A Really Clean Refrigerator

The Celebrated "Ranney Refrigerator"

Is a Really Clean refrigerator

The Porcelain lining in the Cabinet style is moulded of one solid piece of Porcelain.

You use porcelain dishes, washstands, bathtubs and kitchen utensils--why not a porcelain-lined refrigerator.

Perfect circulation of dry cold air saves ice bills and food waste

We purchased two solid cars this season, which guarantees you just the kind and size wanted, and a price lower than you could possibly obtain elsewhere. This large purchase enables us to maintain the same prices we have made for the past four years, notwithstanding the fact, that all the factories have advanced their prices over 25 per cent.

This is one of the many advantages of buying from us.

A solid car of chain and lawn swings just received. Our No. 1 swing is made of solid oak, full bolt construction, has best quality souldered link galvanized chains, very heavy hooks, and is nicely finished the new brown Fumed finish.

A LIFE SAVING BRICK

WHAT A VETERINARIAN SAYS

I have been selling Blackman's Medicated Salt Brick for a year and can highly recommend it as being the best preparation for worm and a stock tonic that I have ever found. One horse in my barn recently passed two stomach worms ten inches long after being given your Medicated Salt Brick. D. O. MERTON, V. S. Metropolis, July 1, 1916.

INSIDE FACTS ABOUT HOGS

are that 90% of them are infested with worms and the owners never suspect it until they show signs of sickness or when butchered, clusters of small white worms are found about the kidneys and bolts on the livers. Why not prevent or cure this? DR. BLACKMAN'S MEDICATED SALT BRICK is guaranteed to do that. Others have proven it. George B. Wiemer, of San Jose, Ill., wrote us on Oct. 15, '15, that two of his customers cured their hogs with our remedy in six or seven days after several of the herd had died, and another merchant, Mr. W. T. Dodds, of Downs, Ill., wrote us on Nov. 11, '15, that a number of his customers had kept their hogs healthy by the use of our remedy, while other hogs were dying all around them. Why not try it? It not only rids hogs of worms, but they take on fat more rapidly and when butchered, their meat will be clean, tasty and nutritious, possessing a rich and natural flavor that can come only with healthy, properly-fed and well-conditioned hogs.
