment in plant and stock. 45,000 separate bins of parts.

THIRD: And perhaps the best reason why you should secure your requirements now—we must increase prices 20% January 1st, when the new parts price lists will be off the presses.

NOW NOTE THIS—Never before in the history of this industry has a new concern, having bought the plants and assets of a bankrupt one, taken upon itself the obligation of furnishing replacement parts for the cars it never made.

THE MAXWELL MOTOR COMPANY DID. We considered it good business, even if not a moral or legal obligation. WE FOUND 122,000 owners out in the cold, as it were—pleading for parts. Their cars laid up and useless in most cases.

WE'VE INVESTED about one and three-quarters millions (\$1,750,000) dollars in a plant and stock of parts, for over 150 different models, made by the concerns that comprised the United States Motor Company, whose assets we purchased from the Receiver thru the U. S. Courts.

WE TOOK THE NAME MAXWELL solely for the protection of 60,000 persons who had bought cars under that name.

HAD WE CHOSEN ANOTHER NAME those 60,000 cars would have had almost no value in the second-hand market. As it is, they have a definite value. And by the replacement of the worn parts your car will be good for a long time to come.

ANY RECOGNIZED DEALER or repair man—whether he handles the present Maxwell line or not—can procure these parts for you. Or you can order direct. Shipment will be made within 24 to 48 hours after receipt of the order at Newcastle.
